France Lashes Russian Terms For Arms Cut

Plan Would Give Reds Army Double That Of Any Other

LONDON, March 25 —UP— France Friday night accused Russia of loading a new Soviet disarmament plan with an "unacceptable joker," which would give Russia an armed force twice as large as that of any western power.

The United States joined France and Britain in an angry denunciation of Moscow on the further grounds that Russia deliberately violated secrecy agreements, imperiling the London disarmament conference.

Jules Moch, French chief delegate to the London disarmament conference told newsmen the Russian arms proposal would give the Soviets a 3.5 million-man armed force, even after the arms cuts, under a formula that would hold the western powers to ceilings of less than half that number.

The United States, for example, would be held in the midst of the international dispute resulting from Russia's disclosure Thursday that she had put forward a new disarmament plan. All the London negotiations were supposed to be kept secret, by agreement of the four powers concerned.

The crisis resulting from the Soviet violation of secrecy was the worst in months of patient East-West disarmament negotiations.

Soviet chief delegate Andrei Gromyko Thursday night broke the secrecy pledge and gave the world what the West considered a distorted view of the Soviet position in the London disarmament talks.

France was the first of the western powers to retaliate and make public her version of the proposals that were made in supposed secrecy.

Moch said the West had proposed that the United States, China and Russia each accept a ceiling of between one million and 1.5 million men. France, he said, would settle for 650,000 and it was believed Britain would have had a ceiling of roughly 800,000 under the western plan.

Backers Of Kohn To Stage Protest Of Jail Sentence

NEW ORLEANS, March 25 (AP) — Angry supporters of Aaron M. Kohn will stage a mass protest Monday outside the court that sent the crime investigator to jail.

But Kohn, sitting in the parish prison for the second day, was calmer about his conviction for refusing to name informants. He probed jail conditions.

"During my 10 days I will be looking around in the prison. There is much work I can do for the crime commission," said Kohn.

Judge J. Bernard Cocke sentenced Kohn for contempt of the grand jury. He refused to name the people who gave information during his investigation of New Orleans police.

Kohn's stand was supported today by the man who will investigate city police next week. Guy Bannister, third-ranking police department officer, said Kohn had improved his position as an investigator.

"Mr. Kohn is in a position now to receive information regarding all types of crimes and criminals because people will know he can be trusted to guard their identities to the fullest," said Bannister.

Bannister added anyone who gave him information would be protected.

Peress Hearings Ended By Senate; FBI Enters Scene

WASHINGTON, March 25 (AP) — Senate investigators voted today to close their books now on the Irving Peress case and let the Justice Department determine whether anybody should be prosecuted for perjury.

The Senate Investigations subcommittee also recommended that the Justice Department "further pursue" the question whether Peress violated the law.

DEVELOP HEART SURGERY TECHNIQUE—Drs. E. B. Brown, Jr., (left) and Gilbert S. Campbell, are shown as they revealed to newsmen Thursday night their development in heart surgery, in which lungs removed from a dog were used to purify blood of a 13-year-old Arkansas boy, while surgeons repaired the boy's accident-damaged heart. Drs. Brown and Campbell together with Dr. Norman Crisp, Jr., not present, developed the technique which does away with the need of a human donor.

Benson And House Group Exchange Heated Words On Agriculture Policies

WASHINGTON, March 25 (AP) — Secretary of Agriculture Benson and the House Appropriations Committee belabored each other with verbal hoe handles today.

The committee, in passing on Benson's budget requests, said some of his policies were negligent, irresponsible and political. It accused him of foot-dragging in offering surplus stocks to foreign buyers and said administration production control programs were forcing farmers off the land.

In reply, Benson said it is time to "stop manipulating the farm program to promote partisan political purposes." He called the committee's report "political propaganda."

The report, recommending \$878,625,391 in cash and 338 million dollars in lending authority for the Agriculture Department's fiscal year starting July 1, was drafted by a subcommittee headed by Rep. Whitten (D-Miss.) and composed of four Democrats and three Republicans. The full committee is composed of 50 members—30 Democrats and 20 Republicans.

There was no record vote to indicate how many of the committee agreed with the blast against Benson. The procedure is for a subcommittee to submit a report to the full committee, which tacitly approves the report when it okays the funds recommended by the subcommittee.

Mercury Topples 40 Degrees, Gusts Hit 46-Mile Clip

A cold front that invaded the northeast Louisiana area at approximately 4:30 p.m. yesterday had already toppled the mercury 40 degrees from the day's high and had unleashed winds with gusts up to 46 miles an hour at 9:30 last night, the CAA weather station at Selman field revealed.

At about 8 p.m. a mighty gust blew a limb from a tree into the path of an automobile operated by Mrs. Elizabeth Fernandez, 301 Dixie, Monroe, as she was nearing the Catalpa-Layton intersection. The car struck the falling limb, causing the driver to get the automobile checked at a nearby service station, but no serious damage resulted.

A blustery minimum temperature of 43 degrees was reported by the local CAA station at 9:30 last night, marking a fall of 40 degrees from the day's high of 83. The mercury, still apparently on its way down, fell seven degrees between 8:30 and 9:30.

The Selman field station predicted continued cold, gusty weather with no precipitation for today. Mostly cloudy and much colder in Louisiana and Mississippi today is forecast by government observers. Partly cloudy and rather cold is seen for Sunday, fresh to locally strong northerly winds on the coast Saturday night.

Cloudy and cold today and Sunday and slightly warmer Sunday afternoon is forecast for Arkansas.

Ten Per Cent Postal Pay Hike Passes Senate

Committee Head Predicts Override If Ike Uses Veto

WASHINGTON, March 25 —UP— The Senate overwhelmingly approved a 10 per cent pay raise for more than 1.5 million postal and civil service workers Friday despite stern new warnings of a presidential veto.

The raises, contained in two separate bills, were sent to the House where there is strong sentiment for bigger pay hikes than the administration wants. The increases also would go to congressional employees.

The postal pay bill was passed by a 72 to 21 roll call vote. This was 10 more votes than the two-thirds that would be necessary to override a veto.

However, an administration-backed plan calling for a 7.6 per cent hike was turned down by the much smaller margin of 52 to 41. This would be 10 votes too few to override a veto.

The second bill, providing 10 per cent raises for Civil Service employees of the government, was passed by voice vote after administration forces gave up the fight to hold down the figure.

Senate Republican Leader William F. Knowland of California made his big fight on the postal bill, which came up first.

He said he feels sure a 10 per cent raise will "not become law." He doubted "very much" a veto could be overridden.

But Sen. A. S. Mike Monroney (D-Okla.) demanded to know whether the Senate planned to "legislate or be dictated to by the postmaster general." He said the Senate should "stand on its feet" and vote the raise.

Sen. Olin D. Johnston (D-S.C.), chairman of the Senate Civil Service and Post Office committee, has predicted the Senate would pass the 10 per cent bill over a presidential veto.

President Eisenhower has not said flatly he would veto 10 per cent raises. But he has said he would view with "gravest concern" any raises above the 7.6 per cent level.

The Senate postal bill would give a raise of \$400 or 10 per cent, whichever is larger, to 500,000 postal employees at an estimated yearly cost to taxpayers of \$220 million.

It also would increase allowances for senators' office staffs. Senators now are allowed from \$42,000 to \$57,000 each for their office staffs each year, depending on the population of their states. The new provision would fix a range of \$48,000 to \$84,000.

Both Diem and his powerful opponents already had mustered their troops in and around the capital. Soon after midnight, Saigon resembled a beleaguered city.

French tanks and armored cars lumbered through the empty streets just as in the darker days of the Indo-China war.

The French high command ordered into force long-prepared emergency measures in spite of an apparently conciliatory promise from both sides to seek settlement of their dispute by negotiations rather than by force of arms.

Seven leaders of the opposition Hoa Hao, Binh Xuyen and Cao Dai sects met briefly with the premier at the heavily guarded palace shortly before the midnight deadline set in the sects' ultimatum expired. They said a further attempt at conciliation would be made.

Two Men Killed As Truck Smashes Bridge Abutment

BOONEVILLE, Miss., March 25 (AP) —A two-ton truck slammed off a highway and into a bridge abutment near here today, killing its two occupants.

State highway patrolman James Boren identified the dead as: Willie Tompkins, 20, driver, employee of the Polar Ice Cream Co., Pensacola, Fla.

Army Cpl. John W. Gibson, 24, stationed at Fort Campbell, Ky., and en route to Fulton, Miss.

Boren said the driver apparently fell asleep at the wheel and the truck, traveling along the shoulder of the road, crashed into a steel guard rail and then the abutment. It caught fire after turning over on its side.

The patrolman said both occupants apparently were killed on impact.

The bodies were brought to the Booneville Funeral Home.

\$18 Million Deficit In State Funds Predicted

Snowstorms, Bitter Cold Make Mockery Of Spring; Mississippi Flood 'Worse'

By UNITED PRESS

Near-blizzard snows and cold swept across the Great Plains Friday while floods grew worse in the South.

About 1,200 persons were homeless in Mississippi as the Tombigbee River flooded an area 15 miles wide and 75 miles long, and another 1,200 were threatened.

A new flood crest was roaring downstream on the Tombigbee and civil defense officials warned that the "worst is yet to come" in the hard-hit area of Columbus, Miss.

The flood was the worst on the Tombigbee in 50 years but failed to halt the traditional spring pilgrimages to ante-bellum homes in Columbus. Officials pleaded unsuccessfully for tourists to stay out of the city.

Meanwhile four persons were feared drowned in a boating accident on the rain-swollen Tennessee River near Camden, Tenn. Their boat was carried by the swift current into a bridge pier.

At Dyersburg, Tenn., a small levee along the Mississippi River began caving in, threatening thousands of acres of farmland with flood. Army Engineers rushed 10,000 sandbags to the spot and asked for convict labor to help hold the levee.

The snow and zero cold mocked spring as it moved out of Colorado and Wyoming across the Plains and into the Midwest.

At Omaha, Neb., one of the worst traffic jams of the year developed in the snow because the street department had converted most of its plows and cinder trucks to spring uses.

Colorado reported blizzard conditions in some mountain passes and a snowfall of nearly eight inches at Denver.

Blizzard conditions also hit western Kansas and Nebraska with snow driven by a 40-mile-an-hour wind and temperatures falling to zero. Eastern Nebraska was buried under a five-inch snow blanket.

The snow packed highways in Iowa. The snow also penetrated parts of South Dakota and Minnesota and moved as far east as Chicago.

Forecasters issued cold wave warnings in the path of the storm as far south as northeastern New Mexico, Oklahoma and West Texas.

Below-freezing weather also was forecast for flood zones of northern Mississippi and West Tennessee. The threatening flood victims with new suffering.

But a union official said the charges were "diversionary moves made in an effort to turn public attention away from the fact that the company provoked this strike by rejecting arbitration."

And at Baton Rouge, La., a local official of the Communications Workers of America (CWA), whose members are striking against Southern Bell, said Louisiana State University was offering a course in strike breaking. James L. McHaffey, president of local 3403 of the CWA, also accused LSU students of working as strikebreakers.

LSU President Troy Middleton replied the university is not responsible for the students' participation.

The company is now in its 12th day of a strike by union employees over issues including wages, working conditions and company insistence of a no-strike clause in any new contract.

A company statement in Atlanta said "apparently at least two crews of vandals were involved" in damage last night to five long distance cables between Atlanta and other principal southeastern cities. "The damage affected service on about 1,000 toll circuits."

The company said two cables (Continued On Second Page)

Pat Meehan, 511 Louisville avenue, had a wonderful day Thursday for it was his birthday, and his bedside was thronged by well-wishers. His mother arranged an open house for he day, and the invitation to visit was accepted by many friends.

Pat is a most unusual man, for he has been blind since birth, but he has been for many years, he keeps tab on the world and is an energetic business man. He uses the phone at his bedside to take magazine subscriptions.

When there is a football game or important lecture, one may expect to see Pat rolled in on a stretcher provided by some local mortician, who is eager to do anything possible to assist.

On his birthday he declined to tell his age but placed it at 19 plus. His friends wished for him many more happy birthdays.

The Yukon Territory, site of the (Continued On Second Page)

Negotiators Fail To Reach Accord

WASHINGTON, March 25 (AP) — Negotiators failed again today to reach any settlement of a strike on the Louisville & Nashville Railroad but there were some signs of progress.

Meeting separately with representatives of management and unions, Chairman Francis A. O'Neill Jr., of the National Mediation Board, made several suggestions, looking toward settlement of the dispute.

Nonoperating employees of the railroad have been on strike since March 14. Operating employees have not been crossing picket lines.

HOLLYWOOD READY—ING FOR OSCAR TIME—Donna Reed, who last year won an Academy Award Oscar as the best supporting actress of the year, looks over this year's supply of the gold plated statuettes, ready for presentation next Wednesday night.

The actress, as a previous year's winner, will make one of the presentations in this year's ceremony. Fifty-two Oscars have been prepared, but the number actually presented may vary.

Kenyon said "all this tideland money everybody has been talking about has been spent or committed."

Rester said Kenyon had seen this estimate before he made the remark.

Some 634 million dollars has been collected by the state in bonuses and rentals from mineral leases, mostly offshore.

Rester estimated another 10 million would be taken in before June 30. Slightly more than 17 million dollars is expected for the general fund from oil and gas royalties.

"After revising all revenue estimates for 1954-55 and considering the appropriation to the Department of Highways for 30 million dollars (by the January special session), Revenues are estimated to exceed operating requirements for that year by \$22,869,831," the statement said.

The bonuses estimated for next year are about half this year's total, 38 1/2 million.

However, Army Engineers were to meet tonight with an explosives expert and the mayors of the villages of Lewistown and Youngstown, N. Y., to discuss what action they might take. A spokesman for the engineers said that the officials might consider bombing the jam threatening flood victims with new suffering.

Officials of Lewistown and Youngstown pleaded earlier today for help from any source. But, while residents prayed for a rise in temperature that might uncork the river at its mouth, they feared that too rapid a thaw might create a tremendous flood.

The ice mass rose 40 and 50 feet above the river level in some places as it ground along a six-mile stretch from Lewistown to Youngstown, at the mouth of Lake Ontario.

The river level was 38 feet above normal at Lewistown, Army Engineers reported.

River front homes, both summer cottages and year-round dwellings were swallowed up by the mass of (Continued On Second Page)

Texas Senator Breaks Filibuster Record At Austin

AUSTIN, March 25—UP— State Sen. Jimmy Phillips broke the national filibustering record Friday with a 23-hour-and-45-minute argument for a "measly \$2 million" appropriation for a hospital on the Texas coast.

His knees sagged his eyes were glazed and his voice sounded as if he were sandpapering the top of his desk when, at 9:15 a. m., he passed the old record of 22 hours and 26 minutes set by U. S. Sen. Wayne Morse (D-Ore.) last April 25.

But Phillips went on for another hour and nine minutes. His argument for the "measly \$2 million" was as vain as the argument of Morse for the federal government to retain title to the oil-rich tidelands.

The Senate passed, by voice vote, a \$1,553,000,000 appropriations bill for 1956-57 that did not include an additional appropriation for the hospital — John Sealy Hospital of the University of Texas Medical School at Galveston.

Authorities Fear Belgian Violence

BRUSSELS, Belgium, March 25 (AP) —Police set up roadblocks and patrolled Brussels' streets today. They took steps to cope with any violence stemming from threatened Roman Catholic demonstrations tomorrow against the government's proposed cuts in church school subsidies.

Nine thousand state police were moved into the capital to enforce a government ban on all gatherings of more than five people tomorrow. Group movements by buses, trucks or special trains into Brussels have been prohibited.

Premier Achille Van Acker called on all persons to avoid trouble.

France Lashes Russian Terms For Arms Cut

Plan Would Give Reds Army Double That Of Any Other

LONDON, March 25 —UP — France Friday night accused Russia of loading a new Soviet disarmament plan with an "unacceptable joker," which would give Russia an armed force twice as large as that of any western power.

The United States joined France and Britain in an angry denunciation of Moscow on the further grounds that Russia deliberately violated secrecy agreements, impeding the London disarmament conference.

Jules Moch, French chief delegate to the London disarmament conference told newsmen the Russian arms proposal would give the Soviets a 3.5 million-man armed force, even after the arms cuts, under a formula that would hold the western powers to ceilings of less than half that number.

The United States, for example, would be held in the midst of the international dispute resulting from Russia's disclosure Thursday that she had put forward a new disarmament plan. All the London negotiations were supposed to be kept secret, by agreement of the four powers concerned.

The crisis resulting from the Soviet violation of secrecy was the worst in months of patient East-West disarmament negotiations. Soviet chief delegate Andrei Gromyko Thursday night broke the secrecy pledge and gave the world what the West considered a distorted view of the Soviet position in the London disarmament talks.

France was the first of the western powers to retaliate and make public her version of the proposals that were made in supposed secrecy.

Moch said the West had proposed that the United States, China and Russia each accept a ceiling of between one million and 1.5 million men. France, he said, would settle for 650,000 and it was believed Britain would have had a ceiling of roughly 800,000 under the western plan.

Backers Of Kohn To Stage Protest Of Jail Sentence

NEW ORLEANS, March 25 (AP) — Angry supporters of Aaron M. Kohn will stage a mass protest Monday outside the court that sent the crime investigator to jail.

But Kohn, sitting in the parish prison for the second day, was calmer about his conviction for refusing to name informants. He probed jail conditions.

"During my 10 days I will be looking around in the prison. There is much work I can do for the crime commission," said Kohn.

Judge J. Bernard Cocke sentenced Kohn for contempt of the grand jury. He refused to name the people who gave information during his investigation of New Orleans police.

Kohn's stand was supported today by the man who will investigate city police next week. Guy Bannister, third-ranking police department officer, said Kohn has improved his position as an investigator.

"Mr. Kohn is in a position now to receive information regarding all types of crimes and criminals because people will know he can be trusted to guard their identities to the fullest," said Bannister.

Bannister added anyone who gave him information would be protected.

Peress Hearings Ended By Senate; FBI Enters Scene

WASHINGTON, March 25 (AP) — Senate investigators voted today to close their books now on the Irving Peress case and let the Justice Department determine whether anyone should be prosecuted for perjury.

The Senate Investigations subcommittee also recommended that the Justice Department "further pursue" the question whether Peress violated the law.

DEVELOP HEART SURGERY TECHNIQUE—Drs. E. B. Brown, Jr., (left) and Gilbert S. Campbell, are shown as they revealed to newsmen Thursday night their development in heart surgery, in which lungs removed from a dog were used to purify blood of a 13-year-old Arkansas boy, while surgeons repaired the boy's accident-damaged heart. Drs. Brown and Campbell together with Dr. Norman Crisp, Jr., not present, developed the technique which does away with the need of a human donor.

Benson And House Group Exchange Heated Words On Agriculture Policies

WASHINGTON, March 25 (AP) — Secretary of Agriculture Benson and the House Appropriations Committee belabored each other with verbal hoo handles today.

The committee, in passing on Benson's budget requests, said some of his policies were negligent, irresponsible and political. It accused him of foot-dragging in offering surplus stocks to foreign buyers and said administration production control programs were forcing farmers off the land.

In reply, Benson said it is time to "stop manipulating the farm program to promote partisan political purposes." He called the committee's report "political propaganda."

The report, recommending \$378,625,391 in cash and 388 million dollars in lending authority for the Agriculture Department's fiscal year starting July 1, was drafted by a subcommittee headed by Rep. Whitten (D-Miss.) and composed of four Democrats and three Republicans. The full committee is composed of 50 members—30 Democrats and 20 Republicans.

There was no record vote to indicate how many of the committee agreed with the blast against Benson. The procedure is for a subcommittee to submit a report to the full committee, which tacitly approves the report when it okays the funds recommended by the subcommittee.

Mercury Topples 40 Degrees, Gusts Hit 46-Mile Clip

A cold front that invaded the northeast Louisiana area at approximately 4:30 p.m. yesterday had already toppled the mercury 40 degrees from the day's high and had unleashed winds with gusts up to 46 miles an hour at 9:30 last night, the CAA weather station at Selman field revealed.

At about 8 p.m. a mighty gust blew a limb from a tree into the path of an automobile operated by Mrs. Elizabeth Fernandez, 301 Dixie, Monroe, as she was nearing the Catafalpa-Layton intersection. The car struck the falling limb, causing the driver to get the automobile checked at a nearby service station, but no serious damage resulted.

A blustery minimum temperature of 43 degrees was reported by the local CAA station at 9:30 last night, marking a fall of 40 degrees from the day's high of 83. The mercury, still apparently on its way down, fell seven degrees between 8:30 and 9:30.

The Selman field station predicted continued cold, gusty weather with no precipitation for today. Mostly cloudy and much colder in Louisiana and Mississippi today is forecast by government observers. Partly cloudy and rather cold is seen for Sunday, fresh to locally strong northerly winds on the coast Saturday night.

Cloudy and cold today and Sunday and slightly warmer Sunday afternoon is forecast for Arkansas.

Ten Per Cent Postal Pay Hike Passes Senate

Committee Head Predicts Override If Ike Uses Veto

WASHINGTON, March 25 —UP — The Senate overwhelmingly approved a 10 per cent pay raise for more than 1.5 million postal and civil service workers Friday despite stern new warnings of a presidential veto.

The raises, contained in two separate bills, were sent to the House where there is strong sentiment for bigger pay hikes than the administration wants. The increases also would go to congressional employees.

The postal pay bill was passed by a 72 to 21 roll call vote. This was 10 more votes than the two-thirds that would be necessary to override a veto.

However, an administration-backed plan calling for a 7.6 per cent hike was turned down by the much smaller margin of 52 to 41. This would be 10 votes too few to override a veto.

The second bill, providing 10 per cent raises for Civil Service employees of the government, was passed by voice vote after administration forces gave up the fight to hold down the figure.

Senate Republican Leader William F. Knowland of California made his big fight on the postal bill, which came up first.

He said he feels sure a 10 per cent raise will "not become law." He doubted "very much" a veto could be overridden.

But Sen. A. S. Mike Monroney (D-Okla.) demanded to know whether the Senate planned to "legislate or be dictated to by the postmaster general." He said the Senate should "stand on its feet" and vote the raise it wants.

Sen. Olin D. Johnston (D-S.C.), chairman of the Senate Civil Service and Post Office committee, has predicted the Senate would pass the 10 per cent bill over a presidential veto.

President Eisenhower has not said flatly he would veto 10 per cent raises. But he has said he would view with "grave concern" any raises above the 7.6 per cent level.

The Senate postal bill would give a raise of \$400 or 10 per cent, whichever is larger, to 500,000 postal employees at an estimated yearly cost to taxpayers of \$220 million.

It also would increase allowances for senators' office staffs. Senators now are allowed from \$42,000 to \$57,000 each for their office staffs each year, depending on the population of their states. The new provision would fix a range of \$48,000 to \$84,000.

Both Diem and his powerful opponents already had mustered their troops in and around the capital. Soon after midnight, Saigon resembled a beleaguered city.

French tanks and armored cars lumbered through the empty streets just as in the darker days of the Indo-China war.

The French high command ordered into force long-prepared emergency measures in spite of an apparently conciliatory promise from both sides to seek settlement of their dispute by negotiations rather than by force of arms.

Seven leaders of the opposition Hoa Hao, Binh Xuyen and Cao Dai sects met briefly with the premier at the heavily guarded palace shortly before the midnight deadline set in the sects' ultimatum expired. They said a further attempt at conciliation would be made.

An extra work day in the 11th week signaled victory for supporters of the program to equalize Negro and white schools who fought to pass the tax raising bill.

The Senate defeated the surtax yesterday. It is a 14 per cent boost in eight separate taxes hitting business and industry. But senators trying to pass it had the strength to force the Senate to meet again today, instead of making the usual trip home on Thursday.

The winning vote was 27-12. Surtax sponsors failed by one vote to pass it yesterday. It required a three-fifths majority.

BOONEVILLE, Miss., March 25 (AP) — A two-ton truck slammed off a highway and into a bridge abutment near here today, killing its two occupants.

State highway patrolman James Boren identified the dead as: Willie Tompkins, 20, driver, employee of the Polar Ice Cream Co., Pensacola, Fla.

Army Cpl. John W. Gibson, 24, stationed at Fort Campbell, Ky., and en route to Fulton, Miss.

Boren said the driver apparently fell asleep at the wheel and the truck, traveling along the shoulder of the road, crashed into a steel guard rail and then the abutment. It caught fire after turning over on its side.

The patrolman said both occupants apparently were killed on impact.

The bodies were brought to the Booneville Funeral Home.

\$18 Million Deficit In State Funds Predicted

Snowstorms, Bitter Cold Make Mockery Of Spring; Mississippi Flood 'Worse'

By UNITED PRESS

Near-blizzard snows and cold swept across the Great Plains Friday while floods grew worse in the South.

About 1,200 persons were homeless in Mississippi as the Tombigbee River flooded an area 15 miles wide and 75 miles long, and another 1,200 were threatened.

A new flood crest was roaring downstream on the Tombigbee and civil defense officials warned that the "worst is yet to come" in the hard-hit area of Columbus, Miss.

The flood was the worst on the Tombigbee in 50 years but failed to halt the traditional spring pilgrimages to ante-bellum homes in Columbus. Officials pleaded unsuccessfully for tourists to stay out of the city.

Meanwhile four persons were feared drowned in a boating accident on the rain-swollen Tennessee River near Camden, Tenn. Their boat was carried by the swift current into a bridge pier.

At Dyersburg, Tenn., a small levee along the Mississippi River began caving in, threatening thousands of acres of farmland with floods. Army Engineers rushed 10,000 sandbags to the spot and asked for convict labor to help hold the levee.

The snow and zero cold mocked spring as it moved out of Colorado and Wyoming across the Plains and into the Midwest.

At Omaha, Neb., one of the worst traffic jams of the year developed in the snow because the street department had converted most of its plows and cinder trucks to spring uses.

Colorado reported blizzard conditions in some mountain passes and a snowfall of nearly eight inches at Denver.

Blizzard conditions also hit western Kansas and Nebraska with snow driven by a 40-mile-an-hour wind and temperatures falling to zero. Eastern Nebraska was buried under a five-inch snow blanket.

The snow packed highways in Iowa. The snow also penetrated parts of South Dakota and Minnesota and moved as far east as Chicago.

Forecasters issued cold wave warnings in the path of the storm as far south as northeastern New Mexico, Oklahoma and West Texas.

Below-freezing weather also was forecast for flood zones of northern Mississippi and West Tennessee, threatening flood victims with new suffering.

But a union official said the charges were "diversionary moves made in an effort to turn public attention away from the fact that the company provoked this strike by rejecting arbitration."

And at Baton Rouge, La., a local official of the Communications Workers of America (CWA), whose members are striking against Southern Bell, said Louisiana State University was offering a course in strike breaking, James L. McHaffey, president of local 3403 of the CWA, also accused LSU students of working as strikebreakers.

LSU President Troy Middleton replied the university is not responsible for the students' participation. The company is now in its 12th day of a strike by union employees over issues including wages, working conditions and company insistence of a no-strike clause in any new contract.

A company statement in Atlanta said "apparently at least two crews of vandals were involved" in damage last night to five long distance cables between Atlanta and other principal southeastern cities. The damage affected service on about 1,000 toll circuits.

The company said two cables (Continued On Second Page)

The Crossword Puzzle Gotcha Guessing? So—You Thought It Was Easy!

Despite the fact that more than 9,000 readers of the Morning World sent in their solutions to the third crossword puzzle, not one got the correct answer.

Now this week's cash is added to next week's puzzle! Read the rules about how the puzzle should have been worked on Page 9 in today's paper. So try again next week! The puzzle will appear Monday and Tuesday in the Morning World.

Answer to Puzzle No. 3 Will Be Found On Page 9 Today!

HOLLYWOOD READY FOR OSCAR TIME—

Donna Reed, who last year won an Academy Award Oscar as the best supporting actress of the year, looks over this year's supply of the gold plated statuettes, ready for presentation next Wednesday night.

The actress, as a previous year's winner, will make one of the presentations in this year's ceremony. Fifty-two Oscars have been prepared, but the number actually presented may vary.

He showed reporters a copy of a revised estimate, as of March 1, of the condition of the state general fund on June 30, 1955, end of the current fiscal year.

Gov. Robert Kennon said Monday he saw little chance the May Legislature would find the 25 million dollar appropriations asked to start long range highway and school construction programs recommended by legislative committees.

Kennon said "all this tideland money everybody has been talking about has been spent or committed."

Rester said Kennon had seen this estimate before he made the remark.

Some 63 1/2 million dollars has been collected by the state in bonuses and rentals from mineral leases, mostly offshore.

Rester estimated another 10 million would be taken in before June 30. Slightly more than 17 million dollars is expected for the general fund from oil and gas royalties.

"After revising all revenue estimates for 1954-55 and considering the appropriation to the Department of Highways for 30 million dollars (by the January special session), Revenues are estimated to exceed operating requirements for that year by \$22,969,831," the statement said.

The bonuses estimated for next year are about half this year's total, 38 1/2 million.

"We don't know how much we're going to get," explained Rester, "and it would be dangerous to hike it up to what we got this year."

(Continued On Second Page)

However, Army Engineers were to meet tonight with an explosives expert and the mayors of the villages of Lewistown and Youngstown, N. Y., to discuss what action they might take. A spokesman for the engineers said that the officials might consider bombing the jam from the air, or placing dynamite charges by hand or from helicopters.

Officials of Lewistown and Youngstown pleaded earlier today for help from any source. But, while residents prayed for a rise in temperature that might uncork the river at its mouth, they feared that too rapid a thaw might create a tremendous flood.

The ice mass rose 40 and 50 feet above the river level in some places as it ground along a six-mile stretch from Lewistown to Youngstown, at the mouth of Lake Ontario.

The river level was 38 feet above normal at Lewistown, Army Engineers reported.

River front homes, both summer cottages and year-round dwellings were swallowed up by the mass of (Continued On Second Page)

Texas Senator Breaks Filibuster Record At Austin

AUSTIN, March 25 —UP — State Sen. Jimmy Phillips broke the national filibustering record Friday with a 23-hour-and-35-minute argument for a "measly \$2 million" appropriation for a hospital on the Texas coast.

His knees sagged his eyes were glazed and his voice sounded as if he were sandpapering the top of his desk when, at 9:15 a. m., he passed the old record of 22 hours and 26 minutes set by U. S. Sen. Wayne Morse (D-Ore.) last April 25.

But Phillips went on for another hour and nine minutes. His argument for the "measly \$2 million" was as vain as the argument of Morse for the federal government to retain title to the oil-rich tidelands.

The Senate passed, by voice vote, a \$1,553,000,000 appropriations bill for 1956-57 that did not include an additional appropriation for the hospital — John Sealy Hospital of the University of Texas Medical School at Galveston.

No Money For Roads, School Plans In Sight

Budget Director Takes Dim View Of Pledging Oil Funds

BATON ROUGE, March 25 (AP) — State budget director Harvey Rester today predicted an operating deficit of almost 18 million dollars for the fiscal year 1955-56 and took a dim view of pledging off-shore oil revenues for either highways or schools.

He showed reporters a copy of a revised estimate, as of March 1, of the condition of the state general fund on June 30, 1955, end of the current fiscal year.

Gov. Robert Kennon said Monday he saw little chance the May Legislature would find the 25 million dollar appropriations asked to start long range highway and school construction programs recommended by legislative committees.

Kennon said "all this tideland money everybody has been talking about has been spent or committed."

Rester said Kennon had seen this estimate before he made the remark.

Some 63 1/2 million dollars has been collected by the state in bonuses and rentals from mineral leases, mostly offshore.

Rester estimated another 10 million would be taken in before June 30. Slightly more than 17 million dollars is expected for the general fund from oil and gas royalties.

"After revising all revenue estimates for 1954-55 and considering the appropriation to the Department of Highways for 30 million dollars (by the January special session), Revenues are estimated to exceed operating requirements for that year by \$22,969,831," the statement said.

The bonuses estimated for next year are about half this year's total, 38 1/2 million.

"We don't know how much we're going to get," explained Rester, "and it would be dangerous to hike it up to what we got this year."

Guided Missile Undergoes Test At Nevada Site

LAS VEGAS, Nev., March 25 —UP — Another secret defense weapon was partially unveiled Friday when a non-nuclear device was exploded in the stratosphere in what evidently was a successful test of an air-to-air missile that would be tipped with an atomic warhead against an enemy bomber fleet.

The device, classed as "top secret" by the Atomic Energy Commission, was fired from a B-36, the intercontinental atomic bomber, six miles above the Nevada proving range into a gridiron of smoke trails 1,000 feet below at the 30,000-foot level.

Several times in the past, high explosives have been touched off as "weather vanes" to determine whether the wind and weather was satisfactory for scheduled atomic detonations.

Apparently Friday's device was an air-borne anti-aircraft missile of some kind with the high explosive charge—undisclosed as to strength—simulating the blast of nuclear fission amidst an invading air fleet.

Authorities Fear Belgian Violence

BRUSSELS, Belgium, March 25 (AP) — Police set up roadblocks and patrolled Brussels' streets today. They took steps to cope with any violence stemming from threatened Roman Catholic demonstrations tomorrow against the government's proposed cuts in church school subsidies.

Nine thousand state police were moved into the capital to enforce a government ban on all gatherings of more than five people tomorrow. Group movements by buses, trucks or special trains into Brussels have been prohibited.

Premier Achille Van Acker called on all persons to avoid trouble.

River Ice Jam

(Continued From First Page)

Ice and only roofs and chimneys were left showing. Occupants had fled saving what they could.

Damage at Lewiston alone was estimated at more than \$200,000. Ten or more buildings were wrecked there.

Officials were not even guessing what the total damage along both sides of the river would be.

Boat yards at Lewiston and Youngstown were damaged. However, the boats had been moved inland.

The ice began collecting after

Theda Bara In Coma

HOLLYWOOD, March 25—UP—Silent screen star Theda Bara lapsed into a coma at California Lutheran Hospital Friday and doctors feared she may not regain consciousness.

The 64-year-old retired star, who won fame for her vamp roles, has steadily been growing weaker since she entered the hospital Feb. 14 with an abdominal ailment. She now is in an oxygen tent.

Heavy wind storms Tuesday swept Lake Erie ice into the upper river and over the falls.

GUESTS AT D. E. BANQUET—Buddy Wilhite, (center) president of the West Monroe High School Distributive Education Club is pictured with some of the special guests at the club's second annual employee-employer banquet held Thursday night. From left to right: P. B. Mangum, principal of West Monroe High School; M. C. Hall, assistant supt., of schools; Wilhite; Dave Silverstein, president of La. Retailers Assn.; and Jim Williams, secretary of the Monroe-West Monroe Chamber of Commerce. (Staff Photo)

Bell Charges

(Continued From First Page)

were cut about 8:30 p.m. south of Atlanta, the Atlanta-Jackson-Macon wire north of Griffin. At 9:40 p.m., the statement said, the Charleston-Montgomery-west cable was slashed near Palmetto, and at 9:20 p.m., the Charleston-Montgomery-east route was damaged near Conway.

About 10:30 p.m., the company said, about 20 shotgun and rifle shots almost severed the Atlanta-Charlotte cable line 20 miles north of Atlanta. It described the cable as including long distance lines, private lines, radio, telephone, teletypewriter and government service.

"We repeat our earlier assertion that this union neither believes in nor condones vandalism," said the CWA's C. E. Gill, district strike director, in a statement.

"We resent the implication of the company's statement. We would be the last to deny that the move to discredit the union is well-planned and well-coordinated. With thousands of imported strike-breakers in the area, many of them armed, we hardly know what to expect next."

"Since the company cannot . . . justify its position on the issues involved . . . we expect all sorts of diversionary moves made in an effort to turn public attention away from the fact that the company

provoked this strike by rejecting arbitration . . ."

The company said cutting of 84 long distance circuits in Mississippi completely disrupted service to four small communities in central Mississippi. Keith Lumpkin, Mississippi manager of Southern Bell, said the damage at Terry, Miss., halted service to Crystal Springs, Hazlehurst, Brookhaven and Terry.

A 1,200 line cable serving suburbs of Panama City, Fla., was chopped in two, according to Paul Weeks, company manager for the city.

The nine-state strike of about 50,000 Southern Bell employees began March 14.

No Money

(Continued From First Page)

think the best land that had been explored up to that time has been leased.

They don't offer those areas for lease until five or six companies have evidenced interest.

The statement estimated another 18 1/2 million dollar income for the general fund from royalties in 1955-56. But from the total must be deducted the additional 20 million dollars set aside from mineral revenues by the January Legislature for the Highway Department plus 18 1/2 million dedicated to the general fund for the regular expenses of the government.

The surplus in the general fund at the start of the present fiscal year was about 23 1/2 million dollars. Adding to this the surplus for this fiscal year, the budget director expects the state to start the next fiscal year with a total surplus of more than 46 million.

However, he estimates an operating deficit for the next fiscal year of \$17,925,106, which would trim the total to about 28 1/2 million.

Rester said \$8,800,000 of the operating deficit would come from the expected transfer of the public welfare fund to the general fund.

He said this was necessary to keep the welfare reserves up to the required 10 million dollars.

Rester said that revenues for this year were running slightly higher than estimates but were "leveling off."

And he predicted that the normal increase in government expenditures because of the state's growing population would probably hike the deficit "from five to 10 million dollars."

From these figures he concluded, it would be "dangerous" to bond any mineral revenues, adding that the "ordinary operations of the state are tied up in leases, bonuses and royalties."

State Press Assn. Presents Awards To Several Papers

ALEXANDRIA, La., March 25 (Special)—The Louisiana Press Association today awarded the community service plaque to publisher Matt Vernon's Eunice News.

Other winners and newspaper executives who presented the trophies were:

Front page, weeklies — Eunice News, with trophy presented by C. P. Lifer, Baton Rouge State Times Morning Advocate.

Front page, dailies — Bogalusa Daily News, trophy by Marian Lipp, West Gulf Gazette.

News picture, weeklies — Villa Platte Gazette, by New Orleans Advertising layout, weeklies — Jonesboro Jackson Independent, by Joe D. Smith, Alexandria Town Talk.

Advertising layout, dailies — Bogalusa Daily News, by John Gordon, Houma Courier.

Country correspondent — Mrs. Inez Beem, Houma Courier, by Matt Vernon, Louisiana government editorial — Winnboro Franklin Sun, by Edward B. Stage, Eunice News Research Council.

Human interest story — Bayou Daily Enterprise, by Sureport Journal.

Agricultural news coverage — De Ridder Record News, by Arthur Murray, New Orleans States.

Local editorial content — Bayou Statesman, by George W. Healy Jr., New Orleans Times-Picayune.

Regular column — Franklin Banner Tribune, by Monroe News-Star and World.

Rural news coverage — Colfax Chronicle, by Charles Hazen, Sureport Times.

Ward ed column — Houma Courier, by Mrs. Bruce McCoy.

Special edition — Morgan City Review, by Ruth Sheehan, Lake Charles American Press.

Another top honor, which includes a free check, the acceptance award, went to The Franklin Banner-Tribune, published by Robert Angers, for winning the most first, second or third honors in the annual contest.

Jes' Ramblin

(Continued From First Page)

famous Klondike gold rush, is currently experiencing a "gold rush" that promises to rival its fabulous history of six decades ago.

Deeds to a square inch of "gold rush land" in the Yukon, legally drawn up and making the purchaser the rightful owner of this bit of fabulous real estate, are now being made available to the general public.

The land is located near Dawson, where the richest strikes in the entire territory were recorded. Involved are 20,000,000 tracts of land, which are expected to be claimed by youngsters whose only contact with this storied country up to now has been through the verses of "The Shooting of Dan McGrew."

Each deed is meticulously prepared to meet every legal requirement, even to "easements," an arrangement whereby the legal owner of such a parcel of land is permitted to traverse the territory of another to reach his own property.

St. Thomas Episcopal mission, located near the college, was recipient of the money netted in a special German supper served by St. Martha's chapter of Grace Church recently.

With exquisite pains and artistry

the tables were decorated with spring flowers and there were also many German objects of notes also displayed.

Mrs. James Dawson was chairman of the supper and a substantial sum was netted for the new St. Thomas mission.

Ruth Adams informs Jes' Ramblin' of an interesting trip to the zoo at Bernstein park that was made on a city bus and enjoyed by the children of the Cerebral Palsy school, located at Selman field.

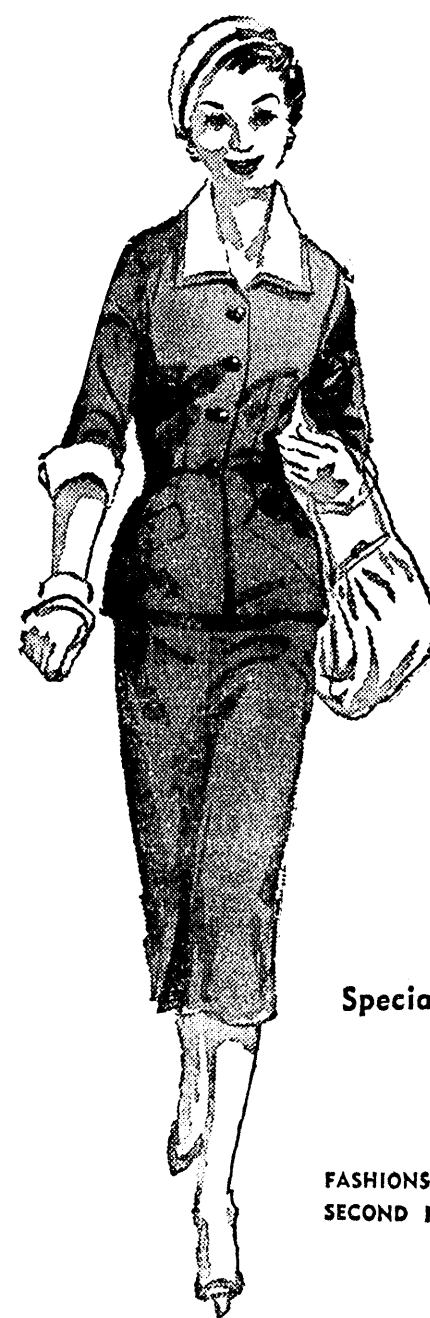

Mothers and staff members from the school accompanied the children. After the party had observed

the animals, they were served cokes and ice cream by the caretakers at the zoo.

Only four days old but already outfitted by nature with six teeth (two lower and four upper)—that is what Marshall Johnston, News-Star-World circulation man, reports he observed when he made a call at the McDonald plantation home of Mr. and Mrs. James Thompson, south of town. The new arrival, who came on March 21, is named Rhonda Christine Thompson. Someone should page Physicians and dentists. They will see a sight that should amaze them!

OLD SKATE
NEW HAVEN, Conn. — UP — Frank Jepson landed in a hospital with a hip injury after he fell while skating in a public rink. He's 82.

Catahoula Lake Yields Body Of 2nd Fisherman

JENA, March 25 (Special) —The body of the second fisherman, who drowned in Catahoula Lake sometime Monday when their boat capsized, was found late Thursday night.

The body of Doc Hudnall, 47, was found about 100 yards from where White Hudnall's body was found early Tuesday.

Funeral services were held Friday morning for Doc Hudnall at the Cross Roads church. Interment, under the direction of Hixon Brothers Funeral Home, was in the Tidwell cemetery.

Services were held Wednesday for White Hudnall, 47. The two men were related and a first cousin, living near the lake, is a commercial fisherman.

Sheriff D. Floyd theorized that the boat overturned due to the choppy water on Catahoula Lake which he said was "rough" at the time of the accident. The sheriff said that it was unusual that the two men, both being reared near Catahoula Lake, would be on the water during the high winds which swept the lake all day Monday.

Bids Opened For Church Addition, Parkview Baptist

Bids were opened for the large masonry addition to the Parkview Baptist church, late Thursday afternoon in the office of the church on Forsythe Avenue. The low bidder was Ira Cagle whose figures were \$49,475, and 200 days were required for the construction.

Other bids were: W. C. Salley, \$49,863, 180 days required for building; Harry E. Carpenter, \$50,427 and H. W. Chapman, \$53,567 and 250 days asked as construction time.

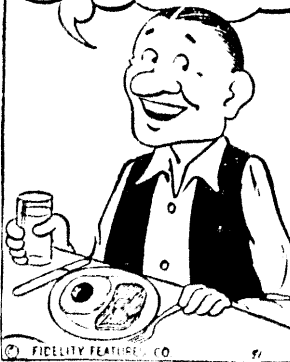

Bids were taken under advisement.

Plans had been prepared by Architect Allen T. Turpin, of Monroe.

Use bottles with screw-on medicine droppers for flavoring extracts, fruit coloring, or any other liquid you want to use in small quantities.

READ OF SCHEDULE CHANGES IN LOCAL PAPERS—Archie D. Yawn, Southern Airways regional sales manager, is shown as he reads the news release of his company's new schedules in the Monroe area. Yawn is surrounded by four of the stewardesses, who will be working through Monroe when the new flights go into effect April 1. Clockwise the stewardesses are Sue Trentham, Edna Wells, Joan B. Phillips and Jo Anne Phillips. (Southern photo.)

Catahoula Lake Yields Body Of 2nd Fisherman

JENA, March 25 (Special) —The body of the second fisherman, who drowned in Catahoula Lake sometime Monday when their boat capsized, was found late Thursday night.

The body of Doc Hudnall, 47, was found about 100 yards from where White Hudnall's body was found early Tuesday.

Funeral services were held Friday morning for Doc Hudnall at the Cross Roads church. Interment, under the direction of Hixon Brothers Funeral Home, was in the Tidwell cemetery.

Services were held Wednesday for White Hudnall, 47. The two men were related and a first cousin, living near the lake, is a commercial fisherman.

Sheriff D. Floyd theorized that the boat overturned due to the choppy water on Catahoula Lake which he said was "rough" at the time of the accident. The sheriff said that it was unusual that the two men, both being reared near Catahoula Lake, would be on the water during the high winds which swept the lake all day Monday.

Bids Opened For Church Addition, Parkview Baptist

Bids were opened for the large masonry addition to the Parkview Baptist church, late Thursday afternoon in the office of the church on Forsythe Avenue. The low bidder was Ira Cagle whose figures were \$49,475, and 200 days were required for the construction.

Other bids were: W. C. Salley, \$49,863, 180 days required for building; Harry E. Carpenter, \$50,427 and H. W. Chapman, \$53,567 and 250 days asked as construction time.

Bids were taken under advisement.

Plans had been prepared by Architect Allen T. Turpin, of Monroe.

Use bottles with screw-on medicine droppers for flavoring extracts, fruit coloring, or any other liquid you want to use in small quantities.

Attend The Follies Tonight

The Junior Charity League Follies to be held in Neville High School tonight will provide some very lively entertainment, in a very worthy cause. All money from the show will be donated to the proposed rehabilitation center in Monroe for crippled children and adults. The center, if constructed, will benefit the entire Fifth Congressional District, forming a badly needed addition to the health facilities of Monroe and its twin city.

A good show, by local talent, is worth seeing; a cause such as this clinic project is worth supporting. Why not attend the Follies tonight? Tickets can be purchased at the door.

The Junior Charity League is celebrating its 25th, or silver, anniversary this year. It is an organization of young women dedicated to charitable and welfare projects, and a minimum of 75 hours' service is required of each member annually. The League, founded in the depression year of 1930, has grown in size and influence, and its program of service to the community and district has grown accordingly.

The League's activities are devoted primarily to children's projects, and to financial undertakings that make these possible. It donates more than \$2,400 annually to buy approximately 10,000 quarts of milk for children. Its members provide about 200 hours of service each year at the Crippled Children's Clinic, and some \$600 is donated for medicines needed by the youngsters attending the clinic. The League sponsors Treat Day annually at Charity Hospital, a day eagerly looked forward to by the patients; and gives useful articles, at a cost of several hundred dollars annually. It maintains an emergency fund to provide food and clothing for families that lose their belongings through fire or other disasters.

In addition to these projects which are carried on year after year, the League has sponsored many other worth while undertakings; equipping the children's reading room in the public library at a cost of \$2,000; buying fans for the Crippled Children's Clinic—to mention only two.

This organization has proved to be a real blessing. Its record of unselfish service for a quarter of a century, with emphasis upon the needs of underprivileged children, is so outstanding that the entire community and district share with the League members a feeling of pride in these achievements.

Hamstringing House Investigations

The new "code of fair play" adopted by the House of Representatives in Washington, under Democratic leadership, has been assailed by Rep. Hardy, Democrat of Virginia, as unworkable.

Mr. Hardy declared, "This will hamstring every important investigation." Time probably will prove the wisdom of his observation.

Briefly, the amended rules provide these major changes:

No more "one-man inquiries are permissible where evidence is received or testimony given; at least two solons must be present. Any witness may be represented by an attorney, beside him in the hearing room. If evidence or testimony "may tend to defame, degrade or incriminate any person", then it is mandatory for the committee to go into closed session; and testimony along these lines in closed session is not subject to publication or use in latter open session, except on approval of the group.

A glance at these changes might be helpful to the reader.

"One-man" inquiries by subcommittees of House and Senate have been held for many years, the main reason being that every member of Congress is overworked, and many serve on various groups. Some of the committees of the House may have several inquiries under way, every one of them important; and often there isn't enough manpower to go around. The provision that two or more House members must attend a subcommittee hearing where anything is accomplished arbitrarily limits the ability of the House to gain information through investigative channels.

The new rule affirming the right of any witness to be represented by an attorney when appearing before a House group shows confusion of thought regarding the purposes of congressional inquiries. The radical innovation of going into a star-chamber session when testimony "may tend to defame, degrade or incriminate any person" reveals confusion worse confounded.

The basis of all congressional inquiries is to ascertain facts and opinion, with a view to writing legislation. When we take away from Congress this fundamental power, we destroy its ability to legislate. A congressional inquiry is neither a grand jury proceeding nor a court trial. The witnesses, who may be called or who voluntarily appear at a House hearing are not suspects being interrogated, nor are they prisoners in the dock. They are accused of no crime or misdemeanor, unless they have been cited for contempt. Why any witness at one of these hearings should need a lawyer, unless he happens to be a subversive or a crook, is hard to understand.

Within the past several years, a great deal of mankind sympathy has been wasted in American newspapers and other publications, and to a notable extent on radio and TV, in behalf of the "poor downtrodden" witnesses appearing before congressional committees.

The wall goes up that they are "smearred," or injured in one way or another, they are hurt.

Well, the ones that are smearred or hurt usually have something to hide, and more and more of them hide behind the Fifth Amendment.

Congress passes thousands of laws every year, and many of these may hurt a multitude of honest and patriotic Americans, who have nothing to hide. Congress hikes your taxes, and you are hurt. It refuses to carry out one of the functions expressly laid down in the Constitution—to build post roads, and you are hurt and you may be killed, for lack of through highways. It gives our money away in outlandish projects, throughout the world, and

George Sokolsky

THESE DAYS

The Guaranteed Wage

Organized labor has shifted its battlefield from higher wages, lower hours, fringe benefits to the guaranteed wage. This is a demand for the payment to a worker, whether he works or not, of a contractual sum for an annual period.

The idea is not new. It was discussed in 1947 in a report entitled "Guaranteed Wages," issued by the Advisory Board of the Office of War Mobilization and Reconstruction. Five years later, in 1952, the Bureau of Labor Statistics found that little progress had been made in that direction. The enterprises that are usually cited as the most successful operators of a guaranteed wage plan are the George A. Hormel Company and the Procter and Gamble Company; one selling hams, the other soap; both engaged in all-year-round markets. The Hormel Company stated in 1950:

"Certainly our Company is wholly unable to refund the money consideration in such a guarantee unless we can keep our people actually and profitably employed. The entire cost of value of our Company, including everything we own, could only be sufficient to redeem a ten months' guarantee. If we as a Company cannot make such a guarantee, neither can our community, for we know that in our town all of the bank assets including county deposits, city deposits, all the money owned by all of us, would only cover the payroll for nine months. So, when using the phrase 'guaranteed annual wage,' we must ask the question—guaranteed by what? The only guarantee we know of is the ability of management to manage, coupled with willingness of workers to work. If either fails, then the guarantee fails."

This is beyond doubt a fair statement of the problem for most companies, which can only produce wages by selling goods. When there is no market, not only wages but dividends go by the board. This issue is now to be fought out in the automobile industry in which the decision will be made by only two companies, Ford and General Motors.

It is generally believed for at least a year, assumed in the labor world that Ford will capitulate and that General Motors will hold out. It is also indicated that Walter Reuther, whose career is much political as it is labor union

management, will call a strike of the LAW in the event that either company or both reject the guaranteed wage.

The answer to the problem is not simple. Some industries operate in a market which makes a guaranteed annual wage not only possible but efficient. In other industries, seasonal employment is normal to the conditions of the market which are seasonal. For many years, such industries have, by advertising and other merchandizing efforts, sought to eliminate peaks and valleys.

The automobile industry in the United States faces the fact that there is no sound reason for the purchase of a new car each year. The automobile industry employs styling, the gradual introduction of improvements and gadgets, credit terms, the publicized excitement of automobile shows and all sorts of devices to encourage sales each year.

The guaranteed wage, if won, can only mean an increased price for a car. The question then arises as to whether that will result in postponed buying and whether it will increase the import of cars from Europe, cars partly manufactured with American capital. It will also raise the question of the increased use of automatic devices in manufacturing which could result in the rise of unemployment in areas where automobiles are made.

In a word, it is not an open and shut case, and while the automobile industry is one of the most prosperous in the United States, it has suffered a high degree of mortality. There was a time in the United States when there were 181 companies making automobiles; today there are six. Such a mortality in a comparatively young industry is evidence that the market cannot absorb an unlimited number of cars. The situation today is that one company, General Motors, sells more than 50 per cent of the cars manufactured in this country.

Walter Reuther's position is: "The annual wage attacks this problem at the root and shifts to the employer, where it belongs, the cost of unemployment." The danger is that adding the cost of seasonal unemployment to the price of the car may wreck the industry by stimulating buyers' resistance. (Copyright, 1955, by Features Syndicate, Inc.)

Congressional Quarterly

Lobbies Spent \$4.3 Million To Influence Congress In '54

WASHINGTON—Although Washington lobbyists were busier than a crew of one-armed paperhangers in 1954, they reported a new low in spending.

A total of 225 organizations spent \$4,286,158.23 to influence legislation in 1954, according to reports filed with Congress and tabulated by Congressional Quarterly. This was the lowest sum reported since the Federal Regulation of Lobbying Act was passed in 1946. Spending rose from \$5 million in 1947 to more than \$10 million in 1950, then dropped off to \$4,418,811 in 1953.

Has the High Cost of Lobbying really gone down? It's not likely. What's happened is that lobbyists have changed their ideas about the kind of spending they have to report.

Constitutionality of the 1946 Act has been challenged on several occasions. In 1954, the U. S. Supreme Court, ruling in the case of U. S. vs. Harris, narrowed the definition of lobbying. As a result, several organizations changed their method of reporting expenditures.

For example, the Chamber of Commerce, which reported spending \$800,000 in 1953, did not file a regular report for the last quarter of 1954. Instead, the Chamber did a statement to the effect that it could contain and advised that such a report was unnecessary, but that "pending clarification from the lobby law financial statements would be filed."

Chamber reporting procedure probably accounts for some of the shifts that took place among the top spenders in 1954. Twenty-three organizations, which reported spending more than \$50,000 accounted for more than half of total spending reported. Their share was \$2,130,380.48, compared to \$2,413,872 for the 30 groups which topped \$50,000 in 1953.

Leading the list was the National Milk Producers Federation with \$180,000. In 1953 the Federation reported spending \$234,

557.84, but ranked only third. That year the National Association of Electric Companies topped the list with \$547,789.32. In 1954 the NAEC reported spending only \$110,537.14 and tumbled to seventh place.

Five of 1953's biggest spenders dropped out of the "\$50,000" club in 1954. They were the American Medical Association, Chamber of Commerce, American Tar & Puff League, National Economic Council and Colorado River Association. AMA and Chamber officials were among those who told CQ that changed methods in reporting helped to account for the drop in their reported spending.

The 1954 rigid vs. flexible price supports battle, a 1955 round is now in progress—meant a busy and expensive year for the farm lobby.

Three leading farm groups, National Milk Producers Federation, American Farm Bureau Federation, and National Farmers Union, reported spending a total of \$383,666.62. But the three took different positions in the price supports battle, so much of this spending may have been at cross purposes.

Labor members of the "\$50,000" club reported total spending of \$303,320.69 for lobby activities in 1954. About one-third of this was spent by the National Federation of Post Office Clerks and National Association of Letter Carriers, which carried on an intensive but losing battle for a pay raise. Most of the balance was spent by the AFL and CIO, which lobbied on a wide variety of issues.

The reciprocal trade fight spotlighted a new lobby group in 1954. It was the National Wide Committee of Industry, Agriculture and Labor on Import-Export Policy, organized in 1953 to coordinate supporters of protective tariffs. The Committee reported spending \$81,800.38 in 1954. It is currently active in opposing the President's reciprocal trade program, which was passed by the House Feb. 18 and will be considered shortly by the Senate.

All in all, it appears that total lobbying, as reported under the lobby law, is something short of

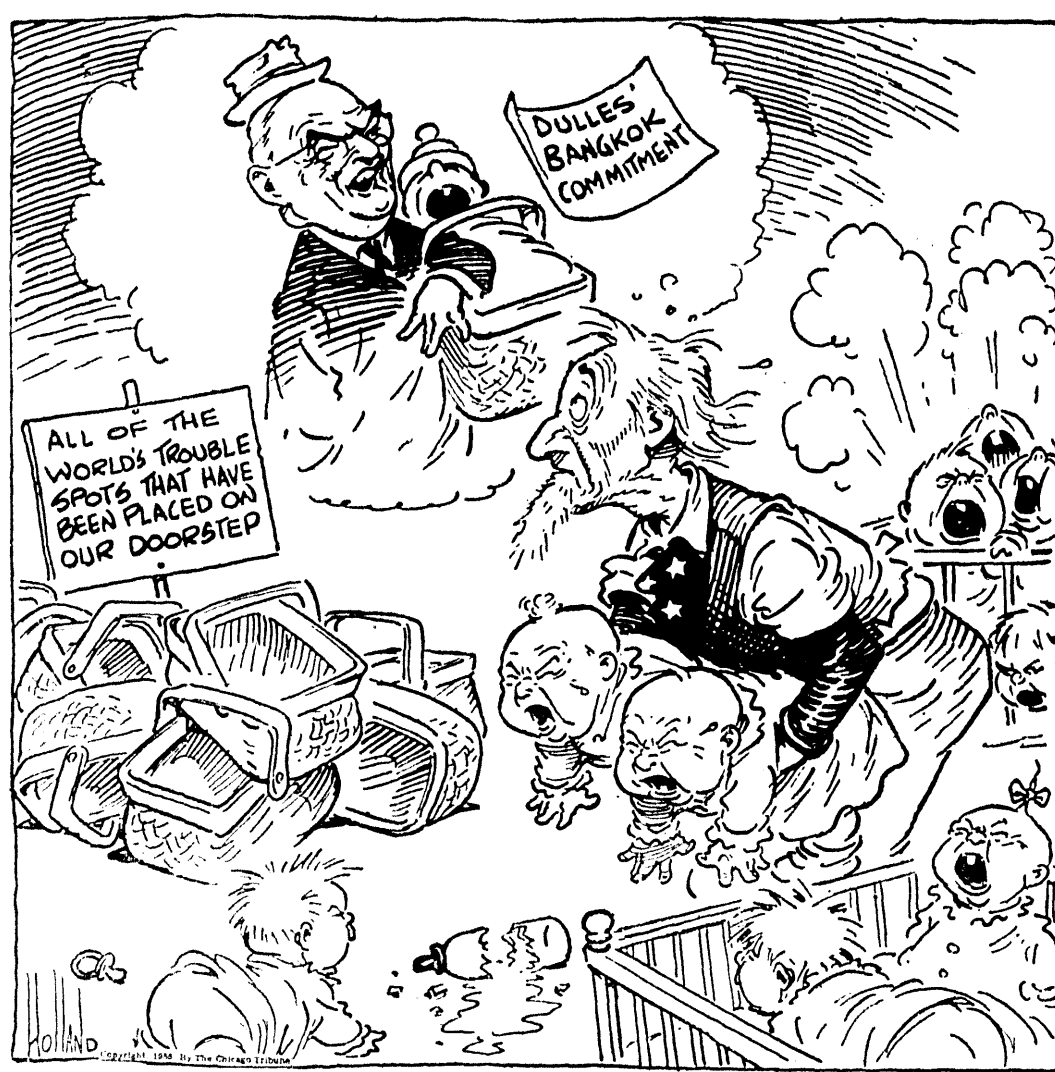

close down the post offices in the little Louisiana towns for reasons of "economy"; and every tax payer and the little towns and all their people are hurt. It brings vast flood control projects to a snail's pace, for lack of revenue; and the floods take their tremendous toll of life and property.

Yet when it pokes a finger into graft, or corruption, or treason, or subversive goings-on, as a back for correcting some stunk or scandal or rotten evil, through a congressional inquiry—a vast wall arises and is multiplied throughout the land and promptly echoed in Soviet Russia.

Some poor individual, hiding behind the Fifth Amendment or attempting to conceal a shady transaction, has been hurt.

ANOTHER ONE FOR ADOPTION

Our Children

By Angelo Patri

Manners

Good manners are essential to happy living from infancy through old age and the time to acquire them is during infancy, as soon as a child indicates a wish and a will to assert himself as a person. This is often earlier than some people think. A 2-year-old child has someone in the face with his cereal spoon. "Don't mind him. He is only a baby," says his victim.

Better mind him. Instead of smiling at him, or laughing outright at his antics, it would be better to show calm disapproval, no smiles, no encouragement, just a steady look and a "No, no. That is not the way to do. Nobody likes little boys, or girls, who hit people," will check rudeness. Saving the smiles for considerate behavior will encourage it and that is what we want to do.

Training in manners must parallel a child's growth and his associations with others. He should be taught early, as soon as he enters a room on his own responsibility, to take thought about those already in the room. He is to cause no interruption, inconvenience, nobody, make his presence welcome by his consideration of other people. For example, if the radio or television is on he is to take his place quietly and make no remarks about his wanting to hear or see another program than the one that is on. He is not to take up a book that someone else had been reading and laid aside for the moment. He is to ask the permission of the adult whose book, paper, chair, or tool he would like to use. He is not to interrupt anybody's conversation at any time. When rebuked for shouting down his mother one small boy said, "But she's my mother."

Good manners, consideration for the rights and feelings of others, should, indeed, must, begin with "his" mother. No child is to be allowed to affront his mother and she must be the first one to teach him that. The manners he uses in the house are what he will use outside, and when he needs to learn that his mother is to get first consideration always, he needs, also, to learn that nobody outside the house will like him or want him near them until his manners make him a fit companion and friend.

Good manners are the basis for good morals. The Golden Rule is basic to both. Once a child masters that fact he will be ready for instruction in the finer points of good behavior. They would be felt if somebody did that to you?" is the best check one can use to make a child consider his attitudes and their effect on others.

If you want your baby to have confidence in you, you must handle him with a sure hand. Leaflet P-17, "Tending Baby with a Sure Hand," written by Dr. Patri includes how a baby senses the touch of your hand. To obtain a copy, send 10 cents in coin to him, care of this paper, P. O. Box 99, Station G, New York 19, N. Y.

The amount actually spent by all individuals and organizations attempting to influence legislation.

For one thing, it covers only those groups, which have registered under the law. According to one study, "we frankly don't know how many lobbyists there may be today who wittingly or unwittingly fail to comply with the law's terms."

Among those who do register and report, there is clearly some confusion concerning what must be reported as lobby spending. Some groups report almost all of the money they spend, while others report only a fraction. Many do not file financial reports for all four quarters.

There are some of the reasons why there is general agreement that the 1946 law is seriously in need of revision.

Bascom N. Timmons

IN WASHINGTON

Secretary For Peace

Taking the appointment of Harold E. Stassen as special assistant on disarmament proposals at its face value there are still many observers here who wonder if the primary purpose of his selection was not to pay one of President Eisenhower's political obligations.

That impression cynical as it may sound, is heightened by the cabinet rank given the former governor of Minnesota . . . though he does not have a department under him . . . and his unofficial designation as secretary for peace. The president has reflected unfavorably upon the United Nations for its failure to make any progress on disarmament proposals, but it would be rather unfair to expect Stassen to make progress in that direction when the U. N. has been unable to do so.

General Eisenhower without doubt has been indebted to Stassen to a considerable extent, for Stassen swung the Minnesota delegation to him on the first ballot at Chicago in 1952, releasing his delegates from their pledge to him to clinch the nomination for the general at the end of the roll call. Since then Stassen's role with the administration has been something like that of a utility player on a big league ball club.

He has been Mutual Security Administrator and Foreign Operations Administrator, two capacities in which his chief objective was to obtain larger appropriations for foreign aid. Followers of the late Senator Robert A. Taft, who disliked Stassen heartily for the decisive part he played in killing off Taft's presidential aspirations, had an additional cause for resentment for his part in the aid programs, which they oppose at every opportunity.

Stassen's FOA operations wound up with an incident which caused veteran Republicans to shake their heads in amazement. He permitted Spain, in purchasing 14 diesel locomotives with funds granted by the United States, to accept a bid from the American Locomotive Co. dollars higher than that of its competitor, Baldwin Locomotive, Spain's railroad specialists said they preferred the beautiful streamlined of the American Locomotive Co. diesel, Washington headquarters of FOA were reported to have wired their representatives in Madrid, "Disregard discrepancy in Madrid. Give Spain what it wants."

Worry Clinic

By Dr. George W. Crane

Wives, if you want to be on guard, be sure you look for the 3 critical signs described below. For they are often the fore-shadows of unhappy things to come in your marriage, unless you quickly remedy matters. Follow Maureen's pathway to new happiness.

Case N-384: Harvey R., aged 35, is the husband of Maureen whom we described yesterday. Maureen had learned that he

was infatuated with a girl at his office, though he hadn't acknowledged it to her.

Many wives should perk up in their fire fighting and blow the embers of their romance into more active flame, especially if the following factors are true:

(1) Are you wives more than 15 lbs. heavier than on your wedding day? If so, beware! A sword of Damocles is hanging over your heart. So go on a diet NOW.

(2) Does your husband like to spend an evening away from home, as with his poker pals or lodge brothers? Or even in the Boy Scouts or YMCA and CYO activities?

Many a man flees from a dying home romance into the arms of a living paramour. But other moralists flee into constructive social or church work.

Too fanatical zeal, even for laudable church activities, should make a husband or wife take inventory.

We have a law in psychology that nobody runs away from pleasure. So when the home fires smoulder, a husband feels fidgety. He may then improve many excuses to get away from home, among which are some plausible ones, such as church and Boy Scout activity.

I'm a firm rooter for church and Boy Scouts, so please don't misinterpret my suggestions. But sometimes good men let their family life deteriorate while they become excessive slaves to social, civic and church causes. A happy medium is desirable, but not excess.

Test Your Husband
(3) If your husband asks for twin beds after 10 or 15 years of marriage, this is usually a sign not of his supposed desire for sounder sleep, which is the usual male alibi, but an attempt to hide his secret dread.

And most men past 40, worry about waning vigor or masculine impotence.

Your marriage should not become a stalemate, regardless of age, for physical affection has no date line and neither woman's nor man's sex life should stop till the grave. Maureen was overweight and too preoccupied with her children, plus the various fine organizations in which she cooperated, so she had forgotten that husbands are physical creatures with two major appetites.

These two are gastric and sexual. If your husband wanes in his gastric hunger, then you wives are smart enough to tantalize his fancy with new recipes or the sure-fire dishes of his youth.

By the same token, when he wanes in the erotic realm, you better take heed and start tantalizing his appetite in that realm or some seductive outside siren may do it for you.

He thought you were a cute "Witch" when he courted you, so you better revive some of those earlier emotions.

Maureen's Miracle
Maureen lopped off 25 lbs. But long before she reached the end of her dieting, her husband had perked up.

"Dr. Crane, he started giving me real movie kisses once more," she added, happily. "And he began suggesting we go to a show together."

"I picked up my cues, as you had advised, and never acted too tired for anything."

"And it has produced a miracle. He now says he loves me more than ever before, so I know the office affair is over."

Send for my booklet "How to Lose 10 Lbs. in 10 Days," enclosing a stamped, return envelope, plus a dime. It will help rekindle the home fires of passion that will prevent a platonic, unhappy middle age.

Attend The Follies Tonight

The Junior Charity League Follies to be held in Neville High School tonight will provide some very lively entertainment, in a very worthy cause. All money from the show will be donated to the proposed rehabilitation center in Monroe for crippled children and adults. The center, if constructed, will benefit the entire Fifth Congressional District, forming a badly needed addition to the health facilities of Monroe and its twin city.

A good show, by local talent, is worth seeing; a cause such as this clinic project is worth supporting. Why not attend the Follies tonight? Tickets can be purchased at the door.

The Junior Charity League is celebrating its 25th, or silver, anniversary this year. It is an organization of young women dedicated to charitable and welfare projects, and a minimum of 75 hours' service is required of each member annually. The League, founded in the depression year of 1930, has grown in size and influence, and its program of service to the community and district has grown accordingly.

The League's activities are devoted primarily to children's projects, and to financial undertakings that make these possible. It donates more than \$2,400 annually to buy approximately 10,000 quarts of milk for children. Its members provide about 200 hours of service each year at the Crippled Children's Clinic, and some \$600 is donated for medicines needed by the youngsters attending the clinic. The League sponsors Treat Day annually at Charity Hospital, a day eagerly looked forward to by the patients; and gives useful articles, at a cost of several hundred dollars annually. It maintains an emergency fund to provide food and clothing for families that lose their belongings through fire or other disasters.

In addition to these projects which are carried on year after year, the League has sponsored many other worthwhile undertakings; equipping the children's reading room in the public library at a cost of \$2,000; buying fans for the Crippled Children's Clinic—to mention only two.

This organization has proved to be a real blessing. Its record of unselfish service for a quarter of a century, with emphasis upon the needs of under-privileged children, is so outstanding that the entire community and district share with the League members a feeling of pride in these achievements.

Hamstringing House Investigations

The new "code of fair play" adopted by the House of Representatives in Washington, under Democratic leadership, has been assailed by Rep. Hardy, Democrat of Virginia, as unworkable.

Mr. Hardy declared, "This will hamstring every important investigation." Time probably will prove the wisdom of his observation.

Briefly, the amended rules provide these major changes.

No more "one-man inquiries are permissible where evidence is received or testimony given; at least two solons must be present. Any witness may be represented by an attorney, beside him in the hearing room. If evidence or testimony "may tend to defame, degrade or incriminate any person", then it is mandatory for the committee to go into closed session; and testimony along these lines in closed session is not subject to publication or use in latter open session, except on approval of the group.

A glance at these changes might be helpful to the reader.

"One-man" inquiries by subcommittees of House and Senate have been held for many years, the main reason being that every member of Congress is overworked, and many serve on various groups. Some of the committees of the House may have several inquiries under way, every one of them important; and often there isn't enough manpower to go around. The provision that two or more House members must attend a subcommittee hearing where anything is accomplished arbitrarily limits the ability of the House to gain information through investigative channels.

The new rule affirming the right of any witness to be represented by an attorney when appearing before a House group shows confusion of thought regarding the purposes of congressional inquiries. The radical innovation of going into a star-chamber session when testimony "may tend to defame, degrade or incriminate any person" reveals confusion worse confounded.

The basis of all congressional inquiries is to ascertain facts and opinions with a view to writing legislation. When we take away from Congress this fundamental power, we destroy its ability to legislate. A congressional inquiry is neither a grand jury proceeding nor a court trial. The witnesses who may be called or who voluntarily appear at a House hearing are not suspects being interrogated, nor are they prisoners in the dock. They are accused of no crime or misdemeanor—unless they have been cited for contempt. Why any witness at one of these hearings should need a lawyer, unless he happens to be a subversive or a crook, is hard to understand.

Within the past several years, a great deal of maudlin sympathy has been wasted in American newspapers and other publications, and to a notable extent on radio and TV, in behalf of the "poor downtrodden" witnesses appearing before congressional committees.

The wall goes up that they are "smeared," or injured in one way or another—they are hurt.

Well, the ones that are smeared or hurt usually have something to hide—and more and more of them hide behind the Fifth Amendment.

Congress passes thousands of laws every year, and many of these may hurt a multitude of honest and patriotic Americans, who have nothing to hide. Congress hikes your taxes—and you are hurt. It refuses to carry out one of the functions expressly laid down in the Constitution—to build post roads—and you are hurt and you may be killed, for lack of through highways. It gives our money away in outlandish projects, throughout the world, and

George Sokolsky

THESE DAYS

The Guaranteed Wage

Organized labor has shifted its battlefield from higher wages, lower hours, fringe benefits to the guaranteed wage. This is a demand for the payment to a worker, whether he works or not, of a contractual sum for an annual period.

The idea is not new. It was discussed in 1947 in a report entitled "Guaranteed Wages," issued by the Advisory Board of the Office of War Mobilization and Reconstruction. Five years later, in 1952, the Bureau of Labor Statistics found that little progress had been made in that direction. The enterprises that are usually cited as the most successful operators of a guaranteed wage plan are the George A. Hormel Company and the Procter and Gamble Company; one selling hams, the other soap; both engaged in all-year-round markets. The Hormel Company stated in 1950:

"Certainly our Company is wholly unable to redeem the money consideration in such a guarantee unless we can keep our people actually and profitably employed. The entire asset value of our Company, cashing everything we own, would only be sufficient to redeem a ten months' guarantee. If we as a Company cannot make such a guarantee, neither can our community, for we know that in our town all of the bank assets including county deposits, city deposits, all the money owned by all of us, would only cover the payroll for nine months. So, when using the phrase 'guaranteed annual wage,' we must ask the question—'What do we guarantee?' The only guarantee we know of is the ability of management to manage, coupled with willingness of workers to work. If either fails, then the guarantee fails."

This is beyond doubt a fair statement of the problem for most companies, which can only produce wages by selling goods. When there is no market, not only wages but dividends go by the board. This issue is now to be fought out in the automobile industry in which the decision will be made by only two companies, Ford and General Motors.

It is generally believed (or at any rate, assumed) in the labor world that Ford will capitulate and that General Motors will hold out. It is also indicated that Walter Reuther, whose career is as much political as it is labor union

management, will call a strike of the UAW in the event that either company or both reject the guaranteed wage.

The answer to the problem is not simple. Some industries operate in a market which makes a guaranteed annual wage not only possible but efficient. In other industries, seasonal employment is normal to the conditions of the market which are seasonal. For many years, such industries have, by advertising and other merchandizing efforts, sought to eliminate peaks and valleys.

The automobile industry in the United States faces the fact that there is no sound reason for the purchase of a new car each year. The automobile industry employs styling, the gradual introduction of improvements and gadgets, credit terms, the publicized excitement of automobile shows and all sorts of devices to encourage sales each year.

The guaranteed wage, if won, can only mean an increased price for a car. The question then arises as to whether that will result in postponed buying and whether it will increase the import of cars from Europe, cars partly manufactured with American capital. It will also raise the question of the increased use of automatic devices in manufacturing which could result in the rise of unemployment in areas where automobiles are made.

In a word, it is not an open and shut case, and while the automobile industry is one of the most prosperous in the United States, it has suffered a high degree of mortality. There was a time in the United States when there were 181 companies making automobiles; today there are six. Such a mortality in a comparatively young industry is evidence that the market cannot absorb an unlimited number of cars. The situation today is that one company, General Motors, sells more than 50 percent of the cars manufactured in this country.

Walter Reuther's position is: "The annual wage attacks this problem at the root and shifts to the employer, where it belongs, the cost of unemployment." The danger is that adding the cost of seasonal unemployment to the price of the car may wreck the industry by stimulating buyers' resistance. (Copyright, 1955, ing Features Syndicate, Inc.)

ANOTHER ONE FOR ADOPTION

Our Children

By Angelo Patri

Manners

Good manners are essential to happy living from infancy through old age and the time to acquire them is during infancy, as soon as a child indicates a wish and a will to assert himself as a person. This is often earlier than some people think. A 2-year-old child hits someone in the face with his cereal spoon. "Don't mind him. He is only a baby," says his victim.

Better mind him. Instead of smiling at him, or laughing outright at his antics, it would be better to show calm disapproval, no smiles, no encouragement, just a steady look and a "No, no. That is not the way to do. Nobody likes little boys, (or girls), who hit people," will check rudeness. Saving the smiles for considerate behavior will encourage it and that is what we want to do.

Training in manners must parallel a child's growth and his associations with others. He should be taught early, as soon as he enters a room on his own responsibility, to take thought about those already in the room. He is to cause no interruption, inconvenience nobody, make his presence welcome by his consideration of other people. For example, if the radio or television is on he is to take his place quietly and make no remarks about his wanting to hear or see another program than the one that is on. He is not to take up a book that someone else had been reading and laid aside for the permission of the adult whose book, paper, chair, or tool he would like to use. He is not to interrupt anybody's conversation at any time. When rebuked for shouting down his mother one small boy said, "But she's my mother."

Good manners, consideration for the rights and feelings of others, should, indeed, must, begin with "his" mother. No child is to be allowed to affront his mother and she must be the first one to teach him that. The manners he uses in the house are what he will use outside and while he needs to learn that his mother is to get first consideration always he needs, also, to learn that nobody outside the house will like him or want him near them until his manners make him a fit companion and friend.

Good manners are the basis for good morals. The Golden Rule is basic to both. Once a child masters that fact he will be ready for instruction in the finer points of good behavior. "How would you feel if somebody did that to you?" is the best check one can use to make a child consider his attitudes and their effect on others.

If you want your baby to have confidence in you, you must handle him with a sure hand. Leaflet P-17, "Tending Baby with a Sure Hand," written by Dr. Patri includes how a baby senses the touch of your hand. To obtain a copy, send 10 cents in coin to him, care of this paper, P. O. Box 99, Station G, New York 19, N. Y.

The amount actually spent by all individuals and organizations attempting to influence legislation. For one thing, it covers only those groups which have registered under the law. According to one official, "we frankly don't know how many lobbyists there may be today who, wittingly or unwittingly, fail to comply with the law's terms."

Among those who do register and report, there is clearly some confusion concerning what must be reported as lobby spending. Some groups report almost all of the money they spend, while others report only a fraction. Many do not file financial reports for all four quarters.

These are some of the reasons why there is general agreement that the 1946 law is seriously in need of revision.

Bascom N. Timmons

IN WASHINGTON

Secretary For Peace

Taking the appointment of Harold E. Stassen as special assistant on disarmament proposals at its face value there are still many observers here who wonder if the primary purpose of his selection was not to pay one of President Eisenhower's political obligations.

That impression cynical as it may sound, is heightened by the cabinet rank given the former governor of Minnesota... though he does not have a department under him... and his unofficial designation as secretary for peace. The president has reflected unfavorably upon the United Nations for its failure to make any progress on disarmament proposals, but it would be rather unfair to expect Stassen to make progress in that direction when the U. N. has been unable to do so.

General Eisenhower without doubt has been indebted to Stassen to a considerable extent, for Stassen swung the Minnesota delegation to him on the first ballot at Chicago in 1952, releasing his delegates from their pledge to him to clinch the nomination for the general at the end of the roll call. Since then Stassen's role with the administration has been something like that of a utility player on a big league ball club.

He has been Mutual Security Administrator and Foreign Operations Administrator, two capacities in which his chief objective was to obtain larger appropriations for foreign aid. Followers of the late Senator Robert A. Taft, who disliked Stassen heartily for the decisive part he played in killing off Taft's presidential aspirations, had an additional cause for resentment for his part in the aid programs, which they oppose at every opportunity.

Stassen's FOA operations wound up with an incident which caused veteran Republicans to shake their heads in amazement. He permitted Spain, in purchasing 14 diesel locomotives with funds granted by the United States, to accept a bid from the American Locomotive Co. which was a quarter of a million dollars higher than that of its competitor, Baldwin Locomotive. Spain's railroad specialists said they preferred the beautiful streamlining of the American Locomotive Co. diesel, Washington headquarters of FOA were reported to have wired their representatives in Madrid, "Disregard discrepancy in price. Give Spain what it wants."

The Stassen record in assisting our foreign beneficiaries contains a number of similar incidents. That of course has no particular bearing on the new task confronting him, except that the United States has a way of being trimmed on disarmament deals, too.

It has been frequently said and never controverted that at the 1922 Washington arms conference, principally devoted to naval limitations, the United States dismantled and stopped construction on actual ships of war, including submarines, while the other powers, Japan in particular, tore up blueprints. About the only memento of the conference which Washington still has are the chairs in a Capital committee room, where the plenary sessions were held. They bear brass plates with the names of the delegates.

President Eisenhower has made several sincere pleas for disarmament, and has coined a slogan "Atoms for Peace" to emphasize his attempt to draw nations together in an agreement banning atomic power for military purposes, but representatives of the powers concerned have reported no progress.

So long as the Communist countries have anything to say, Stassen's opportunity does not seem right. But he can devote a great deal of time to preparations, traveling over Europe with the credentials of a cabinet officer, which the president gave him so that he will not be out-ranked in talking to the high officials of other governments.

The task also affords him a long opportunity to continue in public life. He will be 48 on April 18 and he has told friends that he has never abandoned his political ambitions. There's no better spring board for the presidency than a convincing plan for peace, and the title "Secretary of Peace," even though strictly unofficial, ought to have a big appeal.

Worry Clinic

By Dr. George W. Crane

Wives, if you want to be on guard, be sure you look for the 3 critical signs described below. For they are often the fore-shadows of unhappy things to come in your marriage, unless you quickly remedy matters. Follow Maureen's pathway to new happiness.

Case N-384: Harvey R., aged 35, is the husband of Maureen whom we described yesterday.

Maureen had learned that he

was infatuated with a girl at his office, though he hadn't acknowledged it to her.

Many wives should perk up in their fire fighting and blow the embers of their romance into more active flame, especially if the following factors are true:

(1) Are you wives more than 15 lbs. heavier than on your wedding day? If so, beware! A sword of Damocles is hanging over your heart. So go on a diet NOW.

(2) Does your husband like to spend an evening away from home, as with his poker pals or lodge brothers? Or even in the Boy Scouts or YMCA and CYO activities.

Many a man flees from a dying home romance into the arms of a living paramour. But other moralists flee into constructive social or church work.

Too fanatical zeal, even for laudable church activities, should make a husband or wife take inventory.

We have a law in psychology that nobody runs away from pleasure. So when the oh me fires smoulder, a husband feels fidgety. He may then improvise many excuses to get away from home, among which are some plausible ones, such as church and Boy Scout activity.

"I'm a firm rooter for church and Boy Scouts, so please don't misinterpret my suggestions. But sometimes good men let their family life deteriorate while they become excessive slaves to social, civic and church causes. A happy medium is desirable, but not excess.

Test Your Husband

(3) If your husband asks for twin beds after 10 or 15 years of marriage, this is usually a sign not of his supposed desire for sounder sleep, which is the usual male alibi, but an attempt to hide his secret dread.

And most men past 40, worry about waning vigor or masculine impotence.

Your marriage should not become platonic, regardless of age, for physical affection has no date line and neither woman's nor man's sex life should stop till the grave.

Maureen was overweight and too preoccupied with her children, plus the various fine organizations in which she cooperated, so she had forgotten that husbands are physical creatures with two major appetites.

These two are gastric and sexual. If your husband wanes in his gastric hunger, then you wives are smart enough to tantalize his fancy with new recipes or the sure-fire dishes of his youth.

By the same token, when he wanes in the erotic realm, you better take heed and start tantalizing his appetite in that realm or some seductive outside siren may do it for you.

He thought you were a cute "dish" when he courted you, so you better revive some of those earlier emotions.

Maureen's Miracle

Maureen lopped off 25 lbs. But long before she reached the end of her dieting, her husband had perked up.

"Dr. Crane, he started giving me real movie kisses once more," she added, happily. "And he began suggesting we go to a show together."

"I picked up my cues, as you had divined, and never acted too tired for anything."

"And it has produced a miracle. He now says he loves me more than ever before, so I know the office affair is over."

Send for my booklet "How to Lose 10 Lbs. in 10 Days", enclosing a stamped, return envelope, plus a dime. It will help rekindle the home fires of passion that will prevent a platonic, unhappy middle age.

Clayton To Hold Option Election

CLAYTON, March 25 (Special)—A local option election will be held in Clayton May 10 to determine whether alcoholic beverages, now permitted by law, should be sold. Residents of the entire 11th ward will vote including Clayton and the Dunbarton area.

Three questions will be voted upon — whether from 3.2 to six per cent alcohols should be sold, whether sale of higher alcoholic contents should be permitted on premises, and whether sale of higher alcoholic contents should be permitted by package. Two boxes

will be at Clayton and one at Dunbarton.

The election was called by the Concordia parish police jury following the filing of a petition from a group of 11th ward voters on Feb. 18. During the discussion by the police jury fixing the date and regulations of the election, Hamlet D. May, Baton Rouge attorney, questioned whether voting machines or boxes should be used in the election.

District Attorney Gibson interpreted the 1954 election law to mean that only voting machines might be used. Herman Gibson, president of the jury, said he did not believe the state had any contract to haul voting machines place of storage to voting precincts, but a complete check would

J. T. Hinke Says Story Erroneous

J. T. Hinke, Monroe building contractor, said Friday morning that a news item in the Monroe Morning World concerning his interests in the Lakeshore subdivision here was in error.

He said he is an independent contractor, with no connection with the W. A. Guy Realty Co., and that he plans only \$150,000 in construction, instead of half a million dollars as reported.

be made before election time, so that the election, if and when held, would be legal in every respect.

Lincoln Parish Looks For Good Crop Of Peaches

RUSTON, March 25 (Special)—Despite an almost 50 per cent loss in peaches because of the temperature drops early this week, Lincoln parish should still have "plenty" of peaches this year.

That was the report Friday of the parish, and Don Spurlock, associate agriculturist at Louisiana State University.

ed with peaches to begin with," the men said, "that we think Lincoln parish will have plenty of peaches left this year."

According to the men, some varieties of peaches were harmed more than others and some orchards were hurt more than others, but the biggest damage was done to trees on which the shucks had already dropped and the peach buds were left exposed.

The man added that they had received a report from the experimental station at Homer which said the peach crop in that area was "wiped out."

It is normal for a child to be far sighted when he starts school says the Better Vision Institute.

April 1 Stock Law In Effect

FERRIDAY, March 25 (Special)—The stock law, which was passed recently in the ninth ward of Concordia parish will go into effect April 1. This includes the Wildsville-Lismore area.

Technically, the stock law has

been in effect for some time, but upon request of ninth ward cattle men, through a "gentlemen's agreement," the date was set as April 1.

Why Grow Old?

By Josephine Lowman

Few Daily Exercises Will Keep Figure Firm

Today I want to give you a defect in figure beauty and posture, spring bargain in exercise. There some are of little use when compared to others more effective.

Because of the great number of exercises, women are as confused as to which ones to take as they are about what cosmetics to buy. Actually you need to take only a few exercises each day. Fifteen or 20 minutes spent in exercise will greatly improve figure and health. Each day the average woman

should take a couple of abdominal exercises. These are beneficial to health, and of course, the abdomen is one of the spots which is apt to accumulate fatty deposits as we accumulate years.

Two waist exercises, two for thighs and inner upper leg line, two hip exercises, two postural exercises, two abdominal exercises, and one or two for any extra problems you may have, make a good daily routine.

Spring Redoing

I have designed some exercises, each one of which is especially effective for several figure faults. Therefore these are great time savers. I call them combination exercises. Today I would like to give you a couple of them to help you with your spring redoing.

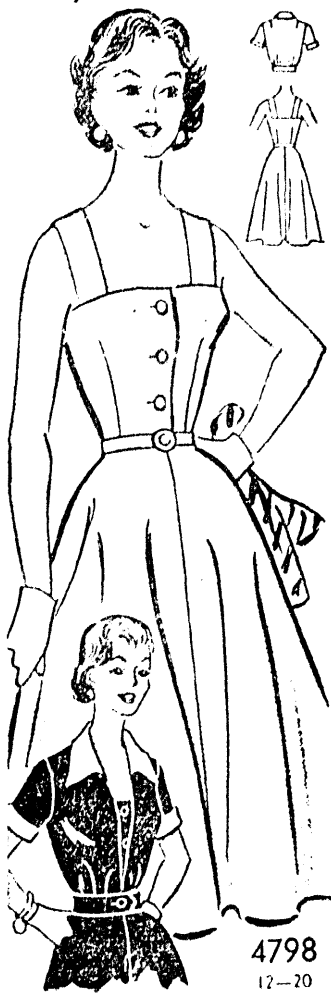

1. Lie on your left side. Swing your right leg backward as you swing your left arm forward. Swing your left arm back as you swing your right leg forward. Continue with a smooth swing. Your arm moves forward as your leg

moves backward, etc. Reach as far as you can in each direction with both arm and leg. Keep the knees stiff, turn onto right side and continue. This exercise is for hips, waist and abdomen.

2. Lie on your back, knees straight, arms slightly away from sides. Bend both knees up close to the abdomen. Straighten legs on the floor. Do not point them toward ceiling. Separate as widely as comfortable. Drag the legs together. Do not lift them from the floor. Continue. This is a splendid exercise for the abdomen, thighs and inner leg line. If you have sacroiliac trouble perhaps you'd better not try this one.

If you would like to have my leaflet "Combination Exercises," send a stamped, self-addressed envelope with your request for leaflet No. 5 to Josephine Lowman in care of this newspaper. (Released by The Register and Tribune Syndicate, 1955).

Easy-Sew Ensemble

Sun yourself in the cool, cool dress—cover up with the fitted jacket for travel or town. This versatile ensemble is sew-easy—its simple, smart lines s-o-o flattering! Choose a crisp cotton, linen, waffle pique—sew this wonderful two—some right away!

Pattern 4798: misses' sizes 12, 14, 16, 18, 20. Size 16 dress, jacket, 4 1/4 yards 35-inch; 3/4 yard contrast.

This pattern easy to use, simple to sew, is tested for fit. Has complete illustrated instructions.

Send thirty-five cents in coins for this pattern—add 5 cents for each pattern for 1st-class mailing. Send to Anna Adams, care of Morning World, 316 Pattern Dept., 243 West 17th St., New York 11, N. Y. Print plainly name, address with zone, size and styl number.

LENTEN GUIDEPOSTS

Accidental—Or True Success?

By Frank Wangeman
General Manager, Hotel New Yorker and Vice President,
Hotel Roosevelt, N. Y. City

The immensely powerful, wealthy potentate from the Near East had moved into the Ritz, in

London, two days before. He brought a retinue of 20 servants; rented three floors; insisted, in his growling, unhappy way that we all come hopping like bellboys.

I was assistant manager of the Ritz, a small job with a big title. It seemed to me — but I was very young — that this ruler was truly successful.

Then, the little man arrived. Thin, sandal-footed, wearing a goatskin mantle over his robe of homespun, he walked into the sumptuous hotel. His big horny nose and large gold-rimmed glasses should have made us laugh. Yet he was driven by such humbleness and good will, such force of spirit, that when he met with the

rich ruler, I had to reconsider just what success was. Because everything gravitated, not around the ruler, but around the little man with the spindly legs — Mahatma Gandhi.

Story of Anne

Twenty-five years have passed since that experience. Twenty-five years in the hotel business, where I have seen tens of thousands of people. And I have learned to tell the difference between accidental and true success.

For a long time I could only sense the difference. Like being in the presence of Anne.

Anne is a night maid. She has a full time job taking care of her home during the day. Then at 3:00 p. m. she begins a second job. She works until midnight doing the chores of a night maid, here at the Roosevelt in New York. And what does Anne do with her money? She is putting her son Carl through seminary.

I once asked Anne why she was carrying two full-time jobs. "It makes me happy, was her answer, "to think maybe my son can give more to the world than I could."

And there is, too, John Dalton. Packages to Korea. John is a bellboy here at the Roosevelt, a man of poise and dig-

HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

At his own expense and on his own time John sends packages to Korea. There are still some 13 men from the hotel in the service. It is quite a job keeping track of them, but this is a task Johnny Dalton has volunteered for. When I asked John why he did it, he answered:

"I just like to. We don't want anyone to feel neglected, do we, Mr. Wangeman?"

There are others. The Italian, the Puerto Rican, the German, some of them definitely in the lower income brackets, who give great chunks of their wages to unfortunate families in their homeland; the printer who once showed me records of packages he had sent home that totalled half of what he has earned.

True Success

I have felt this same quality of true success in men of wealth, too. It was a well-to-do man who finally pinpointed what the quality is:

He was a Mormon whom I had met while I was manager of the Plaza, New York. I noticed that this man had one of the happiest families I had ever seen. He had a highly successful business in Salt Lake City. As is the Mormon practice, he gives from 10 to 20 per cent of all income to the church.

Some time later, I visited this man in his home. He lived in a mansion surrounded by a large estate. The weather was bitterly cold.

One early morning, through the half light I could see a man coming towards the house carrying buckets in each hand. Alarmed, I sought my host, drew him to the window.

"Look, who's that?" "My son," he said.

The Three H's. Then my host laughed and explained that his son was coming back from the morning milking. I asked why so successful a family milked their own cows. "To remain humble," he replied, with a sweep of his hand. "Some day we may lose all this, Frank. But it won't really matter, because true success isn't measured by how much money we possess but in how much money we have learned to be the three H's."

"Three H's?" "Yes, Frank. Happy, helping and humble."

Monday — Marian Anderson, gifted contralto, learned that "Grace comes before greatness," as her mother's prayers and her

Teen-Age Morals Present Problem For House Group

WASHINGTON, March 25—UP—A House Armed Services subcommittee wrangled Friday over how best to protect teen-agers from drink and loose women if the administration's new military training program becomes law.

No decision was reached. Members could not agree on any step that would give the youths "sufficient" safeguards and still prevent them from being branded "mama's boys." They decided to try again later.

The issue arose as the subcommittee neared the end of its overhaul of President Eisenhower's proposed military reserve program. It includes a modified universal military training reserve program. It includes a modified universal military training program for youths of pre-draft age, 17 and 18-year-olds.

Rep. Overton Brooks (D-La.) said he had received some 10,000 letters about the reserve program and "most of them bring up the question of morals." He joined Rep. Victor Wickerham (D-Okla.) in urging that civilians be allowed to provide safeguards for all servicemen.

FEEDING EFFICIENCY

The age of an animal affects the efficiency of feeding. As an animal grows older and heavier, more and more feed is needed. A 500-pound steer needs about 500 pounds of grain, 200 pounds of hay and 200 pounds of silage to produce 100 pounds of beef.

POOR APPETITE?

TAKE S.S.S. TONIC TODAY!

The Italian, the Puerto Rican, the German, some of them definitely in the lower income brackets, who give great chunks of their wages to unfortunate families in their homeland; the printer who once showed me records of packages he had sent home that totalled half of what he has earned.

True Success

I have felt this same quality of true success in men of wealth, too. It was a well-to-do man who finally pinpointed what the quality is:

He was a Mormon whom I had met while I was manager of the Plaza, New York. I noticed that this man had one of the happiest families I had ever seen. He had a highly successful business in Salt Lake City. As is the Mormon practice, he gives from 10 to 20 per cent of all income to the church.

Some time later, I visited this man in his home. He lived in a mansion surrounded by a large estate. The weather was bitterly cold.

One early morning, through the half light I could see a man coming towards the house carrying buckets in each hand. Alarmed, I sought my host, drew him to the window.

"Look, who's that?"

"My son," he said.

The Three H's
Then my host laughed and explained that his son was coming back from the morning milking. I asked why so successful a family milked their own cows.

"To remain humble," he replied, with a sweep of his hand. "Some day we may lose all this, Frank. But it won't really matter, because true success isn't measured by how much money we possess but in how surely we have learned to be the three H's."

"Three H's?"

"Yes, Frank. Happy, helping and humble."

Monday — Marian Anderson, gifted contralto, learned that "Grace comes before greatness," as her mother's prayers and her

Teen-Age Morals Present Problem For House Group

WASHINGTON, March 25—UP—A House Armed Services subcommittee wrangled Friday over how best to protect teen-agers from drink and loose women if the administration's new military training program becomes law.

No decision was reached. Members could not agree on any step that would give the youths "sufficient" safeguards and still prevent them from being branded "mama's boys." They decided to try again later.

The issue arose as the subcommittee neared the end of its overhaul of President Eisenhower's proposed military reserve program. It includes a modified universal military training reserve program. It includes a modified universal military training program for youths of pre-draft age, 17 and 18-year-olds.

Rep. Overton Brooks (D-La.) said he had received some 10,000 letters about the reserve program and "most of them bring up the question of morals." He joined Rep. Victor Wickerham (D-Okla.) in urging that civilians be allowed to provide safeguards for all servicemen.

FEEDING EFFICIENCY

The age of an animal affects the efficiency of feeding. As an animal grows older and heavier, more and more feed is needed. A 500 - pound steer needs about 500 pounds of grain, 200 pounds of hay and 200 pounds of silage to produce 100 pounds of beef.

POOR APPETITE?

TAKE S.S.S. TONIC TODAY!

Don't let a lagging appetite get you down. Stimulate the flow of vital stomach digestive juices and ENJOY EATING AGAIN! Enriched S.S.S. TONIC goes to work at once to perk up your appetite and rebuild iron-starved blood. Ask for genuine S.S.S. TONIC liquid or easy-to-take tablets at your favorite drug counter. You will be satisfied or money back. Feel your best, TAKE S.S.S. TONIC

SCHOOLS ACCEPTED

CHICAGO, March 25 — UP—The North Central Association of Col-

leges and Secondary Schools Friday announced approval of 77 secondary schools for membership in

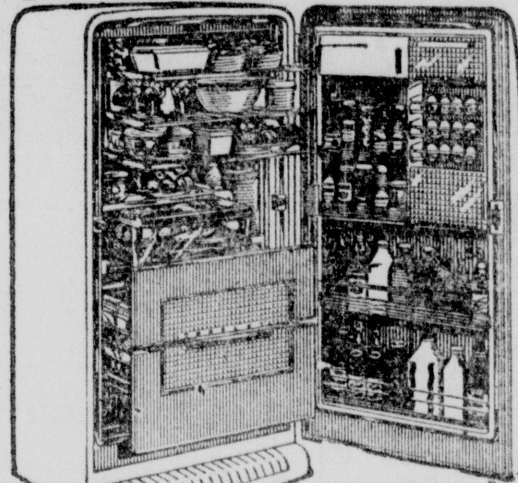

the association, bringing the total to 3,343. It also accepted 12 higher institutions for accreditation.

Code Of Ethics Is Topic When Y'ves Of YWCA Meet

The Y'ves of the YWCA held their regular bi-monthly meeting on Wednesday morning, March 23rd, at the YWCA building on Jackson Street.

Mrs. A. T. Klemme gave the thought for the day and concluded with a prayer. Mrs. Bob Persful, program chairman, introduced Rev. W. H. McFadden who spoke on a code of ethics for teenagers in Monroe. He pointed out that there should be an understanding among the parents of the community as to the type of parties teenagers attend and what time they should be home at night.

Refreshments were served by the hostesses, Mrs. R. L. Carson and Mrs. A. D. Hanks. The business meeting was opened by the president, Mrs. Hewitt Johnson. Mrs. Victor Schoonover read the minutes of the previous meeting, and Mrs. H. W. Kight gave the treasurer's report.

Miss Bess Sharp talked to the club on groups sponsored by the YWCA.

Guests of the club were: Mrs. Walter Rice, Mrs. William H. Flack, Mrs. Gilbert P. Cook, Jr., and Mrs. Bernard P. Graham.

Members present were: Mrs. Thos. A. Pitt, Mrs. Marlon Perkins, Mrs. Mrs. Wm. M. Hochstetler, Mrs. A. T. Klemme, Mrs. Frank C. Eason, Mrs. T. L. Van Fossen, Mrs. Carl E. Mittell, Mrs. Joe Stewart, Mrs. W. T. Gattis, Mrs. Everett G. Heller, Mrs. A. D. Hanks, Mrs. W. E. McGough, Mrs. Carl Davis, Mrs. A. W. Gerson, Mrs. B. Eason, Mrs. H. W. Knight, Mrs. R. L. Carson, Mrs. R. R. Spiegelhalter, Mrs. Robert Y. Wiseman, Mrs. Paul H. Johnson, Jr., Mrs. V. M. Schoonover, Mrs. Hewitt Johnson, Mrs. Bob Persful, Mrs. Ruth Hundley, Mrs. Joe Gorman and Miss Bess Sharp.

The next meeting will be held on April 6th and Mrs. E. J. Blake will talk on Interior Decorating. Visitors are welcome.

Mrs. Henry Tete Is Entertained At Lovely Tea

Mrs. Henry Tete, who has been the house guest of Mrs. Harry Arthur Genuing during the past two weeks, was honored this week at a lovely tea hosted by Mrs. Herschel Gentry.

Spring flowers were used throughout the party rooms and entrance.

Guests enjoying the occasion with the hostess, honor guest and Mrs. Genuing were: Mrs. Fred Pelty, Mrs. Ed Seymour, Mrs. Ben Downing, Mrs. Vernon Malsh, Mrs. J. N. Harvey, Mrs. D. A. Strickland, Mrs. Joe Dawkins, Mrs. Clark Butler, Mrs. Fred Huenefeld, Jr., Mrs. Francis Dawson, Mrs. James A. Noe, Mrs. H. Few Eastering, Mrs. Herbert Dickard, Mrs. Hans Fischer.

Round-Up Is Sponsored By Swartz PTA

The Swartz P-T-A is sponsoring a summer round-up for children entering school this fall, on March 30, at 1 p.m. in the school auditorium. Examining physician will be Dr. Roy A. Kelly assisted by Mrs. Wooley, public health nurse.

All parents are urged to bring birth certificates of child when reporting for registration. Mrs. John Perry, summer round-up chairman, invites all parents to visit the first grade room.

Mrs. Turner Is Party Honoree

Mrs. Claud Turner was honored with a surprise birthday party last Saturday with Mrs. Elmer Owens and Mrs. Tom Bracken, hostesses. The party was held in the Owens home in Oak Grove. The guests included with the honoree were Mrs. Billy Roberts, Mrs. Robert Puckett, Mrs. Dorothy McGaha, Mrs. Pete Shields and Mrs. Earl Bennett.

CHARITY LEAGUE FOLLIES—Two of the participants in the Junior Charity League's silver anniversary follies, which will be held tonight in the auditorium of Neville High School, are shown in the dress rehearsal. Virginia Allen and Sara Terzia "go through the routine" in one of the many acts for the benefit performance. (Staff photo by Robert Hines.)

Miro Book Club Meets In The Home Of Mrs. F. L. Smith

The semi-monthly meeting of the Miro Book Club was held Monday in the home of Mrs. F. L. Smith, 902 Walnut.

The meeting was called to order by the president, Mrs. Thomas Jett. Mrs. F. V. Fluker was introduced by the president and welcomed to the club as a new member.

During the business session the following delegates were elected to attend the Fifth District meeting to be held in Ruston Saturday, April 2nd. Mrs. R. L. Wood, alternate, Mrs. A. S. Tidwell, Mrs. C. R. Tidwell, alternate, Mrs. F. L. Smith.

Mrs. A. S. Tidwell gave a short talk on Conservation. Mrs. R. L. Wood reviewed "Cutlers Empire" by F. Van Wyck Mason.

The book covers some twenty years of Henry Morgan's incredible active career, a career which for

imagination, leadership and daring is quite on a par with those of Sir Francis Drake and Henry Clive, she asserted.

It was Morgans misfortune to have lived just when he did. Born a century earlier or a century later he would have become a national hero, admired celebrated and respected wherever English is spoken, according to Mrs. Wood.

Mrs. Smith served a delicious salad course to the following members: Mrs. Thomas Jett; Mrs. R. L. Wood; Mrs. H. V. Fluker; Mrs. John Pracher; Mrs. A. L. Peters; Mrs. George Temple; Mrs. A. S. Tidwell; Mrs. Neal McHenry; Mrs. J. H. McCormick; Mrs. C. R. Tidwell; Mrs. F. L. Smith.

Code Of Ethics Is Topic When Y'ves Of YWCA Meet

The Y'ves of the YWCA held their regular bi-monthly meeting on Wednesday morning, March 23rd, at the YWCA building on Jackson Street.

Mrs. A. T. Klemme gave the thought for the day and concluded with a prayer. Mrs. Bob Persful, program chairman, introduced Rev. W. H. McFadden who spoke on a code of ethics for teenagers in Monroe. He pointed out that there should be an understanding among the parents of the community as to the type of parties teenagers attend and what time they should be home at night.

Refreshments were served by the hostesses, Mrs. R. L. Carson and Mrs. Bernard P. Graham.

and Mrs. A. D. Hanks. The business meeting was opened by the president, Mrs. Hewitt Johnson. Mrs. Victor Schoonover read the minutes of the previous meeting, and Mrs. H. W. Kight gave the treasurer's report.

Miss Bess Sharp talked to the club on groups sponsored by the YWCA.

Guests of the club were: Mrs. Walter Rice, Mrs. William H. Flack, Mrs. Gilbert P. Cook, Jr., and Mrs. Bernard P. Graham.

two-piece

"Miracle" Pongee Print

Field's
MONROE, LA.

Members present were: Mrs. Thos. A. Pitt, Mrs. Marion Perkins, Mrs. Mrs. Wm. M. Hochstetler, Mrs. A. T. Klemme, Mrs. Frank C. Eason, Mrs. T. L. Van Fossen, Mrs. Carl E. Mittell, Mrs. Joe Stewart, Mrs. W. T. Gattis, Mrs. Everett G. Heller, Mrs. A. D. Hanks, Mrs. W. E. McGough, Mrs. Carl Davis, Mrs. A. W. Gerson, Mrs. B. Eason, Mrs. H. W. Knight, Mrs. R. L. Carson, Mrs. R. R. Spiegelhalter, Mrs. Robert Y. Wiseman, Mrs. Paul H. Johnson, Jr., Mrs. V. M. Schoonover, Mrs. Hewitt Johnson, Mrs. Bob Persful, Mrs. Ruth Hundley, Mrs. Joe Gorman and Miss Bess Sharp.

The next meeting will be held on April 6th and Mrs. E. J. Blake will talk on Interior Decorating. Visitors are welcome.

Mrs. Henry Tete Is Entertained At Lovely Tea

Mrs. Henry Tete, who has been the house guest of Mrs. Harry Arthur Genung during the past two weeks, was honored this week at a lovely tea hosted by Mrs. Herschel Gentry.

Spring flowers were used throughout the party rooms and entrance.

Guests enjoying the occasion with the hostess, honor guest and Mrs. Genung were: Mrs. Fred Pety, Mrs. Ed Seymour, Mrs. Ben Downing, Mrs. Vernon Maish, Mrs. J. N. Harvey, Mrs. D. A. Strickland, Mrs. Joe Dawkins, Mrs. Clark Butler, Mrs. Fred Huenefeld, Jr., Mrs. Francis Dawson, Mrs. James A. Noe, Mrs. H. Few East-erling, Mrs. Herbert Dickard, Mrs. Hans Fischer.

Round-Up Is Sponsored By Swartz PTA

The Swartz P-T-A is sponsoring a summer round-up for children entering school this fall, on March 30, at 1 p.m. in the school auditorium. Examining physician will be Dr. Roy A. Kelly assisted by Mrs. Wooley, public health nurse.

All parents are urged to bring birth certificates of child when reporting for registration. Mrs. John Perry, summer round-up chairman, invites all parents to visit the first grade room.

Mrs. Turner Is Party Honoree

Mrs. Claud Turner was honored with a surprise birthday party last Saturday with Mrs. Elmer Owens and Mrs. Tom Bracken, hostesses. The party was held in the Owens home in Oak Grove. The guests included with the honoree were Mrs. Billy Roberts, Mrs. Robert Puekett, Mrs. Dorothy McGaha, Mrs. Pete Shields and Mrs. Earl Bennett.

CHARITY LEAGUE FOLLIES—Two of the participants in the Junior Charity League's silver anniversary follies, which will be held tonight in the auditorium of Neville High School, are shown in the dress rehearsal. Virginia Allen and Sara Terzia "go through the routine" in one of the many acts for the benefit performance. (Staff photo by Robert Hines.)

Miro Book Club Meets In The Home Of Mrs. F. L. Smith

The semi-monthly meeting of the Miro Book Club was held Monday in the home of Mrs. F. L. Smith, 902 Walnut.

The meeting was called to order by the president, Mrs. Thomas Jett. Mrs. F. V. Fluker was introduced by the president and welcomed to the club as a new member.

During the business session the following delegates were elected to attend the Fifth District meeting to be held in Ruston Saturday, April 2nd. Mrs. R. L. Wood, alternate, Mrs. A. S. Tidwell; Mrs. C. R.

Tidwell, alternate, Mrs. F. L. Smith.

Mrs. A. S. Tidwell gave a short talk on Conservation.

Mrs. R. L. Wood reviewed "Cutlers Empire" by F. Van Wyck Mason.

The book covers some twenty years of Henry Morgan's incredible active career, a career which for

imagination, leadership and daring is quite on a par with those of Sir Francis Drake and Henry Clive, she asserted.

It was Morgan's misfortune to have lived just when he did. Born a century earlier or a century later he would have become a national hero, admired celebrated and respected wherever English is spoken, according to Mrs. Wood.

Mrs. Smith served a delicious salad course to the following members: Mrs. Thomas Jett; Mrs. R. L. Wood; Mrs. H. V. Fluker; Mrs. John Pracher; Mrs. A. L. Peters; Mrs. George Temple; Mrs. A. S. Tidwell; Mrs. Neal McHenry; Mrs. J. H. McCormick; Mrs. C. R. Tidwell; Mrs. F. L. Smith.

HDC Has Meeting Eros-Cartwright

The Eros-Cartwright Home Demonstration Club held its March meeting in the home of Mrs. O. F. Wheelis, with Mrs. Corinne Chambliss, president, presiding.

After answering roll call and hearing minutes of the last meeting,

project leaders gave reports: Mrs. Samantha Lusk, poultry; Mrs. Andy Spillers, home management; Mrs. O. F. Wheelis, food preservation.

Mrs. Harvey, parish agent, then turned the meeting over to Miss Glenda Vee Willett, new parish assistant, who gave an interesting and informative demonstration on "New fabrics on the market, their characteristics and care."

Mrs. J. P. Maxwell then closed the meeting with a reading and a prayer.

Twelve members and two visitors were present. The visitors were Mrs. Ruth Higgins, Chatham, and Mrs. Homer Downs, Calhoun. Refreshments were served by Mrs. Wheelis, hostess.

MRS. ELIZABETH GREEN, Seattle, says: "St. Joseph Aspirin For Children is so convenient. No need to break tablets. My children like the orange flavor."

Mrs. Taylor Is HDC Hostess

Mrs. Wesley Taylor entertained the Bosco Home Demonstration Club at her home last week. Mrs. W. D. Dear gave a demonstration on types of salads and food best suited for the types of meals. Interesting reports were given by the poultry leader, clothing, family life and food preservation leaders.

Members attending were Mrs. F. T. Allen, Mrs. W. D. Dear, Mrs. J. D. Franklin, Mrs. A. C. Hodnett, Mrs. C. W. Hair, Mrs. P. M. Jeter, Mrs. J. R. Lee, Mrs. James Pender, Mrs. L. T. Pender, Jr., Mrs. Sam Taylor and the hostess, Mrs. Wesley Taylor.

La. Artists Have Exhibition

JONESVILLE — Works of Louisiana artists are on exhibit in Catiboula parish libraries at Harrisonburg, Sicily Island and Jonesville.

The exhibit is in Sicily Island this week. It will be in Jonesville for the next two weeks and will then be returned to the Harrisonburg library.

Jay Broussard, head of the state art commission, left the exhibit here after addressing three parish women's clubs last week.

Early Morning Fire Destroys Residence

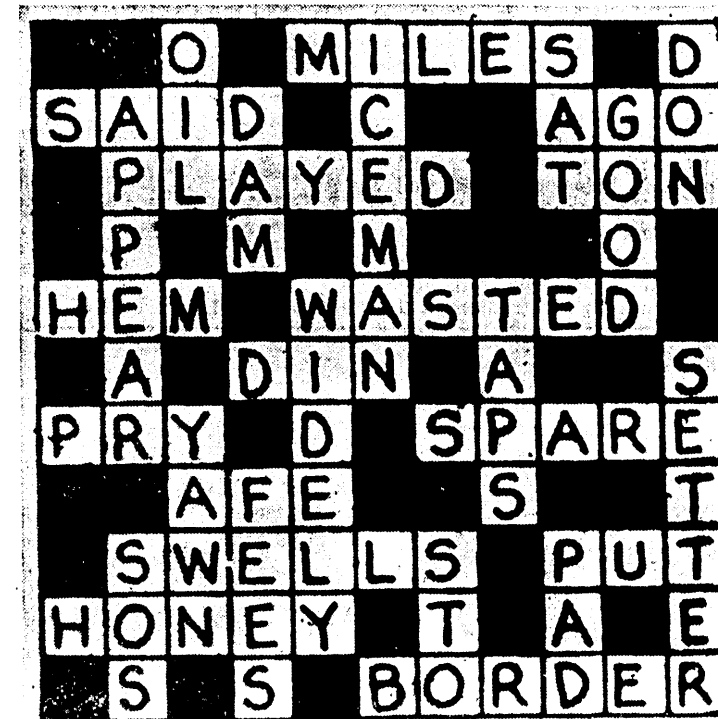

Mrs. Minnie Bryan, elderly widow of West Monroe, awoke to find her house in flames but escaped without injury early yesterday.

The blaze started from defective wiring in the rear of the three-room frame house and spread to the front, making it a total loss, according to firemen.

The fire, at 1512 Bessie Breece street, was reported at 1:44 a.m. The house and furnishings were insured.

RECEIVE INSTRUCTIONS IN VOTING—Inez Cherry, right, student instructor, is shown as she explains the use of voting machines to two other students at Ouachita Parish High School. The use of the machines was in connection with the election of student officials for "Student Government Day" Monday. Reading from left to right are Janette Reeves, Marcha Sugden and Inez Cherry. (Staff photo by John Oldenburg.)

Jackpot Puzzle Stumps 9,162 Entries; Reward Money Jumps Up To \$100

By BONANZA BILL

While high waters were swirling around a lot of homes in the area this week, there was another type of flood taking place in the offices of the Morning World, where 9,162 crossword puzzle contest entries were checked in a fruitless search for a \$75 set of answers.

No one was able to claim the jackpot offered for a perfect solution to puzzle number three, so old Bonanza Bill's putting a \$100 award tag on number four puzzle which will be published in the Monday and Tuesday morning editions of the World.

Interest in the puzzle contest has been gaining as rapidly as the spiraling jackpot. The first week there were 3,148 entries, while 5,400 postal cards came into the office on the second one, and this week was really a corker. Before long the post office probably will be making a special run just to bring in the thousands of entries.

A lot of people have been telling us that the puzzles seem easy—and they're, fun to work—but something seems to slip by them in trying to arrive at the correct answers. Well, remember this, somebody eventually will claim the jackpot, and it looks from here like its going to be a well-laden one, too.

When you get ready to send in your entries on the century note puzzler coming up next week, be sure to follow these rules:

Puzzle must be clipped and pasted to a two-cent postcard—entries in envelopes will not be considered—and postmarked not later than midnight Wednesday, or delivered to World Crossword Contest to arrive before noon Thursday.

For the correct answers to puzzle number three, take a look at the completed form printed on this page, and then scan this explanation of some of the more difficult clues. It may help get you ready for the next hurdle.

Explanation of More difficult Clues:

CLUES ACROSS:

6. SAID is preferred. If he were to SAY too much, that would be his OWN indiscretion, so he may well feel a little annoyed "with HIMSELF." Having PAID too much, he would just as likely be annoyed with the person who charged him too much—that is, even assuming he found out.

11. PLAYED is better because a shot might be well PLACED by accident.

13. HEM is more apt since the clue says "some care." The cutting of a GEM is a precise operation calling for GREAT care and not merely "some" care. "Some care" might well apply to a HEM.

14. WASTED is more apt since the clue says "there are always times." Opportunities are ALWAYS WASTED—not merely at "times."

There are, of course, times when they occur—and are WASTED. 18. PRY is preferred. Women who are always CRYING are either very deeply wronged, or in need of psychiatric treatment, so to dismiss them as "a nuisance" would be, to say the least, extremely heartless. PRY is more apt.

25. PUT is preferred since strictly speaking you do not POT flowers. You POT plants.

27. BORDER is the better word. Many a tablecloth has no design at all so how could it have a BORDER one? A BORDER design may make it set better.

CLUES DOWN:

1. OIL is preferred. The clue says "mis it not." They definitely "would not" if they got NIL. There is no "might not" about it. They might or might not feel happy according to the volume of OIL they finally got.

5. DON, a Spanish title or form of address, PRECEDES the actual name. VON is itself PART of the name (e.g. Paul VON Hindenburg).

8. DAM is best. Since the clue refers to a horseman, the word DAM, being the mother of a horse, is a logical answer. Furthermore, the clue says "might." He surely WOULD have recollections of some great DAY. Every man has; there is no "might" about it. However, he "might" recollect a great DAM.

10. GOOD is preferred because it would include GOLD and thus is the more comprehensive answer. A good jeweller should know ALL kinds, of course.

15. Certainly he must be quite careful when he TAPS a barrel of beer. He only needs to be quite careful when he TIPS it if it is tapped. Otherwise no extra care is necessary.

22. FEES is more apt as big FEES charged you by someone might well worry you. People with big FEET have had them practically all their lives and of course become mentally conditioned to the fact.

23. The sound of an SOS would definitely distress you as it indicates great trouble. A SOB need not distress you for it could well be when a person is crying with relief, or joy, or some other emotion.

Automotive engineers report that an oil filter will remove a pound or more of dirt and sludge from the oil in a car during 5,000 miles of driving.

Mrs. Mary Kennedy Dies At Winnsboro

WINNSBORO, March 26 (Special)—Mrs. Mary Ella Kennedy, 85, of Winnsboro, died in a Winnsboro hospital Friday afternoon.

Funeral services last night were incomplete, but burial will be in the Oak Grove Cemetery near Gilbert under the direction of Mulhearn Funeral Home of Winnsboro. Rev. Bradford and Rev. J. W. Boyd will officiate.

She is survived by two sons, L. L. Kennedy, Christoval, Texas; J. W. Kennedy, Fabre, Texas; three grandchildren, Mrs. Blanch Martin, Shreveport; Mrs. Charles Harris, Jr., Jigger; Mrs. Emily Smith, Winnsboro and two great grandchildren.

She was born in Gilbert Dec. 24, 1869, and in the latter years of her life made her home with Mrs. Emily Smith in Winnsboro.

Pupils Reassigned After Facilities Condemned Here

Between 20 and 25 pupils will attend Georgia Tucker and Bark-dull Faulk schools whichever is most convenient, a state insurance inspector's condemnation of the third floor of Central Grammar school, Van D. Odom, superintendent of Monroe city schools, revealed last night.

Places for the other Central pupils affected were found at Central Grammar school. Children were moved immediately from the condemned area.

Reasons for condemning the third floor were not known pending an official report.

Liechtenstein, an independent European state, is 65 square miles in area.

HDC Has Meeting Eros-Cartwright

The Eros-Cartwright Home Demonstration Club held its March meeting in the home of Mrs. O. F. Wheelis, with Mrs. Corinne Chambliss, president, presiding.

After answering roll call and hearing minutes of the last meeting,

MRS. ELIZABETH GREEN, Seattle, says: "St. Joseph Aspirin For Children is so convenient. No need to break tablets. My children like the orange flavor."

ST. JOSEPH ASPIRIN FOR CHILDREN

project leaders gave reports: Mrs. Samantha Lusk, poultry; Mrs. Andy Spillers, home management; Mrs. O. F. Wheelis, food preservation.

Mrs. Harvey, parish agent, then turned the meeting over to Miss Glenda Vee Willett, new parish assistant, who gave an interesting and informative demonstration on "New fabrics on the market, their characteristics and care."

Mrs. J. P. Maxwell then closed the meeting with a reading and a prayer.

Twelve members and two visitors were present. The visitors were Mrs. Ruth Higgins, Chatham, and Mrs. Homer Downs, Calhoun. Refreshments were served by Mrs. Wheelis, hostess.

Mrs. Taylor Is HDC Hostess

Mrs. Wesley Taylor entertained the Bosco Home Demonstration Club at her home last week. Mrs. W. D. Dear gave a demonstration on types of salads and food best suited for the types of meals. Interesting reports were given by the poultry leader, clothing, family life and food preservations leaders.

Members attending were Mrs. F. T. Allen, Mrs. W. D. Dear, Mrs. J. D. Franklin, Mrs. A. C. Hodnett, Mrs. C. W. Hair, Mrs. P. M. Jeter, Mrs. J. R. Lee, Mrs. James Pender, Mrs. L. T. Pender, Jr., Mrs. Sam Taylor and the hostess, Mrs. Wesley Taylor.

La. Artists Have Exhibition

JONESVILLE — Works of Louisiana artists are on exhibit in Cataboula parish libraries at Harrisonburg, Sicily Island and Jonesville.

The exhibit is in Sicily Island for the next two weeks and will then be returned to the Harrisonburg library.

Jay Broussard, head of the state art commission, left the exhibit here after addressing three parish women's clubs last week.

Early Morning Fire Destroys Residence

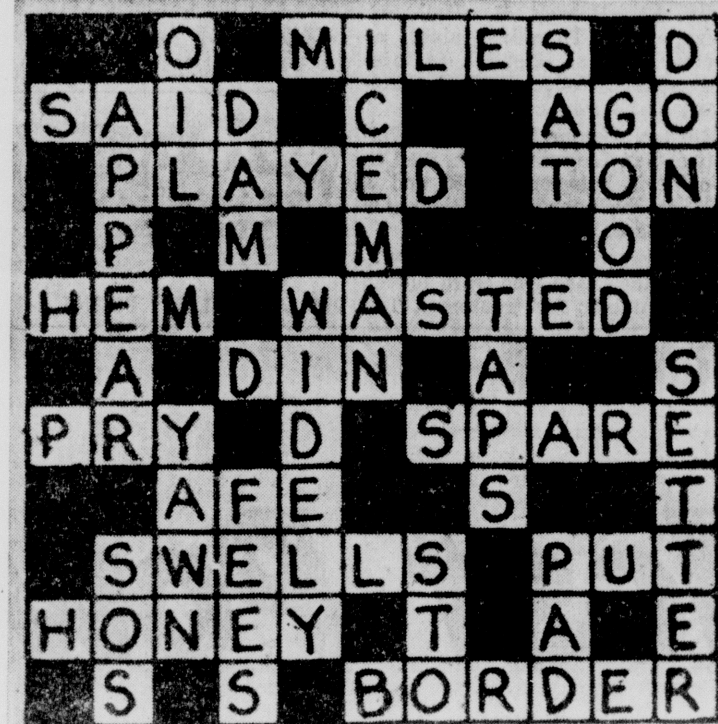

Mrs. Minnie Bryan, elderly widow of West Monroe, awoke to find her house in flames but escaped without injury early yesterday.

The blaze started from defective wiring in the rear of the three-room frame house and spread to the front, making it a total loss, according to firemen.

The fire, at 1512 Bennie Breece street, was reported at 1:44 a.m. The house and furnishings were insured.

RECEIVE INSTRUCTIONS IN VOTING—Inez Cherry, right, student instructor, is shown as she explains the use of voting machines to two other students at Ouachita Parish High School. The use of the machines was in connection with the election of student officials for "Student Government Day" Monday. Reading from left to right are Janette Reeves, Marcha Sugden and Inez Cherry. (Staff photo by John Oldenburg.)

Jackpot Puzzle Stumps 9,162 Entries; Reward Money Jumps Up To \$100

By BONANZA BILL

While high waters were swirling around a lot of homes in the area this week, there was another type of flood taking place in the offices of the Morning World, where 9,162 crossword puzzle contest entries were checked in a fruitless search for a \$75 set of answers.

No one was able to claim the jackpot offered for a perfect solution to puzzle number three, so old Bonanza Bill's putting a \$100 award tag on number four puzzle which will be published in the Monday and Tuesday morning editions of the World.

Interest in the puzzle contest has been gaining as rapidly as the spiraling jackpot. The first week there were 3,148 entries, while 5,400 postal cards came into the office on the second one, and this week was really a corker. Before long the post office probably will be making a special run just to bring in the thousands of entries.

A lot of people have been telling us that the puzzles seem easy—and they're, fun to work—but some thing seems to slip by them in trying to arrive at the correct answers. Well, remember this, somebody eventually will claim the jackpot, and it looks from here like its going to be a well-laden one, too.

When you get ready to send in your entries on the century note puzzler coming up next week, be sure to follow these rules:

Puzzle must be clipped and pasted to a two-cent postcard—entries in envelopes will not be considered—and postmarked not later than midnight Wednesday, or delivered to World Crossword Contest to arrive before noon Thursday.

For the correct answers to puzzle number three take a look at the completed form printed on this page, and then scan this explanation of some of the more difficult clues. It may help get you ready for the next hurdle.

Explanation of More difficult Clues:

CLUES ACROSS:

6. SAID is preferred. If he were to SAY too much, that would be his OWN indiscretion, so he may well feel a little annoyed "with HIMSELF". Having PAID too much, he would just as likely be annoyed with the person who charged him too much—that is, even assuming he found out.

11. PLAYED is better because a shot might be well PLACED by accident.

13. HEM is more apt since the clue says "some care". The cutting of a GEM is a precise operation calling for GREAT care and not merely "some" care. "Some care" might well apply to a HEM.

14. WASTED is more apt since the clue says "there are always times". Opportunities are ALWAYS WASTED—not merely at "times."

There are, of course, times when they occur—and are WASTED.

18. PRY is preferred. Women who are always CRYING are either very deeply wronged, or in need of psychiatric treatment, so to dismiss them as "a nuisance" would be, to say the least, extremely heartless. PRY is more apt.

25. PUT is preferred since strictly speaking you do not POT flowers. You POT plants.

27. BORDER is the better word. Many a tablecloth has no design at all so how could it have a BOLDER one? A BORDER design may make it sell better.

CLUES DOWN:

1. OIL is preferred. The clue says "might not". They definitely "would not" if they got NIL. There is no "might not" about it. They might or might not feel happy according to the volume of OIL they finally got.

5. DON, a Spanish title or form of address, PRECEDES the actual name. VON is itself PART of the name (e.g. Paul VON Hindenburg).

8. DAM is best. Since the clue refers to a horseman, the word DAM, being the mother of a horse, is a logical answer. Furthermore, the clue says "might". He surely WOULD have recollections of some great DAY. Every man has; there is no "might" about it. However, he "might" recollect a great DAM.

10. GOOD is preferred because it would include GOLD and thus is the more comprehensive answer. A good jeweller should know ALL kinds, of course.

15. Certainly he must be quite careful when he TAPS a barrel of beer. He only needs to be quite careful when he TIPS it if it is tapped. Otherwise no extra care is necessary.

22. FEES is more apt as big FEES charged you by someone might well worry you. People with big FEET have had them practically all their lives and of course become mentally conditioned to the fact.

23. The sound of an S O S would definitely distress you as it indicates great trouble. A SOB need not distress you for it could well be when a person is crying with relief, or joy, or some other emotion.

Automotive engineers report that an oil filter will remove a pound or more of dirt and sludge from the oil in a car during 5,000 miles of driving.

Mrs. Mary Kennedy Dies At Winnsboro

WINNSBORO, March 26 (Special)—Mrs. Mary Ella Kennedy, 85, of Winnsboro, died in a Winnsboro hospital Friday afternoon.

Funeral services last night were incomplete, but burial will be in the Oak Grove Cemetery near Gilbert under the direction of Mulhearn Funeral Home of Winnsboro. Rev. Bradford and Rev. J. W. Boyd will officiate.

She is survived by two sons, L. L. Kennedy, Christoval, Texas; J. W. Kennedy, Fabene, Texas; three grandchildren, Mrs. Blanche Martin, Shreveport; Mrs. Charles Harris, Jr., Jigger; Mrs. Emily Smith, Winnsboro and two great grandchildren.

She was born in Gilbert Dec. 24, 1869, and in the latter years of her life made her home with Mrs. Emily Smith in Winnsboro.

DOROTHY DIX

Her Boy's Return From Service

Tired Mother Ponders Living With Daughter Or Keeping Home For Son

By DOROTHY DIX

DEAR MISS DIX: My husband died seven years ago, leaving me with three children. I am now 70; two of the children are married, and my older son is in the Air Force. I worked hard to keep a home for the children, but now my health is bad and they are much more difficult than they were. My daughter has offered me a home, and my problem is whether to go with her or continue working to keep a home for my son in service. He'll be discharged in a few months.

DELAY DECISION

ANSWER: As your boy will be home in a few months, can't you postpone a decision until then? This is a big step and one that should be discussed with everyone concerned. With your son's assistance you might find a way to continue in your own home.

DEAR MISS DIX: My daughter has been going out with a young man for eight months. He tells her he isn't ready to get married. He says he loves her, but he hasn't given her a ring. I think he is waiting for time.

ANSWER: You seem quite worried over the possibility of having a spinster daughter. Believe me, it's much better for young people to take their time, instead of rushing into a marriage that may later be regretted. Eight months is not too long for a couple to enjoy each other's company without making pledges. I think if you have this matter in the hands of your daughter and her friend they'll solve it quite nicely themselves.

DEAR MISS DIX: I am very much in love with a boy who dated me three times. I understand from his sister that he didn't have a job and so was financially unable to continue dating. But I hear he is friendly with another girl who was his steady a while ago. I would like to go out with him again as I am very much in love with him.

ANSWER: Most girls at one time or another face the unpleasant truth that the boy they date on is fond of someone else. Your young man apparently dated you on the rebound from a disappointment of his own; now he has picked up the pieces of that broken romance and I'm afraid you must accept the truth—that you were just a pleasant interlude. Have faith in the fact that you will soon find another beau equally desirable.

DEAR MISS DIX: I've known a boy for a year and I'm in love with him, but we just can't seem to get along with each other. In the beginning, I told him a few fibs, thinking I was making an impression on him. For instance, I'd say I had been to a certain restaurant, resort or something along those lines. Now, he knows me the third degree about everything. He doesn't believe a thing I tell him. He is very jealous and draws his own conclusions. We plan to marry, but I'm giving it careful thought because I'm a bit afraid of the future with him. He's 24 and I'm 18.

ANSWER: While fibbing, of course, is always wrong, it would seem to me easy enough to forgive your harmless exaggerations. That is, of course, if the young man took the trouble to think things over. I doubt if you'd have to dig very far to find a flaw in his character. If he expects to be granted considerable understanding from you, as his wife, he certainly should be disposed to make similar concessions to you. If he is a young man who can't overlook a minor untruth, I doubt if he's worth your devotion.

Write DOROTHY DIX for free leaflet D-35, "Manners And Young People." In all cases, be sure to enclose a stamped, self-addressed envelope and send request to her, care of this newspaper, 229 West 43rd Street, Room 706, New York 36, N. Y.

(Released by The Bell Syndicate, Inc.)

Low Bidders Named On Highway Projects

A low bid of \$417,389 for widening and blacktopping 13 2-10 miles of the Monroe-Bastrop highway, state routes 11, 14 and 204, was announced yesterday by the Louisiana highway department along

with low bids for 15 other highway projects. The low bidder was Coastal Contractors Inc., Baton Rouge.

Among other low bids announced were a \$44,617 offer for 5 1-4 miles of blacktopping on the Homer-Vienna highway, state route 115; and \$6,717 to blacktop 4 3-4 miles of the Jena-Ruston highway, state route 101.

Cunningham and McCullen, Shreveport, was announced as the low bidder on both the Homer-Vienna and the Jena-Bastrop jobs.

Low bids on the 16 projects, which included a bridge in St. Bernard parish, totalled \$2,664,852.

Motorcycle Lesson Rough On Everyone

CORPUS CHRISTI, Tex., March 25—UP—Mrs. Frances Maxey, taking instructions from her husband on how to drive a motorcycle, made the mistake of giving the machine full throttle.

The motorcycle lunged away, spilling Mrs. Maxey's husband from the seat behind her; glanced off a tree; barely missed a group of children; ran over the tongue of a toy wagon in which three children were playing; scattering the youngsters; plowed through a banana tree; smashed into the wall of a trailer and knocked the trailer off its supports.

Mrs. Maxey was treated for bruises and a sprained wrist.

Burglar Proves Too Young For Jail

SAN ANTONIO, March 25—UP—Detective Joe G. Newman reported Friday he received "confidential information" that a burglar was breaking into a building in the "near" of a San Antonio home.

His written report to headquarters went on:

"I went to the address and the victim, Mrs. E. E. Lowe, told me the culprit had run behind a house at 1212 Santa Barbara. I went to the rear of the house and found the subject in the rear yard. I returned him to the address 1212 Santa Barbara and he was identified.

"The culprit was Ronnie Green (five years). He was released to his mother, as the building he had entered was a doll house, and he stated he was only playing. The mother took action. Complaint was satisfied. (No offense report)."

Second Victim Of Plane Collision Dies

SAN ANTONIO, March 25—UP—First Lt. Robert H. Hall, of Tulsa, died Thursday night at Brooke General Hospital, of injuries suffered Wednesday in a plane crash at El Paso.

Earlier, Airman 2c Merle A. Talbot of San Lorenzo, Calif., died in a collision between a B-50 and a B-26 on the runway at Biggs Air Force Base.

Hall was one of four other victims of the crash who were moved to San Antonio for treatment. The

other three fliers are described as in serious condition.

From 1890 to 1917, Andrew Carnegie and the Carnegie Corp. gave \$13,965,000 for public libraries in the United States and Canada.

Most Powerful Car at its Price!

Come in and try the sensational performance of Pontiac's **200-HP Strato-Streak V-8!**

If all the talk about horsepower has left you confused, let this one simple fact set you straight.

Model for model, the sensational all-new Pontiac Strato-Streak V-8 delivers more horsepower per dollar than any other car in its field.

And that fact holds good whether you specify the four-barrel carburetor—a low-cost option that puts 200 eager horsepower under Pontiac's handsome hood—or decide on the regular 180-horsepower Strato-Streak V-8.

The Strato-Streak V-8 engine, part and parcel of every Pontiac at every price, produces performance as fresh and distinctive as Pontiac's Twin-Streak styling and Vogue Two-Tone beauty—with traditional Pontiac dependability and the greatest economy in Pontiac history.

But Pontiac's extra value doesn't stop with power. Its Shock-Proof chassis, wide-stance rear springs, long 122" or 124" wheelbase, recirculating ball steering and bigger brakes provide the luxurious comfort and effortless handling ease you would expect to find in America's most costly cars.

Coming soon and personally road-test the difference you get with Pontiac's spectacular Strato-Streak V-8 performance and you'll see why Pontiac sales are at an all-time high!

You can buy a big, powerful Pontiac for less than many models of the lowest-priced cars and much less than stripped, economy models of higher-priced makes!

Look high and low... and you'll go

DOROTHY DIX

Her Boy's Return From Service

Tired Mother Ponders Living With Daughter Or Keeping Home For Son

By DOROTHY DIX

DEAR MISS DIX: My husband died seven years ago, leaving me with three children. I am now 50; two of the children are married, and my older son is in the Air Force. I worked hard to keep a home for the children, but now my health is bad and things are much more difficult than they were. My daughter has offered me a home, and my problem is whether to go with her or continue working to keep a home for my son in service. He'll be discharged in a few months.

Mrs. B.

DELAY DECISION

ANSWER: As your boy will be home in a few months, can't you postpone a decision until then? This is a big step and one that should be discussed with everyone concerned. With your son's assistance you might find a way to continue in your own home.

DEAR MISS DIX: My daughter has been going out with a young man for eight months. He tells her he isn't ready to get married. He says he loves her, but he hasn't given her a ring. I think she is wasting her time.

Mrs. M. J.

ANSWER: You seem quite worried over the possibility of having a spinster daughter. Believe me, it's much better for young people to take their time, instead of rushing into a marriage that may later be regretted. Eight months is not too long for a couple to enjoy each other's company without making pledges. I think if you leave this matter in the hands of your daughter and her friend they'll solve it quite nicely themselves.

DEAR MISS DIX: I am very much in love with a boy who dated me three times. I understand from his sister that he didn't have a job and so was financially unable to continue dating. But I hear he is friendly with another girl who was his steady a while ago. I would like to go out with him again as I am very much in love with him.

Confused

ANSWER: Most girls at one time or another face the unpleasant truth that the boy they date on is fond of someone else. Your young man apparently dated you on the rebound from a disappointment of his own; now he has picked up the pieces of that broken romance and I'm afraid you must accept the truth—that you were just a pleasant interlude. Have faith in the fact that you will soon find another beau equally desirable.

DEAR MISS DIX: I've known a boy for a year and I'm in love with him, but we just can't seem to get along with each other. In the beginning, I told him a few fibs, thinking I was making an impression on him. For instance, I'd say I had been to a certain restaurant, resort or something along those lines. Now, he gives me the third degree about everything. He doesn't believe a thing I tell him. He is very jealous and draws his own conclusions. We plan to marry, but I'm giving it careful thought because I'm a bit afraid of the future with him. He's 24 and I'm 18.

Inez

ANSWER: While fibbing, of course, is always wrong, it would seem to me easy enough to forgive your harmless exaggerations. That is, of course, if the young man took the trouble to think things over. I doubt if you'd have to dig very far to find a flaw in his character. Low Bidders Named On Highway Projects

A low bid of \$417,389 for widening and blacktopping 13 2-10 miles of the Monroe - Bastrop highway, state routes 11, 14 and 204, was announced yesterday by the Louisiana highway department along

with low bids for 15 other highway projects. The low bidder was Coastal Contractors Inc., Baton Rouge.

Among other low bids announced were a \$44,617 offer for 5 1-4 miles of blacktopping on the Homer Vienna highway, state route 115; and \$56,717 to blacktop 4 3-4 miles of the Jena - Ruston highway, state route 1011.

Cunningham and McCullen, Shreveport, was announced as the low bidder on both the Homer - Vienna and the Jena-Ruston jobs. Low bids on the 16 projects, which included a bridge in St. Bernard parish, totalled \$2,664,832.

Motorcycle Lesson Rough On Everyone

CORPUS CHRISTI, Tex., March 25—UP—Mrs. Frances Maxey, taking instructions from her husband on how to drive a motorcycle, made the mistake of giving the machine full throttle.

The motorcycle lunged away, spilling Mrs. Maxey's husband from the seat behind her; glanced off a tree; barely missed a group of children; ran over the tongue of a toy wagon in which three children were playing, scattering the youngsters; plowed through a banana tree; smashed into the wall of a trailer and knocked the trailer off its supports.

Mrs. Maxey was treated for bruises and a sprained wrist.

Burglar Proves Too Young For Jail

SAN ANTONIO March 25—UP—Detective Joe G. Newman reported Friday he received "confidential information that a burglar was breaking into a building in the rear" of a San Antonio home.

His written report to headquarters went on:

"I went to the address and the victim, Mrs. E. E. Lowe, told me the culprit had run behind a house at 1212 Santa Barbara. I went to the rear of the house and found the subject in the rear yard. I returned him to the address 1212 Santa Barbara and he was identified.

"The culprit was Ronnie Green (five years). He was released to his mother, as the building he had entered was a doll house, and he stated he was only playing. The mother took action. Complainant was satisfied. (No offense report)."

ENGULFED—Rapidly rising waters of the Tom Digbee River have engulfed outlying areas of Aberdeen, Miss., and flooding of business district is threatened. Red Cross has reported three more deaths in Tennessee as flood waters through the south leave thousands homeless.

Second Victim Of Plane Collision Dies

SAN ANTONIO, March 25—UP—First Lt. Robert H. Hall, of Tulsa, died Thursday night at Brooke General Hospital, of injuries suffered Wednesday in a plane crash at El Paso.

Earlier, Airman 2c Merle A. Talbott of San Lorenzo, Calif., died in a collision between a B-50 and a B-26 on the runway at Biggs Air Force Base.

Hall was one of four other victims of the crash who were moved to San Antonio for treatment. The

other three fliers are described as in serious condition.

From 1890 to 1917, Andrew Carnegie and the Carnegie Corp. gave \$43,665,000 for public libraries in the United States and Canada.

Most Powerful Car at its Price!

Come in and try the sensational performance of Pontiac's 200-HP Strato-Streak V-8!

If all the talk about horsepower has left you confused, let this one simple fact set you straight.

Model for model, the sensational all-new Pontiac Strato-Streak V-8 delivers more horsepower per dollar than any other car in its field.

And that fact holds good whether you specify the four-barrel carburetor—a low-cost option that puts 200 eager horsepower under Pontiac's handsome hood—or decide on the regular 180-horsepower Strato-Streak V-8.

The Strato-Streak V-8 engine, part and parcel of every Pontiac at every price, produces performance as fresh and distinctive as Pontiac's Twin-Streak styling and Vogue Two-Tone beauty—with traditional Pontiac dependability and the greatest economy in Pontiac history.

But Pontiac's extra value doesn't stop with power. Its Shock-Proof chassis, wide-stance rear springs, long 122" or 124" wheelbase, recirculating ball steering and bigger brakes provide the luxurious comfort and effortless han-

dling ease you would expect to find in America's most costly cars.

Come in soon and personally road-test the difference you get with Pontiac's spectacular Strato-Streak V-8 performance and you'll see why Pontiac sales are at an all-time high!

You can buy a big, powerful Pontiac for less than many models of the lowest-priced cars and much less than stripped, economy models of higher-priced makes!

Look high and low ... and you'll go

Oldest Known New Testament Goes To Library Of Congress

WASHINGTON (AP)—One of the most treasured of Christian documents, the oldest known New Testament in the language spoken by Christ and his disciples, goes

to the Library of Congress today. A 1½-million-dollar insurance policy covered the document during the estimated 90-minute transfer from a downtown bank. The volume, believed to be more than 1,600 years old, will be kept in a vault at the library until it goes on exhibition April 5. The testament is known as the Yonan Codex. For centuries it has

been in the keeping of the Malek Yonan family, which came from Assyria. Codex means a book form of manuscript as distinguished from the scroll form. No sale price has been announced. L. Quincy Mumford, librarian of Congress, said the Yonan Codex would be the greatest possible addition to the library's collection of biblical texts.

We're on YOUR SIDE
when you need help most

R. M. Troy

Darwin G. Nichols

Doug Coker

James W. McBeth

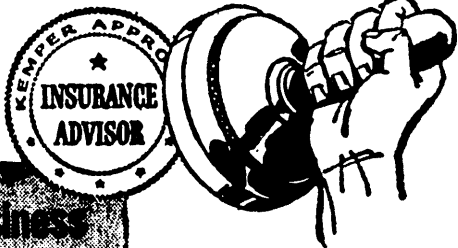

If your Automobile, or other insurance, is placed through our agency, we're on your side, when you need help most. We think the three most important things an insurance agency should do for you, are to:

1. See that you have enough protection, but not more than you need;
2. Be ready with expert insurance help, day or night, when an accident or a fire occurs;
3. Place your insurance in reliable companies at the lowest cost consistent with good service and security.

Those have been our standards, ever since this agency was first organized. If you ever wonder whether you have the insurance you need, or whether you're paying too much for what you have, we think we can help you. Our policyholders are enjoying substantial savings through dividend-paying policies. Try us—we'll be glad to answer your questions, entirely without obligation.

Building Permits

The following building permits have been issued by city building inspector S. H. Awi's:

J. E. Hart and Son, to erect a one story frame residence at 1807 Milton at a cost of \$10,000.

John A. Salisbury, to add to a one story frame residence at 2315 Jasmine at a cost of \$1500.

Estate of Joe Haddad, to remodel a one story frame dwelling at 1002 North 6th street at a cost of \$400.

William Haddad, to repair a one and a half story frame residence at 1000 North 6th street at a cost of \$200.

C. L. Minard, to add a boiler room to a one story brick laundry building at 503 South Grand at a cost of \$1700.

Upside Down

CAPE MAY, N. J. (AP)—Residents stared across Delaware Bay yesterday at Lewes, Del., 13 miles away. It was upside down. The strange sight, which lasted 15 minutes, was attributed to a mirage caused by atmospheric conditions.

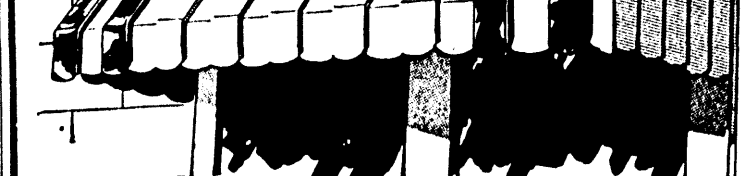

State Highway May Be Connected With U. S. System

FERRIDAY, March 25 (Special)—State Route 49 in Concordia parish, which runs south of Vidalia on top of the mainline Mississippi river may be connected with State Route 30 at Lettsworth in the parish, through federal aid funds.

The Concordia parish police jury is in receipt of a letter from the federal aid department asking for a resolution approving the proposed project. The resolution was unanimously passed.

This would be an important connecting link for the federal government since it would pass the control structure being built at the mouth of Old River to prevent diversion of the Mississippi river down the Atchafalaya.

Catahoula Fox Hunters Are 'Up In Arms'

JONESVILLE, March 25 (Special)—Fox hunters throughout Catahoula are "up in arms" concerning a law passed by the 1954 session of the state legislature.

A law approved then prevents fox hunters from hunting from April through September. The law is designed to prevent hunters from hunting deer during the off-season. When their dogs are found running deer, hunters can easily

claim they were fox hunting or cat hunting. The law, in effect, prevents hunting of any type with dogs from April through September. Catahoula fox and cat hunters are circulating a petition protesting the law. One hunter said from all indications, the petition will be signed by many parish citizens.

Mayfield Fires Record 64 To Lead At Miami Beach

Bob Rosburg 2nd; Thompson, 1st Day Leader, Runs 3rd

By BEN FUNK

MIAMI BEACH, Fla., March 25.—A sensational putting by blond Shelley Mayfield produced a record-shattering 64 Friday and gave him the second-round lead in the \$12,500 Miami Beach Open Golf Tournament.

Mayfield, a 20-year-old native of Texas who now calls Westbury, L. I., his home, knocked eight strokes off par and one stroke off the competitive record for the Bay-shore Municipal course. The old mark of 65 had stood for many years and been equaled several times.

With his first round 68, Mayfield posted a 3-hole total of 132 to bounce up from eighth place to lead the pack at the halfway point in the tournament. His nearest competitor, young Bob Rosburg of San Francisco, was two strokes in his rear.

Rosburg, who plans to quit the tournament trail and settle down to a peaceful pro job after this year, fired a 68 to go with yesterday's 66 for 134. For a man with a wife and three kids, Rosburg said, the weekly scramble for cash on the golf circuit is "just too tough a way to make a living."

Mayfield, who won at Palm Springs and is seeking his second tournament first prize of the winter tour, dropped in a putt of 25 feet for an eagle and scored four of his birdies, with putts ranging from 18 to 30 feet. He was out in 33 and screeched the back stretch with a 31.

The first day leader, Peter Thompson, the 25-year-old British Open champ from Australia, put a 70 with yesterday's 65 to skid into a third-place tie with Gene Lattier, Palm Springs, Calif., at 135. Lattier registered a 69 after a first round 66.

The second round leaders:

Shelley Mayfield, Westbury, L. I., 68-64—132.

Bob Rosburg, San Francisco, 66-68—134.

Peter Thompson, Melbourne, Australia, 65-70—135.

Gene Lattier, Palm Springs, Calif., 66-69—135.

Sam Snead, White Sulphur Springs, W. Va., 69-67—136.

John Serrafin, Fox Hills, Pa., 70-66—136.

John Barnum, Grand Rapids, Mich., 68-68—136.

Bob Inman, Tulsa, Okla., 66-70—136.

Eric Monti, Los Angeles, 69-68—137.

Julius Boros, Mid Pines, N. C., 70-67—137.

Arnold Palmer, Latrobe, Pa., 68-69—137.

Leo Blaggett, Sandusky, Ohio, 69-68—137.

Doug Higgins, Midland, Tex., 69-68—137.

Billy Maxwell, Odessa, Tex., 67-70—137.

W. A. Pagan Jr., West Palm Beach, Fla., 67-71—138.

Gardner Dickinson, St. Andrews, Ill., 69-69—138.

Lew Worsham, Fort Lauderdale, Fla., 70-68—138.

Ed Furgol, St. Louis, 69-69—138.

Wally Ulrich, Rochester, Minn., 69-69—138.

ATTEMPTED STEAL.—The Washington Senators' Ernie Oravetz loses his cap and is out at second base as New York Yankee shortstop Billy Hunter is waiting to tag him in the third inning of an exhibition game at St. Petersburg, Fla. Catcher Elston Howard's throw was perfect to nip the steal. (AP Wirephoto)

31 Horses Ready Today At Aintree For Steeplechase

AINTREE, England, March 25.—English-trained Tudor Line was made the betting favorite tonight to break the Irish hold on the Grand National—the world's toughest test for steeplechase horses.

The 100th running of the National goes on tomorrow at the ancient Aintree track near Liverpool, and a field of 31 is expected to start after the late scratch of the highly-regarded Goosander because of a foot infection.

Tudor Line, trained by Bobby Renton at Ripon in Yorkshire and owned by Mrs. E. Truelove, ousted the Irish-trained Early Mist at tonight's betting callover. Tudor line was listed at 7-1, Early Mist 15-2.

However, six of the first 12 in the betting are Irish-trained. Among the best Irish hopes are Early Mist, the 1953 winner, Quare Times, Copp, Carey's Cottage, Mr. Linnell and Royal Tan, last year's winner now owned by Prince Aly Khan.

Rain fell at Aintree today and officials said the turf was likely to be heavy for the exhausting grid over the four miles, 856 yards course with its 30 rugged jumps.

With the royal family, one of the world's surest attractions, due to attend the race, a crowd of some 200,000 to 250,000 was expected. More rain, however, would cut the attendance.

The queen, Princess Margaret and Queen Mother Elizabeth will be in the royal box. They'll be rooting for M' As-Tu-Vu, the queen mother's horse, who certainly has a chance.

Tudor Line, beaten a neck by Royal Tan in last year's race, ousted Early Mist tonight as the betting favorite in the final odds callover by Britain's top bookmakers in London.

They made Tudor Line 7-1, while Early Mist remained at 15-2. Royal Tan was 28-1. Irish Lizard, making his fifth national attempt, was listed at 10-1, along with Quare Times.

As usual, however, the odds were expected to fluctuate at the course tomorrow.

This is one of Britain's big betting races. Millions of Englishmen will have a wager on the race, which is scheduled to start at 3:15 p.m. (9:15 a.m. CST). A big money Irish hospital sweepstakes is decided on the result.

O'Connell Due Back In Couple Of Weeks

BRADENTON, Fla., March 25.—Second baseman Danny O'Connell should be back in the game in a week or two, Milwaukee Braves trainer Dr. Charles Laeks reports.

O'Connell, who wrenched his back in halting practice March 17, was left behind when the Braves broke camp here yesterday, so he can take further diathermy treatments.

Also left behind to work under Coach John Cooney were six rookies who will be assigned to arm clubs around April 1. They are pitchers Bob Giggie, Don McMahon, Bob Trowbridge and Paul Cave, first baseman Frank Torre and second baseman Bob Malkmus.

The schedule of Solunar periods printed below has been taken from John Alden Knight's Solunar tables. Plan your days so that you will be fishing in good territory or hunting in good cover during these times, if you wish to find the best spot that each day has to offer.

A.M. TODAY
Minor Major Minor
7:30 1:10 5:30
A.M. TOMORROW
Minor Major Minor
8:15 2:00 8:30

The major periods begin at the times shown and last for an hour and a half or two hours thereafter.

Bastrop Downs Mangham Foes By 12-1 Margin

MANGHAM, La., March 25.—Special.—The Bastrop High Rams, defending state triple-A baseball champions, opened their season with a 12-1 win over the Mangham Dragons here this afternoon. Bastrop used four hurlers and Mangham worked two.

Bill Loftin led the Rams' 13-hit assault with a homer, triple and single in five times at bat. Gayle Peek socked a homer and single, and Bob Loftin got two hits for the visitors. J. W. Mercer and Jones got the only Mangham hits, one apiece.

Coach Bob Brasher's Rams will appear in Bastrop Monday night against a Bonita High invasion.

Pan-Am Standings

MEXICO CITY, March 25.—Virtually complete unofficial standings of the 22 nations and territories entered in the Pan-American Games:

1—United States 1,431½. 2—Argentina 553½. 3—Mexico 440. 4—Venezuela 153. 5—Chile 150. 6—Brazil 138½. 7—Cuba 131. 8—Canada 109. 9—Colombia 45. 10—Uruguay 42½. 11—Puerto Rico 33½. 12—Dutch West Indies 29½. 13—Guatemala 22. 14—Dominican Republic 20. 15—Jamaica 19. 16—Panama 15. 17—Trinidad 9½. 18—El Salvador 5. 19—Paraguay 4.

Haiti, Costa Rica and the Bahamas failed to score.

The unofficial score is based on 10 points for each first place, 5 for second, 4 for third, 3 for fourth, 2 for fifth and 1 for sixth.

East's All-Stars Favored To Beat Western Cagers

NEW YORK, March 25.—The basketball season ends tomorrow night with All-Americans Tom Gola and Dick Ricketts and 18 other seniors bowing out of the college picture in the East-West All-Star game at Madison Square Garden.

The Easterners—touted as taller, tougher and more talented—are heavily favored to win the ninth annual game, proceeds of which go to the Herald-Tribune Fresh Air Fund. The series stands at four victories apiece.

There are those, in fact, who are predicting an unprecedented runaway by the Easterners, coached by Ken Loeffler of LaSalle. They cite four pretty good reasons: Gola, Ricketts, Maurice Stokes and Ed Conlin.

LaSalle's 6-7 gola, three time all-arounder, heads the cast with Ricketts, a polished 6-8 operator out of Duquesne, right behind. Stokes is the 6-6, 230-pounder who put St. Francis (Pa.) on the basketball map. Last week he won the most valuable player award in the National Invitational Tournament.

Conlin, a jump-shot specialist, is the shrimp of the lot at 6-5. He played at Fordham. The fifth starter for the East will be Corky Devlin of George Washington, also 6-5.

Burce Drake of Oklahoma, the West coach, has inherited the problem of trying to deal with this pack of point-happy citizens. His solution is this: a little man, a big man and a real big man.

The little man is his own Lester Lane, a 5-10 swiftie. Lane recently scored 23 points in the Kansas City East-West game.

Jack Twyman, who has impressed Drake in workouts, is the big man. He's 6-6 and will probably draw Gola as his defensive assignment. Twyman, of Cincinnati, has shown himself a fine outside shot.

The real big man is 6-10 Don Schlundt, erstwhile Indiana All-America who averaged close to 30 points a game this year. He'll be spelled by Bob McKeen of California, 6-7 and broad-shouldered.

Bob Patterson of Tulsa, a rugged 6-4 and 6-3 Dick Garmaker of Minnesota, will be the fourth and fifth starters for the West.

Louisiana Tech Trips Southern By 11-5 Margin

HATTIESBURG, Miss., March 25.—Louisiana Tech broke loose in two big innings to bang out an 11-5 victory over Mississippi Southern today.

Tech snapped a 2-2 tie with a four-run, five-hit assault on Billy Ed Hatten in the fifth inning. Tech iced the game in the seventh with five runs off Don Eddy.

Winning pitcher was Milford Andrews, who left in the seventh after holding Southern to three hits and two runs.

Bobby Shores led Tech's 11-hit attack with a double and a triple, driving in three runs and scoring two.

Tech 001 140 500—11 11 2 Southern 110 000 102—5 7 4

Andrews, Mercer (7), and Phillips; Conley, Hatten (4), Eddy (6), McBay (9) and Tregre, McHenry (9).

Mayfield Fires Record 64 To Lead At Miami Beach

Bob Rosburg 2nd; Thompson, 1st Day Leader, Runs 3rd

By BEN FUNK

MIAMI BEACH, Fla., March 25 (AP)—Sensational putting by blond Shelley Mayfield produced a record-shattering 64 Friday and gave him the second-round lead in the \$12,500 Miami Beach Open Golf Tournament.

Mayfield, a 30-year-old native of Texas who now calls Westbury, L. I., his home, knocked eight strokes off par and one stroke off the competitive record for the Bay-shore Municipal course. The old mark of 65 had stood for many years and been equalled several times.

With his first round 68, Mayfield posted a 36-hole total of 132 to bounce up from eighth place to lead the pack at the halfway point in the tournament. His nearest competitor, young Bob Rosburg of San Francisco, was two strokes in his rear.

Rosburg, who plans to quit the tournament trail and settle down to a peaceful pro job after this year, fired a 68 to go with yesterday's 66 for 134. For a man with a wife and three kids, Rosburg said, the weekly scramble for cash on the golf circuit is "just too tough a way to make a living."

Mayfield, who won at Palm Springs and is seeking his second tournament first prize of the winter tour, dropped in a putt of 25 feet for an eagle and scored four of his birdies with putts ranging from 18 to 50 feet. He was out in 33 and scorched the back stretch with a 31.

The first-day leader, Peter Thomson, the 25-year-old British Open champ from Australia, put a 70 with yesterday's 65 to skid into a third-place tie with Gene Littler, Palm Springs, Calif., at 135. Littler registered a 69 after a first-round 66.

The second round leaders:

Shelley Mayfield, Westbury, L. I., 68-64-132.

Bob Rosburg, San Francisco, 66-68-134.

Peter Thomson, Melbourne, Australia 65-70-135.

Gene Littler, Palm Springs, Calif. 66-69-135.

Sam Snead, White Sulphur Springs, W. Va. 69-67-136.

John Serrano, Fox Hills, Pa. 70-66-136.

John Barnum, Grand Rapids, Mich. 68-68-136.

Bob Inman, Tulsa, Okla. 66-70-136.

Eric Monti, Los Angeles, 69-68-137.

Julius Boros, Mid Pines, N. C. 70-67-137.

Arnold Palmer, Latrobe, Pa. 68-69-137.

Leo Blaggett, Sandusky, Ohio, 69-68-137.

Doug Higgins, Midland, Tex., 69-68-137.

Billy Maxwell, Odessa, Tex., 67-70-137.

W. A. Pagan Jr., West Palm Beach, Fla., 67-71-138.

Gardner Dickinson, St. Andrews, Ill., 69-69-138.

Lew Worsham, Fort Lauderdale, Fla., 70-68-138.

Ed Furgol, St. Louis, 69-69-138.

Wally Ulrich, Rochester, Minn., 69-69-138.

Oklahoma Aggie Ace Signed By Edmonton

EDMONTON, March 25 (AP)—Edmonton of the Western Inter-provincial Football Union announced today the signing of end Ken McCullough, 22, of Oklahoma.

A and M. McCullough, a native of Bartlesville, Okla., is 6 feet, 1 inch tall, weighs 190 pounds and played three seasons with the Aggies of the Missouri Conference.

HUSKY TO GOPHER—Bobby Cox, star sophomore quarterback at the University of Washington, fills out entrance papers at the University of Minnesota where he arrived Thursday seeking to transfer his studies. Cox' move created a furor on the Husky campus in Seattle. Cox said he seeks to enter Minnesota because he was "unhappy" at Washington. (AP Wirephoto)

Westward Ho 1st At Bowie For 4th Time In 5 Starts

By THE ASSOCIATED PRESS

Gaining his fourth victory in a career which includes just five starts, Breekinridge Long's Westward Ho ran the fastest six furlongs of the Bowie meeting yesterday to win the Maryland Day Purse by a head over Wagon Drill.

Three-quarters of a length off the leaders was Amber's Folly, the Derby-Preakness - Belmont nominee making his first start since finishing fifth to Nashua in Hialeah's Flamingo Stakes.

Westward Ho carried 119 and returned a \$4 win mutuel.

L. Schlosser's Bergeruk captured the first running of the \$15,000 added Florida Owners Handicap at Gulfstream Park.

The gray, 4-year-old son of Talon defeated Blue Stone farm's Semitar, the favorite, by a length in 1:50.

Black Record finished third, 4½ lengths away.

Bergeruk, handled ably by Ovie Scurlock, paid \$22, \$7.30 and \$3.40.

After the favorite and second choice had battled most of the way for a lead, J. O. Proulx's Bright Penny came from behind and beat them both in the \$3,000 Putnam Purse at Lincoln Downs.

The 4-year-old gelding scored by a head over the heavy favorite, J. B. Helfrich's Fly Two Day.

Third went to the Dee Bee stable's Alcoa, the second choice. Bright Penny paid \$15.20, \$5.40 and \$3.60.

The schedule of Solunar periods printed below has been taken from John Alden Knight's Solunar tables. Plan your days so that you will be fishing in good territory or hunting in good cover during these times, if you wish to find the best spot that each day has to offer.

Bastrop Downs Mangham Foes By 12-1 Margin

MANGHAM, La., March 25 (Special)—The Bastrop High Rams, defending state triple-A baseball champions, opened their season with a 12-1 win over the Mangham Dragons here this afternoon. Bastrop used four hurlers and Mangham worked two.

Bill Loftin led the Rams' 13-hit assault with a homer, triple and single in five times at bat. Gayle Peck socked a homer and single, and Bob Loftin got two hits for the visitors. J. W. Mercer and Jones got the only Mangham hits, one apiece.

Coach Bob Brasher's Rams will appear in Bastrop Monday night against a Bonita High invasion.

31 Horses Ready Today At Aintree For Steeplechase

AINTREE, England, March 25 (AP)—English-trained Tudor Line was made the betting favorite tonight to break the Irish hold on the Grand National—the world's toughest test for steeplechase horses.

The 109th running of the National goes on tomorrow at the ancient Aintree track near Liverpool, and a field of 31 is expected to start after the late scratch of the highly-regarded Goosander because of a foot infection.

Tudor Line, trained by Bobby Renton at Ripon in Yorkshire and owned by Mrs. E. Truelove, ousted the Irish-trained Early Mist at tonight's betting callover. Tudor line was listed at 7-1, Early Mist 15-2.

However, six of the first 12 in the betting are Irish-trained. Among the best Irish hopes are Early Mist, the 1953 winner, Quare Times, Copp, Carey's Cottage, Mr. Linnett and Royal Tan, last year's winner now owned by Prince Aly Khan.

Rain fell at Aintree today and officials said the turf was likely to be heavy for the exhausting grid over the four miles, 856 yards course with its 30 rugged jumps. With the royal family, one of the world's surest attractions, due to attend the race, a crowd of some 200,000 to 250,000 was expected. More rain, however, would cut the attendance.

The queen, Princess Margaret and Queen Mother Elizabeth will be in the royal box. They'll be rooting for M' As-Tu-Vu, the queen mother's horse, who certainly has a chance.

Tudor Line, beaten a neck by Royal Tan in last year's race, ousted Early Mist tonight as the betting favorite in the final odds callover by Britain's top bookmakers in London.

They made Tudor Line 7-1, while Early Mist remained at 15-2. Royal Tan was 28-1. Irish Lizard, making his fifth national attempt, was listed at 10-1, along with Quare Times.

As usual, however, the odds were expected to fluctuate at the course tomorrow.

This is one of Britain's big betting races. Millions of Englishmen will have a wager on the race, which is scheduled to start at 3:15 p.m. (9:15 a.m. CST). A big money Irish hospital sweepstakes is decided on the result.

O'Connell Due Back In Couple Of Weeks

BRADENTON, Fla., March 25 (AP)—Second baseman Danny O'Connell should be back in the game in a week or two, Milwaukee Braves trainer Dr. Charles Lacks reports.

O'Connell, who wrenched his back in batting practice March 17, was left behind when the Braves broke camp here yesterday, so he can take further diathermy treatments.

Also left behind to work under Coach John Cooney were six rookies who will be assigned to arm clubs around April 1. They are pitchers Bob Giggie, Don McMahon, Bob Trowbridge and Paul Cave, first baseman Frank Torre and second baseman Bob Malkmus.

Pan-Am Standings

MEXICO CITY, March 25 (AP)—Virtually complete unofficial standings of the 22 nations and territories entered in the Pan-American Games:

1—United States 1,434½. 2—Argentina 563½. 3—Mexico 450. 4—Venezuela 153. 5—Chile 150. 6—Brazil 138½. 7—Cuba 131. 8—Canada 109. 9—Colombia 45. 10—Uruguay 42½. 11—Puerto Rico 33½. 12—Dutch West Indies 29½. 13—Guatemala 22. 14—Dominican Republic 20. 15—Jamaica 19. 16—Panama 15. 17—Trinidad 9½. 18—El Salvador 5. 19—Paraguay 4. Haiti, Costa Rica and the Bahamas failed to score.

The unofficial score is based on 10 points for each first place, 5 for second, 4 for third, 3 for fourth, 2 for fifth and 1 for sixth.

East's All-Stars Favored To Beat Western Cagers

NEW YORK, March 25 (AP)

The basketball season ends tomorrow night with All-Americans Tom Gola and Dick Ricketts and 18 other seniors bowing out of the college picture in the East-West All-Star game at Madison Square Garden.

The Easterners—touted as taller, tougher and more talented—are heavily favored to win the ninth annual game, proceeds of which go to the Herald-Tribune Fresh Air Fund. The series stands at four victories apiece.

There are those, in fact, who are predicting an unprecedented runaway for the Easterners, coached by Ken Loeffler of LaSalle. They cite four pretty good reasons: Gola, Ricketts, Maurice Stokes and Ed Conlin.

LaSalle's 6-7 gola, three time all-anything, heads the east with Ricketts, a polished 6-8 operator out of Duquesne, right behind. Stokes is the 6-6, 230-pounder who put St. Francis (Pa.) on the basketball map. Last week he won the most valuable player award in the National Invitational Tournament.

Conlin, a jump-shot specialist, is the shrimp of the lot at 6-5. He played at Fordham. The fifth starter for the East will be Corky Devlin of George Washington, also 6-5.

Burce Drake of Oklahoma, the West coach, has inherited the problem of trying to deal with this pack of point-happy citizens. His solution is this: a little man, a big man and a real big man.

The little man is his own Lester Lane, a 5-10 swiftie. Lane recently scored 23 points in the Kansas City East-West game.

Jack Twyman, who has impressed Drake in workouts, is the big man. He's 6-6 and will probably draw Gola as his defensive assignment. Twyman, of Cincinnati, has shown himself a fine outside shot.

The real big man is 6-10 Don Schlundt, erstwhile Indiana All-America who averaged close to 30 points a game this year. He'll be spelled by Bob McKeen of California, 6-7 and broad-shouldered.

Bob Patterson of Tulsa, a rugged 6-4 and 6-3 Dick Garmaker of Minnesota, will be the fourth and fifth starters for the West.

Louisiana Tech Trips Southern By 11-5 Margin

HATTIESBURG, Miss., March 25 (AP)—Louisiana Tech broke loose in two big innings to bang out an 11-5 victory over Mississippi Southern today.

Tech snapped a 2-2 tie with a four-run, five-hit assault on Billy Ed Hatten in the fifth inning. Tech iced the game in the seventh with five runs off Don Eddy.

Winning pitcher was Milford Andrews, who left in the seventh after holding Southern to three hits and two runs.

Bobby Shores led Tech's 11-hit attack with a double and a triple, driving in three runs and scoring two.

Tech 001 140 500—11 11 2 Southern 110 000 102—5 7 4 Andrews, Mercer (7), and Phillips: Cooley, Hatten (4), Eddy (6), McBay (9) and Tregre, McHenry (9).

Rebels On 20-Hit Spree To Wallop Tigers, 19 To 5

Neville's Causey, West Monroe's Watson Hit Hard

The West Monroe Rebels, displaying powerful hitting, lashed the Neville Tigers with a 20-hit barrage to defeat the Bengals, 19 to 5, here yesterday afternoon in the first meeting of the season between the Twin Cities rivals.

While Wayne Hendricks and Ronnie Gallien were holding the Tigers to nine hits, catcher Richard Watson led the Rebel offense with five hits, one of them a homer, in five times at bat. Watson knocked across six runs.

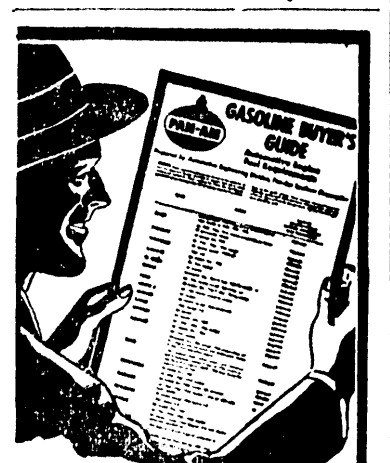

But Wayne Causey, Neville's "old pro" as a holdover from the Tigers' state titled Class A team, had no respect for Rebel pitching. The Neville third baseman was the power hitter of the game with ten total bases on two triples and a home run as he helped account for every Bengal tally with three RBIs and two runs scored. Mickey Merhige, Neville catcher, also homered and doubled and batted in two runs.

"Chubby" Johnston, Richard Harris, and Robert Perkins also did some strong Rebel batting. Johnston had two doubles and two singles for the day, Harris socked a double and two singles, and Perkins tripled, doubled, and singled.

Hendricks worked six innings before turning the mound over to Gallien, a Little League product, for one frame. Terry Reeves also worked six for Neville before Kincaid came in for the final inning. It was West Monroe's second win in as many games. Neville now has won one and lost one.

Canadian, Mexican Stars Spike U.S. Pan-Am Drive

MEXICO CITY, March 25 (AP)—Beth Whittall, an 18-year-old Purdue University sophomore from Montreal, smashed the hopes of the United States' brightest swimming stars today to score a sensational double slam in the Pan-American Games.

The little Canadian girl won the 100 meter butterfly event in a close race with Berry Mullen of Washington, D. C., and then came back with virtually no rest to sweep to victory in the 400 meter women's free style. She set a Pan-American record in the butterfly with 1:16.2.

Miss Whittall's individual performance plus a triumph by Mexico's Eulalia Rios in the men's 200-meter butterfly event put an abrupt halt on this last day of water competition to the United States' heretofore complete domination of the sport.

Uncle Sam's forces had to be content with two of the five championships decided under leaden skies and through intermittent rain at the outdoor swimming stadium.

Olympic champion Jimmy McLane, previously a winner in the 400 meter and 1,500 meter free style events, anchored the U.S. 800 meter freestyle relay team to a record-shattering victory over the Argentinians, winning by a full nine seconds in nine minutes flat.

The U.S. women's 400 meter medley relay team, anchored by 15-year-old Wanda Lee Werner of Bethesda, Md., edged out Canada in a close race which ended the Pan-American swimming competition for the 1955 games.

Miss Werner had to stand off a strong challenge by Canada's Virginia Grant in the final and freestyle leg of the race to bring victory. The time was 5:11.6.

In the men's 800 meter relay, Martin Smith led off for the U. S. and took a lead that was never relinquished. Bill Yorzzyk of Springfield, Mass., and Wayne Moore, former Yale great, added to the margin, giving McLane an easy trip home.

The real duel was between Canada and Argentina for second place, with Argentina winning in the final 50 yards.

Miss Mullen was favored to give the U.S. another gold medal in the 100 meter butterfly, having set the Pan-American record of 1:16.3 in the preliminaries, but Miss Whittall was not to be denied.

Miss Mullen was three-tenths of a second behind at the finish in 1:16.5 with Shelley Mann of Washington, D. C. third in 1:17.7 and Mary Sears, also of Washington, fourth in 1:18.2.

Carolyn Green of Ft. Lauderdale, Fla., was Miss Whittall's closest challenger in the 400 meter free style, finishing a close second. Miss Whittall was timed in 5:32.4 and Miss Green in 5:34.7.

Thair of Santa Clara, Calif., was third in 5:34.9 and Susan Douglas Gray of Washington fourth in 5:36.5.

In the men's 200 meter butterfly, Rios' winning time was 3:39.8. Walter O'Campo of Mexico was second with two U.S. swimmers—Bill Yorzzyk of Springfield, Mass., and John Nelson of the U.S. Army, third and fourth respectively.

Seventy-one teams entered the relays last year, and there were exactly 71 races staged during the affair. Twenty-eight records were broken, and eight were tied.

Referee of the seventeenth annual relays is Randall Kirkland, former track coach at Bossier City High School who guided the Bearcat lineal to three straight class A state championships, three straight Tri-State meet championships and four consecutive championships in classes A and AA at the N.S.C. Relays.

Kirkland, who once amassed a string of 22 consecutive cinder victories at Bossier, is now principal of the Plantation Park Elementary School in Bossier City.

Pirates Will Be Better Ball Club, Vows Haney

By JOE REICHLER
FORT MYERS, Fla., March 25 (AP)—Fred Haney, after two years at the helm of the last place Pittsburgh Pirates, still lives in the future but for the first time, the 58-year-old Californian is optimistic about the present, too.

Now entering his 32nd year of baseball, the aggressive little manager has seen enough of his beardless Buccaneers to predict that his team will be "a great deal stronger than last year" no matter where they finish. He thinks the year of experience gained by the youngsters, the return of shortstop Dick Groat from the service and the addition of several promising rookies has given the club as well as himself a new incentive.

"This is going to be a different year for us," Haney observed as he watched his team engage in infield practice before an exhibition game against the Brooklyn Dodgers. "We've got a few solid ball players for a change. A year ago we had only one man certain of regular employment—Frank Thomas. Now we have at least three, not including the pitchers."

Thomas, the club's best hitter in 1954, will open in center field, of course. Groat, now 24, has picked up where he left off two years ago. He stepped into the starting role at shortstop on June 18, 1952, only three days after graduating from Duke University, and went on to lead the club in batting with .284 and fielded deftly for a freshman. Jack Shepard (.304), Toby Atwell (.289) and returning serviceman Jimmy Mangrove give the Pirates a formidable catching staff.

"You might add Sid Gordon to the list of regulars," added Haney. "Sid was our top hitter last year and I expect him to have another good year whether I use him in the outfield or at third base. He gives you a great job wherever you put him. Sid's a great guy to have on a ball club."

Except for center field (Thomas), left field (Gordon), shortstop (Groat) and catcher and several pitchers, Haney hasn't decided on his starting lineup. A three-way battle is raging at first base among veteran Preston Ward, sophomore Bob Skinner and rookie Dale Long. Gene Freese, a .324 hitter at New Orleans, currently has the edge at second base over holdover Curt Roberts because of his superior stickwork. Haney likes the 20-year-old kid and it is likely he will open the season at second.

"Third base is a problem," said Haney. "George Freese, Gene's older brother, is on the injured list. Lucky for me I got Dick Cole, a fine defensive player who can play second, third or shortstop. Then again, I can always bring in Gordon to play third."

Six candidates are striving for the right field berth. Roberto Clemente, 20-year-old Puerto Rican and Ramon Majias, an unheralded youngster who played in Waco, Texas, last year, appear to be in the forefront. Haney believes Majias is one of the most natural young hitters he has seen in a long time. Others with a chance include Tom Saffell, Earl Smith, Felipe Montemayor and Paul Smith.

"We're willing to sacrifice some defense for hitting power," said Haney. "Last year we left some 1,200 men on bases. We've got to get more hitting or exceptional hitting to make up for that."

Haney is confident his pitching will be much better than last year. Certain starters include southpaws Dick Littlefield (10-11) and Roger Bowman (22-13 at Hollywood) and right-handers Max Surkont (9-18), Bob Friend (7-12), Vernon Law (9-13) and Ronnie Kline (in military service last year). Veteran Ben Wade and rookie Nelson King (16-5 at New Orleans) will handle the relief chores. Among the newcomers, Haney likes Bob Garber (19-8 at Hollywood), Line Dinoso (17-9 at Hollywood), Charles Douglas (27-6 at Brunswick, Ga.) Don Schultz and Roger Sawyer best.

"We're going to be a great deal stronger than we were last year," Haney concluded. "We were strong-

Greatest Relays At Northwestern Expected April 2

NATCHITOCHE, La., March 25 (Special)—Entry blanks have been mailed for the seventeenth annual Northwestern Relays—"the largest all-Louisiana relays"—according to relays Director Walter Ledet.

The five-hour event will be held at the Northwestern State College Stadium April 2. This year's final entry list is expected to excel even last year's which was the largest in the history of the relays.

Ledet emphasized that high school coaches who wish to enter the affair and do not receive entry blanks should contact him as soon as possible.

Prop squads representing classes AAA, AA, A, B, and C from the entire state are scheduled to participate as well as Gulf States Conference colleges.

Last year's winners were Byrd of Shreveport (AA), Jonesboro (Hodge) (A), Plain Dealing (B), Esterwood (C) and Northwestern State (college). Class AAA was not in existence in 1954.

Seventy-one teams entered the relays last year, and there were exactly 71 races staged during the affair. Twenty-eight records were broken, and eight were tied.

Referee of the seventeenth annual relays is Randall Kirkland, former track coach at Bossier City High School who guided the Bearcat lineal to three straight class A state championships, three straight Tri-State meet championships and four consecutive championships in classes A and AA at the N.S.C. Relays.

Kirkland, who once amassed a string of 22 consecutive cinder victories at Bossier, is now principal of the Plantation Park Elementary School in Bossier City.

Baker Decisions Cuban Mederos In Ten-Rounder

NEW YORK, March 25 (AP)—For 10 rounds, Bob Baker, the 28-year-old Pittsburgh heavyweight, tried to measure Julio Mederos, a little known Cuban, for the knockout punch, but in the end had to be content with a unanimous decision tonight in Madison Square Garden. Baker weighed a svelt 209, Mederos 190.

There was no mistaking who won the fight, although there were no knockdowns and each batter got off unscathed. Baker, except for the first round when he probed his man, was on the offensive all the way. Only he never could get in that big punch.

Referee Ruby Goldstein gave it to Baker 9-0 with one even, while judges Artie Adala and Jack Gordon had it 8-1. The Associated Press gave it to Baker 9-1. Mederos got in most of his points with wild rights which sometimes found their mark on the slow-moving Baker, but never hurt him.

Morea Bounces Herb Flam Out Of Net Tourney

MIAMI BEACH, Fla., March 25 (AP)—Enrique Morea, Argentine national champion, entered the semifinals of the Good Neighbor Tennis Tournament today with a hard-fought 10-8, 4-6, 6-2 win over Herbert Flam, Beverly Hills, Calif.

In tennis that frequently touched brilliance, Morea had the advantage over the 11th ranked American with his booming service. Despite this, however, there were seven service breaks in the long first set.

A: the start of the second set, Flam apparently paid more attention to running the tiring South American than to winning points and finally went ahead when he broke Morea's service on the eighth game. Morea fought off three set points before Flam evened the match.

The third set also was noteworthy for service breaks. The first five games going to the receiver. Morea then held his own serves and forced ahead to 5-2.

In the final game there were four match points and nine deuces before Morea finally put away the match with a volley from the net.

Vic Seixas, U. S. singles champion of Philadelphia, defeated Al Harum, captain of the University of Miami tennis team, 6-4, 6-1, to go into the semi-finals. Seixas will meet Art Larsen, San Leandro, Calif., tomorrow, while Morea will go against Tony Trabert, Cincinnati, who with Seixas brought the Davis Cup back from Australia last winter, in the other semi-final.

Doris Hart, Miami, U. S. women's champion, defeated Darlene Hard, Montebello, Calif., in the semi-finals of the women's division 6-2, 6-2. The young California Miss, despite a good net game, was no match in all around play for the Florida girl who held command all the way.

Charles Takes Match With Johnny Arthur

PITTSBURGH, March 25 (AP)—Erzard Charles, former heavyweight champion, will meet Johnny Arthur, Johannesburg, South Africa, in a 10-round fight April 11 at Edmonton (Alberta), Canada, Charles' manager said today.

Arthur was beaten by Don Cockell last year in a 15-round British empire heavyweight title bout. Charles whose home is at Cincinnati, Ohio, won a decision over Charlie Norkus Feb. 18 in New York in his last outing.

Nashua Favored Among 10 Listed For Florida Run

MIAMI, Fla., March 25 (AP)—Ten 3-year-olds were entered today in the \$148,000 Florida Derby to be run at a mile and a furlong before an expected crowd of 35,000 at Gulfstream Park tomorrow.

Belair Stud's Nashua, the 2-year-old champion last year, was even money favorite to win his second \$100,000 purse of the winter. The colt, owned by William Woodward Jr. of New York, won the Flamingo Stakes a month ago.

A surprise absentee from the Florida Derby was Mrs. Dorothy P. Belz Simmy, who was 6 to 1 in the early line. Trainer Tommy Root said simply, "The colt is not ready."

However, only last Saturday Simmy won the final exam at six and a half furlongs in track record time of 1:15 2-5 and tied the world's record for the distance set by Snark in 1937. He had been regarded as a definite starter until the entry box closed.

Nashua, carrying 122 pounds, most of it Jockey Eddie Arcaro, drew the No. 1 post position with his chief rival, Montpelier Farm's Saratoga, also under 122 pounds, getting the outside post, Saratoga, to be ridden by Ted Atkinson, was was 3 to 1, principally on the basis of his second-place finish in the Flamingo.

Third choice at 4 to 1 was the speedy Nance's Lad, owned by H. A. Dabson and C. J. Calthness. Nance's Lad also carrying 122 pounds, will have John Choquette in the saddle.

Fourth choice at 8 to 1 was Hasty House farms' Prince Noor, under 122 pounds with Johnny Adams riding. Prince Noor won the Everglades last month and is one of six horses with which Mr. and Mrs. Allie E. Teuben, Toledo, Ohio, won seven stakes, this winter.

Others entered in the fourth running of the rich race, which guarantees \$100,000 to the winner, are C. F. Morris's Munchausen, Craigwood stable's Craigwood, H. C. Fruehauf's Blue Lem, W. M. Peavey's Jett Flame, Armer-Nail stable's First Cabin and E. H. Wood's Mighty Chief.

HOW TO CHOOSE A POWER MOWER!

- ★ SIZE OF YOUR LAWN**
Determines the size of your mower. Don't take anything less than an 18" mower. CONSIDER THE HORSEPOWER AND NUMBER OF CYCLES IN ENGINE.
- ★ TYPE OF LAWN**
Is it hilly, level, full of trees, shrubs and flower beds? Should you have rotary or reel blades? Gasoline or electric?
- ★ BRAND OF MOWER**
Buy a brand made by a manufacturer with a good reputation and backed by a dependable dealer.
- ★ PRICE**
Cost is important but don't consider price alone. You know price and value are two different things.
- ★ SERVICE**
What seems like a good buy today may be a headache tomorrow without proper service. Shop all over town... investigate thoroughly for the best mower... at the best price and where service is available. That investigation will lead you to Howard Griffin.

Rebels On 20-Hit Spree To Wallop Tigers, 19 To 5

Neville's Causey, West Monroe's Watson Hit Hard

The West Monroe Rebels, displaying powerful hitting, lashed the Neville Tigers with a 20-hit barrage to defeat the Bengals, 19 to 5, here yesterday afternoon in the first meeting of the season between the Twin Cities rivals.

While Wayne Hendricks and Ronnie Gallien were holding the Tigers to nine hits, catcher Richard Watson led the Rebel offense with five hits, one of them a homer, in five times at bat. Watson knocked across six runs.

But Wayne Causey, Neville's "old pro" as a holdover from the Tigers' state titled Class A team, had no respect for Rebel pitching. The Neville third baseman was the power hitter of the game with ten total bases on two triples and a home run as he helped account for every Bengal tally with three RBIs and two runs scored. Mickey Merhige, Neville catcher, also homered and doubled and batted in two runs.

"Chubby" Johnston, Richard Harris, and Robert Perkins also did some strong Rebel batting. Johnston had two doubles and two singles for the day, Harris socked a double and two singles, and Perkins tripped, doubled, and singled.

Hendricks worked six innings before turning the mound over to Gallien, a Little League product, for one frame. Terry Reeves also worked six for Neville before Kincaid came in for the final inning.

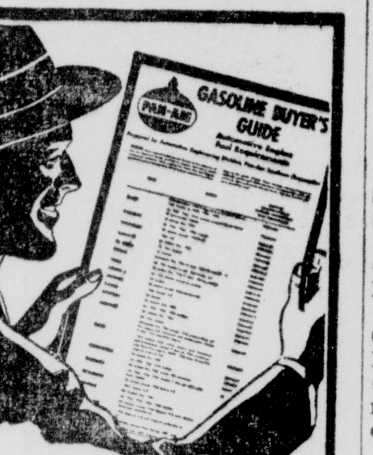

It was West Monroe's second win in as many games. Neville now has won one and lost one.

Canadian, Mexican Stars Spike U.S. Pan-Am Drive

MEXICO CITY, March 25 (AP)—Beth Whittall, an 18-year-old Purdue University sophomore from Montreal, smashed the hopes of the United States' brightest swimming stars today to score a sensational double slam in the Pan-American Games.

The little Canadian girl won the 100 meter butterfly event in a close race with Berry Mullen of Washington, D. C., and then came back with virtually no rest to sweep to victory in the 400 meter women's free style. She set a Pan-American record in the butterfly with 1:16.2.

Miss Whittall's individual performance plus a triumph by Mexico's Eulalia Rios in the men's 200-meter butterfly event put an abrupt halt on this last day of water competition to the United States' heretofore complete domination of the sport.

Uncle Sam's forces had to be content with two of the five championships decided under leaden skies and through intermittent rain at the outdoor swimming stadium.

Olympic champion Jimmy McLane, previously a winner in the 400 meter and 1,500 meter free style events, anchored the U.S. 800 meter freestyle relay team to a record-shattering victory over the Argentines, winning by a full nine seconds in nine minutes flat.

The U.S. women's 400 meter medley relay team, anchored by 15-year-old Wanda Lee Werner of Bethesda, Md., edged out Canada in a close race which ended the Pan-American swimming competition for the 1955 games.

Miss Werner had to stand off a strong challenge by Canada's Virginia Grant in the final and freestyle leg of the race to bring victory. The time was 5:11.6.

In the men's 800 meter relay, Martin Smith led off for the U. S. and took a lead that was never relinquished. Bill Yorzzyk of Springfield, Mass., and Wayne Moore, former Yale great, added to the margin, giving McLane an easy trip home.

The real duel was between Canada and Argentina for second place, with Argentina winning in the final 50 yards.

Miss Mullen was favored to give the U.S. another gold medal in the 100 meter butterfly, having set the Pan-American record of 1:16.3 in the preliminaries, but Miss Whittall was not to be denied.

Miss Mullen was three-tenths of a second behind at the finish in 1:16.5 with Shelley Mann of Washington, D. C. third in 1:17.7 and Mary Sears, also of Washington, fourth in 1:18.2.

Carolyn Green of Ft. Lauderdale, Fla., was Miss Whittall's closest challenger in the 400 meter free style, finishing a close second.

Miss Whittall was timed in 5:32.4 and Miss Green in 5:34.7. Carolyn Tait of Santa Clara, Calif., was third in 5:34.9 and Susan Douglas Gray of Washington fourth in 5:36.5.

In the men's 200 meter butterfly, Rios' winning time was 3:39.8. Walter O'Campo of Mexico was second with two U.S. swimmers—Bill Yorzzyk of Springfield, Mass., and John Nelson of the U.S. Army, third and fourth respectively.

Last year's winners were Byrd of Shreveport (AA), Jonesboro—Hodge (A), Plain Dealing (B), Esterwood (C) and Northwestern State (college). Class AAA was not in existence in 1954.

Seventy-one teams entered the relays last year, and there were exactly 71 races staged during the affair. Twenty-eight records were broken, and eight were tied.

Referee of the seventeenth annual relays is Randall Kirkland, former track coach at Bossier City High School who guided the Bearcat chinchids to three straight class A state championships, three straight Tri-State meet championships and four consecutive championships in classes A and AA at the N.S.C. Relays.

Kirkland, who once amassed a string of 22 consecutive cinder victories at Bossier, is now principal of the Plantation Park Elementary School in Bossier City.

Referee Ruby Goldstein gave it to Baker 9-0 with one even, while judges Artie Aidala and Jack Gordon had it 8-1-1. The Associated Press gave it to Baker 9-1.

Mederos got in most of his points with wild rights which sometimes found their mark on the slow-moving Baker, but never hurt him.

Pirates Will Be Better Ball Club, Vows Haney

By JOE REICHLER
PORT MYERS, Fla., March 25 (AP)—Fred Haney, after two years at the helm of the last place Pittsburgh Pirates, still lives in the future but for the first time, the 58-year-old Californian is optimistic about the present, too.

Now entering his 32nd year of baseball, the aggressive little manager has seen enough of his bearded Buccaneers to predict that his team will be "a great deal stronger" than last year's.

Where they finish, he thinks the year of experience gained by the youngsters, the return of shortstop Dick Groat from the service and the addition of several promising rookies has given the club as well as himself a new incentive.

"This is going to be a different year for us," Haney observed as he watched his team engage in infield practice before an exhibition game against the Brooklyn Dodgers. "We've got a few solid ball players for a change. A year ago we had only one man certain of regular employment — Frank Thomas. Now we have at least three, not including the pitchers."

Thomas, the club's best hitter in 1954, will open in center field, of course. Groat, now 24, has picked up where he left off two years ago. He stepped into the starting role at shortstop on June 19, 1952, only three days after graduating from Duke University, and went on to lead the club in batting with .284 and fielded deftly for a freshman. Jack Shepard (.304), Toby Atwell (.289) and returning serviceman Jimmy Mangrove give the Pirates a formidable catching staff.

"You might add Sid Gordon to the list of regulars," added Haney. "Sid was our top hitter last year and I expect him to have another good year whether I use him in the outfield or at third base. He gives you a great job wherever you put him. Sid's a great guy to have on a ball club."

Except for center field (Thomas), left field (Gordon), shortstop (Groat), catching and several pitchers, Haney hasn't decided on his starting lineup. A three-way battle is raging at first base among veteran Preston Ward, sophomore Bob Skinner and rookie Dale Long. Gene Freese, a 324 hitter at New Orleans, currently has the edge at second base over holdover Curt Roberts because of his superior stickwork. Haney likes the 20-year-old kid and it is likely he will open the season at second.

"Third base is a problem," said Haney. "George Freese, Gene's older brother, is on the injured list. Lucky for me I got Dick Cole, a fine defensive player who can play second, third or shortstop. Then again, I can always bring in Gordon to play third."

Six candidates are striving for the right field berth. Roberto Clemente, 20-year-old Puerto Rican and Ramon Majias, an unheralded youngster who played in Waco, Texas, last year, appear to be in the forefront. Haney believes Majias is one of the most natural young hitters he has seen in a long time. Others with a chance include Tom Saffell, Earl Smith, Felipe Montemayor and Paul Smith.

"We're willing to sacrifice some defense for hitting power," said Haney. "Last year we left some 1,200 men on bases. We've got to get more hitting or exceptional hitting to make up for that."

Haney is confident his pitching will be much better than last year. Certain starters include southpaws Dick Littlefield (10-11) and Roger Bowman (22-13 at Hollywood) and righthanders Max Surkont (9-18), Bob Friend (7-12), Vernon Law (9-13) and Ronnie Kline (in military service last year). Veteran Ben Wade and rookie Nelson King (16-5 at New Orleans) will handle the relief chores. Among the newcomers, Haney likes Bob Garber (19-8 at Denver), Lino Dinoso (17-9 at Hollywood), Charles Douglas (27-6 at Brunswick, Ga.) Don Schultz and Roger Sawyer best.

"We're going to be a great deal stronger than we were last year," Haney concluded. "We were strong—

er last year than we were in 1953 but so was the rest of the league. That's why we couldn't get out of the cellar. Whether we go any place this year depends upon how much the other clubs have improved along with us. But I know this, with what we got, we're going to give some of the others plenty of trouble."

Greatest Relays At Northwestern Expected April 2

NATCHITOCHES, La. March 25 (Special)—Entry blanks have been mailed for the seventeenth annual Northwestern Relays — "the largest all-Louisiana relays" — according to relays Director Walter Ledet.

The five-hour event will be held at the Northwestern State College Stadium April 2. This year's final entry list is expected to excel even last year's which was the largest in the history of the relays.

Ledet emphasized that high school coaches who wish to enter the affair and do not receive entry blanks should contact him as soon as possible.

Prop squads representing classes AAA, AA, A, B, and C from the entire state are scheduled to participate as well as Gulf States Conference colleges.

Last year's winners were Byrd of Shreveport (AA), Jonesboro—Hodge (A), Plain Dealing (B), Esterwood (C) and Northwestern State (college). Class AAA was not in existence in 1954.

Seventy-one teams entered the relays last year, and there were exactly 71 races staged during the affair. Twenty-eight records were broken, and eight were tied.

Referee of the seventeenth annual relays is Randall Kirkland, former track coach at Bossier City High School who guided the Bearcat chinchids to three straight class A state championships, three straight Tri-State meet championships and four consecutive championships in classes A and AA at the N.S.C. Relays.

Kirkland, who once amassed a string of 22 consecutive cinder victories at Bossier, is now principal of the Plantation Park Elementary School in Bossier City.

Referee Ruby Goldstein gave it to Baker 9-0 with one even, while judges Artie Aidala and Jack Gordon had it 8-1-1. The Associated Press gave it to Baker 9-1.

Mederos got in most of his points with wild rights which sometimes found their mark on the slow-moving Baker, but never hurt him.

Charles Takes Match With Johnny Arthur
PITTSBURGH, March 25 (AP)—Ezzard Charles, former heavyweight champion, will meet Johnny Arthur, Johannesburg, South Africa, in a 10-round fight April 11 at Edmonton (Alberta), Canada, Charles' manager said today.

Arthur was beaten by Don Cockell last year in a 15-round British empire heavyweight title bout. Charles whose home is at Cincinnati, Ohio, won a decision over Charlie Norstus Feb. 18 in New York in his last outing.

Charles' manager said today that Arthur, who is 34, is a "good fighter" and that he is "a real contender" for the heavyweight title.

HOW TO CHOOSE A POWER MOWER!

★ SIZE OF YOUR LAWN
Determines the size of your mower. Don't take anything less than an 18" mower. CONSIDER THE HORSEPOWER AND NUMBER OF CYCLES IN ENGINE.

★ TYPE OF LAWN
Is it hilly, level, full of trees, shrubs and flower beds? Should you have rotary or reel blades? Gasoline or electric?

★ BRAND OF MOWER
Buy a brand made by a manufacturer with a good reputation and backed by a dependable dealer.

★ PRICE
Cost is important but don't consider price alone. You know price and value are two different things.

★ SERVICE
What seems like a good buy today may be a headache tomorrow without proper service. Shop all over town... investigate thoroughly for the best mower... at the best price and where service is available. That investigation will lead you to Howard Griffin.

Walter Winchell

Lights Over Broadway

"Dear Walter," writes a Wall Streeter, "several of the top brokers are getting up a plan to stop you from advancing market news on the air. The big idea is to discredit your information and get the people believing that you don't know what you're talking about. Here it is: Every time you mention a company listed on any Exchange Sunday eve—they will have their agents flood the market with sell-orders next a.m. In short, they will sell short. Causing the price of the firm or stock you mention favorably—to drop sharply. . . . Thus hurting

the little guys, who believe in your accuracy and know your excellent record all these years. . . . They would peddle stocks they don't even own—selling short! How about a law or regulation for con artists like that? . . . Tell your listeners and readers not to unload or get worried. They have to hold on for six months, anyhow, to raise a capital-gains profit. The firms you mention are rich and prosperous—so how can investors lose? . . . Glad to hear you say (Sunday night) that the two who 'used' you were turned over to the SEC. Press for criminal action!"

British Beauty Mollie Fennell (of the Latin Quarter Line) becomes Mrs. Louis Gallo on April 2nd at Norwalk, Conn. . . . They say Mollie's Ater and his French wife parted a few months ago) reconciled in Paris. . . . The late Sir Alexander Fleming (discoverer of miracle drug penicillin) left less than \$9,000. He refused to profit by his great discovery for humanity. . . . If this was printed it eluded us: Lady Greer Stanley (daughter of the Stanley—Livingstone explorer?) was married in Vegas Feb. 14th to insurance exec H. Bergette of Paris and here. . . . A well known person (in the Communications field) has admitted participation in a Red spy ring. He will testify soon before the Internal Security Comm. . . . Tenants of a swanky hotel on Central Park South have organized to expel the management. Because "it has not disposed several tenants—involved in the Jelke vice case." . . . One thing about ex-Cal-Gal Pat Ward. She's the only one around B'way who ever remembered the names of the people she borrowed from. . . . Daily Worker Please Copy (and airmail to Red Chinese chiefs): If they are sincere when they say

they are for the welfare of the Little People—then rush home Jack Downey, kin of Morton Downey. . . . Jack is in a prison in China. Not as a spy or soldier. He is a State Dept. employee. . . . His mother Mary is very ill after a serious accident. She is a widow and needs her son now!

Thanks to the CBS, NBC and Mutual networks. . . . Newschief Burgh of the latter said: "How about radio only? We have 565 stations, more than both major nets. . . . We hope to land on Sabbath eve as near to 9 as possible. . . . NBC: How about 8 p. m. Sunday nights? . . . The Colgate Comedy Hour asked pals (months ago) if we'd consider it. . . . We could use the first 15 minutes for news and then do The Old Soft Shoe, etc.

Betty Grable's tee-hee: "I'm 42 and I'd like to see any girl of 25 come up and stand next to me and look as good. (You tell 'em, Ol' Girl, Ol' Girl!) . . . XXXXXXXX. . . . The vogalitt, carries merry-wana in a mustard—jar in her purse. Rolls her own. (Short Cut To Oblivion) . . . Denmark's big song hit is: "There Are Mice in Maren's XXXXXXXX. . . . One of the extras in "Tearhouse of the August" is a PhD, no less. . . . Patience from Robert G. Lewis: "It's funny, but the lowest blows are reserved for the men on top." (Oh, Robert, you tell that to anyone with syndication) . . . Did yez hear that brawl on teeves yesterday (American Youth Forum) between Senators Capehart and Monroney of the Fulbright group? What a show! And what a bombshell about star witness Harvard Economics Professor Galbraith. Capehart produced an article written by Mr. Galbraith (in 1949) in which he spoke highly of the achievements of Communism and signed that it was getting dangerous in the U. S. to speak well of Communism, etc. . . . The front pages are so full of ex-Cal-Gal Pat Ward—you'd think she was playing the Stock Market instead of the Field.

Small Boy Runs Into Moving Car, Slightly Injured

A two-year-old West Monroe Negro boy, who ran into the side of a moving auto yesterday afternoon about 2:50 o'clock at the intersection of Cypress and Lee streets, was reported to have sustained only minor injuries, according to West Monroe Police. Police identified the boy as Roosevelt Clark, of Lee street. Investigating officers stated that the boy and his mother were walking toward Cypress street and were almost at the intersection of Lee and Cypress when the boy darted into the intersection. The boy struck the right hand side of a west bound, 1951 Ford, driven by J. G. Sawyer, 49, of Route 4, West Monroe. The boy was spun around from the impact, officers stated. No charges were filed in connection with the case, police stated. A Mulhearn ambulance took the child to the Memorial Charity Hospital where police said that doctors gave the boy's condition as being "good". He suffered minor bruises on the body, and face, according to hospital authorities. He was released later in the afternoon. Investigating officers were Sgt. Bill Pace and Officer L. G. Smith.

Walter Winchell

Lights Over Broadway

"Dear Walter," writes a Wall Streeter, "several of the top brokers are getting up a plan to stop you from offering advance market news on the air. The big idea is to discredit your information and get the people believing that you Don't Know Nuttin'... Here it is: Every time you mention a company listed on any Exchange Sunday eve—they will have their agents flood the market with sell orders next a.m. In short, they will sell short. Causing the price of the firm or stock you mention favorably—to drop sharply. . . . Thus hurting

the little guys, who believe in your accuracy and know your excellent record all these years. . . . They would peddle stocks they don't even own—selling short! How about a law or regulation for your listeners like that? . . . Tell your listeners and readers not to unload or get worried. They have to hold on for six months, anyhow, to rate a capital-gains profit. The firms you mention are rich and prospering—so how can investors lose? Glad to hear you say (Sunday night) that the two who 'used' you were turned over to the SEC. Press for criminal action."

British Beauty Mollie Fennell (of the Latin Quarter Line) becomes Mrs. Louis Gallo on April 2nd at Norwalk, Conn. . . . They say Mollie's Auer and his French wife (parted a few months ago) reconciled in Paris. . . . The late Sir Alexander Fleming (discoverer of miracle drug penicillin) left less than \$9,000. He refused to profit from his great discovery for human-ity. . . . If this was printed it would be a Lady Greer Stanley (explorer of the Stanley—Livingstone explorer?) was married in Vegas Feb. 14th to insurance exec H. Bergere of Paris and here. . . . A well known person (in the Communications field) has admitted participation in a Red spy ring. He will testify soon before the Internal Security Comm. . . . Tenants of a swanky hotel on Central Park South have organized to expel the management. Because "it has not dispossessed several tenants—involved in the Jelke vice case." . . . One thing about ex-Call-Girl Pat Ward. She's the only one around B'way who ever remembered the names of the people she borrowed from.

Daily Worker Please Copy (and airmail to Red Chinese chiefs) if they are sincere when they say

they are for the welfare of the Little People—then rush home Jack Downey, kin of Morton Downey. . . . Jack is in a prison in China. Not as a spy or soldier. He is a State Dept. employee. . . . His mother Mary is very ill after a serious accident. She is a widow and needs her son now!

Thanks to the CBS, NBC and Mutual networks. . . . Newschief Burgh of the latter said: "How about radio only? We have 565 stations, more than both major nets. . . . We hope to land on Sabbath eve as near to 9 as possible. . . . NBC: How about 8 p. m. Sunday nights? . . . The Colgate Comedy Hour asked pals (months ago) if we'd consider it. . . . We could use the first 15 minutes for news and then do The Old Soft Shoe, etc.

Betty Grable's tee-hee: "I'm 42 and I'd like to see any girl of 25 come up and stand next to me and look as good." (You tell 'em, O' Girl, O' Girl!) . . . XXXXXX-XX, the vogalitz, carries merry-wans in a mustard-jar in her purse. Rolls her own. (Short Cut to Oblivion) . . . Denmark's big song hit is "Maren's XXXXXX" . . . One of the extras in "Tearhouse of the August" is a PhD, no less. . . . Patryck from Robert Q. Lewis: "It's funny, but the lowest blows are reserved for the men on Top." (Oh, Robert, you tell that to anyone with syndication) . . . Did you hear that brawl on teevee yesterday (American Youth Forum) between Senators Capehart and Monroney of the Fulbright group? What a show! And what a bombshell about star witness Harvard Economics Professor Galbraith. Capehart produced an article written by Mr. Galbraith (in 1949) in which he spoke highly of the achievements of Communism and alleged that it was getting dangerous in the U. S. to speak well of Communism, etc. . . . The front pages are so full of ex-Call-Gal Pat Ward—you'd think she was playing the Stock Market instead of the Field.

Small Boy Runs Into Moving Car, Slightly Injured

A two-year-old West Monroe Negro boy, who ran into the side of a moving auto yesterday afternoon about 2:50 o'clock at the intersection of Cypress and Lee streets, was reported to have sustained only minor injuries, according to West Monroe Police.

Police identified the boy as Roosevelt Clark, of Lee street.

Investigating officers stated that the boy and his mother were walking toward Cypress street and were almost at the intersection of Lee and Cypress when the boy darted into the intersection.

The boy struck the right hand side of a west bound, 1951 Ford, driven by J. G. Sawyer, 49, of Route 4, West Monroe. The boy was run around from the impact, officers stated.

No charges were filed in connection with the case, police stated. A Mulhearn ambulance took the child to the Memorial Charity Hospital where police said that doctors gave the boy's condition as being "good."

He suffered minor bruises on the body, and face, according to hospital authorities. He was released later in the afternoon.

Investigating officers were Sgt. Bill Pace and Officer L. G. Smith.

Dope Possession Case Hearing Set Here On April 16

Artie Marshfield will face new charges of possessing narcotics on April 16 in Fourth District Court it was disclosed here yesterday.

Marshfield, was arrested on June 13, 1954, by members of the Ouachita parish sheriff department, Monroe City detectives and Louisiana State Police, and charged with illegal possession of a narcotic, marijuana, and later on charged with selling the narcotic.

Judge Jesse H. Heard set the trial date yesterday in a session of Fourth District Court. This action followed the state's dropping

of the selling charge and filing of an additional possession charge.

Marshfield, who operated a local trailer sales and court business, was taken into custody as he roamed the streets in a Cadillac convertible.

His arrest was the first in a series of such actions in an effort to halt a reported illicit dope transaction in the area.

Mrs. Ivy K. Neal's Services Set Today

FERRIDAY, La., March 25 (Special)—Mrs. Ivy Ketchum Neal, 82, died at her home on Lake St. John early today after a lingering illness.

Born at Rantoul, Ill., on July 30, 1872, she moved to Tallulah in 1907 and resided there until her marriage to the late John D. Neal in 1918, when she became a resident of Lake St. John. Her husband preceded her in death in 1929.

She was a member of the Nathech, Miss., Christian Science Church, where she was once First Reader, and was also a member of the Boston Mother church.

She is survived by a daughter Mrs. Agnes Dowder, Odessa, Tex.; a son, Phillip Neal, Lake St. John; four grandchildren, Phillip and Terry Neal and Rex and David Dowder and a sister—in-law, Miss Pauline Neal, Lake St. John.

Funeral services will be held at 4 p.m. Saturday at Comer Funeral Chapel here with the Rev. Bliss officiating. Interment will follow in the Nathech City Cemetery.

Palbearers will be W. E. Persson, E. W. Vogt, Sr., Sidney Murray, P. H. Farmer, Billy Miller, D. L. Nelson, Sam Johnson and Joe Tasterneck.

Louisville Avenue

Right Turns On Red Lights Approved By Committee

Signs directing motorists to turn right on red after stops will be placed on Louisville avenue soon in keeping with an over-all plan to speed up traffic on the avenue. It was announced yesterday fol-

lowing a meeting of the local Chamber of Commerce traffic parking subcommittee with Monroe city officials and traffic directors.

Citizens Decide On Irving Schools In Voting Today

IRVING, Tex., March 25 (AP)—A school board-superintendent fight that erupted into a teacher strike and a bitter community controversy reaches a showdown tomorrow. Citizens vote whether to abolish the Irving school district. In effect, they'll be deciding whether to back the seven-member school board or the superintendent it fired, Dr. John L. Beard.

Police will patrol the voting site, an elementary school gym. This booming community of 27,000 near Dallas has been torn by civic strife since the board fired balding, 53-year-old Dr. Beard last month. Citizens committees on both sides have been formed, libel suits asking a total of \$350,000 have been filed and at least one fist fight occurred.

Also announced by the groups cooperating in the traffic improvement project were plans to establish special safety zones on Louisville within the next week. Chamber officials estimated that 50 motorists per hour would soon be taking advantage of the right turn on red at each of the nine major intersections between the bridge and North 9th street.

Plans call for the establishment of nine special safety zones between 9th street and the bridge, these designating 50 feet as "neutral or no parking" at intersections where right turns on red are permitted.

At an on-the-spot study conducted on Louisville yesterday, it was proved "that these extra-long zones will make it possible to feed approximately three automobiles adjacent to the curb and give those drivers wishing to turn right a much shorter wait interval." St. Hollan, Chamber of Commerce traffic-parking chairman said.

Most Bond Buyers Now Hold Them Until Maturity

Three out of every four persons now buying U. S. Savings bonds are holding them to maturity, according to Arthur B. Hill, assistant director of the savings bond division of the U. S. treasury.

Hill spoke here last night at a meeting of top local industrial leaders who heard Hill encourage an expanded program of systematic saving among employees. "To be a success in any plant or business," Hill said, "the program must be supported by the top executives of a firm."

Hill said the objective of the treasury department in promoting the sale of savings bonds is to "place the entire national debt (\$176,000,000,000) in the hands of private citizens."

More than 8,500,000 American employees now save in savings bonds on a systematic basis, Hill said.

Hill spoke at a meeting at the Redwood Lounge where L. Slade Brown and the Brown industry intergroup sponsored the meeting. Brown is a member of the Louisiana state payroll savings committee.

Brown lauded the success of the program inside his company. In addition to stimulating thrift among employees, Brown said, the program proved beneficial in cutting down on accidents, absenteeism and relieved economic strain among employees.

In answering a question from Clifford Strauss, a Monroe business executive, Hill pointed out that the payroll savings plan does not conflict with credit unions or other similar employee-sponsored programs. "In fact we have found that in most cases employees who are most active in credit unions, etc. prove to be the most diligent participants in bonds programs," Hill said.

House Democrats Abandon Drive To Cut Income Taxes

WASHINGTON, March 25—UP—House Democrats abandoned their income tax cut drive Friday.

The Senate promptly voted to continue present business and excise taxes exactly as requested by President Eisenhower.

The Democrats warned, however, that they will renew the fight next session—a presidential election year.

The surrender came in a joint congressional conference committee set up to thrash out differences between conflicting tax bills approved by the House and Senate. The House voted a \$20-a-person tax cut next year. The Senate overwhelmingly rejected it.

After a final effort to push through a compromise \$10-a-person reduction, the House negotiators bowed to their senate colleagues.

The measure then was sent to the Senate which quickly passed it by voice vote. The House will act on the bill Tuesday. It is expected to follow the Senate's lead and send the legislation to Mr. Eisenhower for his signature.

The one-two action was a thumping victory for the chief executive who had dubbed the Democratic tax cut plan the "height of fiscal irresponsibility." The present bill merely would extend present corporation and excise taxes on year beyond April 1.

Police will patrol the voting site, an elementary school gym. This booming community of 27,000 near Dallas has been torn by civic strife since the board fired balding, 53-year-old Dr. Beard last month. Citizens committees on both sides have been formed, libel suits asking a total of \$350,000 have been filed and at least one fist fight occurred. Not a day of school has been missed. The board said it fired Beard for repeated failure to cooperate. Later, board president Charles Young—a certified public accountant in Dallas—said Beard's accounting of cafeteria funds did not follow methods of approved book-keeping. Beard charged he was fired because a "political clique" became unhappy after teachers swung some precinct conventions to liberal Democratic candidate Ralph Yarborough in last summer's gubernatorial race. Yarborough lost to Gov. Allan Shivers.

closed at or near their lows, off 7 to 12 points.

The distant months in Liverpool were again weak on uncertainty over an export subsidy. The Liverpool Cotton Association has requested the U.S.D.A. to clarify the policy in this regard. Under Secretary True D. Morse said the department is still standing on its statement of June 11 which said firmly no export subsidy would be put into effect for the 1954-55 marketing season, but added that they will have to reappraise the situation in the near future. Mr. Morse indicated he realized a decision before the end of the marketing year might be desirable since uncertainty as to the U. S. policy could encourage price cutting of other

growths and a decline in American exports in anticipation of a possible subsidy.

In the week ending 3-18 unfixed call sales position increased 9200 bales to 853,200 vs. 1,043,900 a year ago. Unfixed call purchased declined 4900 bales totaling 123,400 against 151,400 last year.

The Senate voted 51 to 39 against increasing the 1955 cotton acreage allotment.

For authorized a \$1,000,000 cotton credit for Israel. Contracting period to March 30 to May 15, final delivery June 15.
